Sir,

I beg to acknowledge the receipt of your letter of the 19th ultimo, and in reply to inform you that the Department expects all entrants to comply strictly with the homestead regulations with regard to the performance of cultivation, but should it be established that the land is difficult and expensive to bring under cultivation by reason of the growth of timber or stony nature of the soil, it would accept an area of cultivation equivalent in cost to the area of cultivation of ordinary prairie land required by the regulations.

When residence is being performed under the clause of the Act which permits residence in the vicinity fifty acres of cultivation is required on the homestead and when the residence duties are being performed on the homestead itself thirty acres of cultivation.

If you are satisfied that you have completed the necessary residence duties and the equivalent of thirty acres of cultivation of ordinary prairie land, you may appear before the Agent of Dominion Lands at Edmonton or the Sub-Agent of your district with two competent witnesses and make formal application for [illegible]. In connection with the Tomahawk Creek Drainage Project, it has been decided to include those portions of Tps. 50,51 and 52, Rge.8, W. 5th Meridian, which lie east of the Pembina River, and parts of Rges. 5, 6 and 7 north of the Saskatchewan River. Please note the reservation of the said lands according to the schedule herewith.

I beg to advise you that reservations placed against homesteaded lands will not affect any rights to which the entrant was entitled at the time of entry; but in the case of cancellation or abandonment such lands will be reserved for reclamation by drainage. For this reason it is requested that, after receipt of this, our notice of reservation, you will not accept from a private individual any application for inspection with a view to cancellation proceedings; provided, however, that if such application shall have been received on a date prior to that of our reservation, then such case shall be dealt with in the usual manner.

On receipt of an application for inspection, you should inform the applicant that his request has been forwarded to Ottawa for consideration, and at once notify the Dominion Lands Branch, which will take the matter up with the Reclamation Service. You will then be notified whether or not such an inspection shall be made, whether the reservation shall be continued and the possible cancellation proceedings be on behalf of the Crown, or whether the land may be released from reservation in favour of proceedings by the individual. In any case a notation of the application might be made, in order that the applicant may be advised should the land subsequently become available.

In the case of certain returned soldiers or others who may have incurred expenses in investigating suitable land within this tract with a view to filing entrance thereon, I beg to inform you that the Reclamation Service will offer no objection to such person or persons being granted the privilege of making entry after the date of our instructions reserving said lands, provided that the said expenses were incurred prior to the date of our reservation.

Please advise me when these reservations have been noted in your records.

Your obedient servant,

Sir,-

S.E. ¼ Sec. 3 Tp. 50 Rge. 7 West 5th Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that an amendment to the Dominion Lands Act has been passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

The above quarter section of land is encumbered by a Dominion lien given as security for a relief advance to Lackey from the Dominion Government in the year 1915 under which there is now outstanding a sum of eighty-seven dollars and eighty cents ($87.80).

The Stony Plain School Division has acquired 2.97 acres approximately for a school site and has made application for a discharge of the lien in as far as it affects this small fraction. The price paid for the property is insignificant and I would recommend that the lien be unconditionally discharged in as far as this fraction is concerned and be retained against the balance of the quarter section.

Re: Account of A. Lackey,
S.E.¼ 3-50-7-W5.

Dear Sir:

During the year 1915 while homesteading the above mentioned land, Mr. A. Lackey received relief as a loan from the Government of Canada. The loan was secured by a lien on the title of the land, of which we understand you are now the registered owner. No doubt you will be interested in settling the debt and having the title of your land cleared. The amount outstanding is $105.00 of which $35.00 is principal and $70.00 is interest.

The Seed Grain Advisory Board was set up by the Government of Canada some years ago to investigate seed grain, fodder and relief accounts and in cases where the amount of the indebtedness is large compared to the value of the land or other circumstances exist, to recommend a reduction of the debt.

You may feel that there are extenuating circumstances in your case. If so, you should write to the undersigned giving full details which will be presented to the Seed Grain Advisory Board for consideration. The Board will then review the account and you will be advised of the minimum settlement required to pay off the lien.

Yours very truly,

C.K. LeCapelain,
Chief, Lands Division.

Re: Account of Abraham Lackey
S.E. 3-50-7-W.5th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1915 relief in the amount of $35.00 was advanced to Abraham Lackey on the security of the above described land. No payment was ever made on this indebtedness until the sum of $35.00 was received when the standing of the account was:-

Principal	Interest	Total
$35.00	$70.00	$105.00

In reply to our recent inquiry concerning the Federal indebtedness charged against this land, Mrs. Jessie Louth, Box 263, [illegible]sper, Alberta, on the17th of February, 1956, wrote as follows:-

"I beg to acknowledge your letter Re. Relief received by my late husband A. Lackey on S.E.¼ 3-50-7-W.5th.

After the death of my husband I endeavoured to carry on the farm operation by myself which I did for a few years, but eventually I had to give it up and rent the land.

For a number of years have been unable to put only a small amount of crop in acct of land too wet resulting in only enough returns to pay the taxes.

Wish you could reduce this indebtedness considerable so that I could manage to wipe off this debt and clear title of this land.

I might say that 1954 & 55 the renter was unable to get one acre of crop in although it was all summer fallowed so I have had to advance money in order to keep the land about 60 acres in a condition so that if it is dry enough in the spring it would be ready to crop.

Trusting you will give this matter every consideration with a view of reducing this debt to the point where I could meet it."

For many years there were crop failures on this quarter-section due to drought.

After negotiations the sum of $35.00 representing the principal has been received in full settlement of our account. In view of the extenuating circumstances this is considered equitable.

Letter Re Lein

a letter I lein standing against my land came as a distinct surprise. I had every reason to believe that that relief had been cancelled in 1928. The quarter is not a good one and I had almost decided to abandon it in the Spring of that year but the Sec-Treasurer of the Municipality told me there was a possibility of having the lein taken off. And advised me to write to the Dept of Lands & Mines and ask them to take it up with the Dept of Lands

which I did. After some time I received a letter from them stating that the Dept at Edmonton had no power to cancel the lein but offered to reduce it to the original amount & and agreed to let me pay it in three yearly payments. In the meantime I had met the Federal member for this constituency Arthur Meighen K.C. and told him about it and he told me he would take it up with the Registrar of Lands as soon as he got back to Ottawa and said he was sure that the lein would be cancelled in fact he said you won't hear any more about it. I wasn't notified of any payment due on any land since that and of the lein was still

(over)

standing the land titles would surely have notified me when I applied for my patent in 1934. Otherwise I would never have taken out a patent. I feel certain that there must be a mistake or else there has been some irregularity on the part of the official who had charge of it in any case I am utterly unable to pay it now

No. 702

EDMONTON.

Dear Sir:-

Re: B. Maluk, N.E.¼- 2- 66- 24- W.4.
Dominion Liens.

In 1918 B. Maluk obtained a relief advance of $65.00 from the Department of the Interior.

He has made no repayment and his indebtedness will amount as at March 31, 1929 to $107.25.

According to the records of the Department of the Interior the only security held for the advance is the above described land, which was the debtor's pre-emption. His entry was cancelled in September 1921, and, on September 29, 1927, Alex. Jamieson obtained homestead entry for the land and assumed liability for the relief advance. He has since communicated with the Department and has expressed his willingness to assume payment of the original liens of $65.00, but has stated that in view of the fact that the taxes and yearly payments on the principal sum of $65.00 would be as much as the land would produce during the next four years, he considers that the interest charges should be waived.

From a detailed valuation of this property, it would appear that it is situated at a distance of twelve and one-half miles from Athabasca, which is the nearest shipping point. While it is near a school, the fact that it is so far distant from a shipping point - that it is practically unimproved, and that the majority of the quarter section would be difficult to clear, while a certain portion of it is muskeg and practically no value, detract considerably from the value of the property as well. I therefore recommend that this

...Application be granted to the extent that he be ...of to pay only the sum of $65.00 in the manner ...ded in the undertaking usually signed now by new ...nts on homesteads against which seed grain, fodder ...relief indebtedness is held.

April 24th, 1929.

Re E.S. ¼ 2-46-24-W. 4th Mer.,
E. Haluk.

The Seed Grain & Relief Adjustment Board, appointed under Order P. C. 2200, hereby recommends that the liens now registered against the E.½ ¼ 2-46-24-W. 4th Mer., for advances made to E. Haluk, be adjusted at the sum of $65.00. That the present entrant for the land be allowed to pay this amount on terms, without interest, and that upon payment of the said sum, the liens be discharged.

The Board submits the report of the Acting Director, Debt Adjustment Act, dated March 1st, 1929, and states in support of the recommendation:-

1. That this land was the pre-emption entry of the original debtor, which was cancelled in the year 1921.

2. That the land remained idle until the fall of 1927, when Alex. Jamieson, secured homestead entry thereto, and agreed to assume liability for the advances registered against the land.

3. That the land is situate in a pioneer homestead country, is practically unimproved, and covered with brush, which will make it both difficult and expensive to clear before the land will be brought into productive use, also that a portion of the quarter section is muskeg which has no value.

4. That the amount which the present entrant has offered to pay will be as much as he can expect to raise for this purpose, in addition to the usual charges for taxes, from this land during the next four year period, and it is desirable that the present entrant be encouraged by accepting the proposed settlement.

It is .....

It is therefore recommended that the liens registered against this quarter section be adjusted at the sum of $65.00. That the present entrant Alex. Jamieson, be permitted to retire this amount in four equal annual instalments of principal, and that no interest be charged against the said amount, if the entrant makes his payments promptly every year, and that when the entrant has settled for the liens as recommended herein, all liens be discharged, and any balances remains unpaid be written off.

I am going to ask you to try and have the lien cancelled entirely as the payment of sixty five dollars would work a hardship on me as the cost of putting buildings fencing brushing and braking and making a living is taking every dollar and more than I can make and really and honestly I am not able to pay out sixty five dollars now.

Taking into consideration that the Government is giving every help and assistance to new settlers from foriegn countries why not give a little assistance to a native born Canadian by removing a burden that is making the going doubly hard with the hardships and privations of homesteading.

Hoping to hear from you soon and trusting that you will make another effort to help a settler who is trying to make good.

Dear Sir:-

Re: NE 2-66-24-4 - Dominion Liens

I beg to inform you that your letter of April 11th, in which you requested further consideration in respect of the Dominion liens registered against this property, was presented by me to the Seed Grain and Relief Adjustment Board at its last meeting, and, after due deliberation, the Board came to the conclusion that they could not recede from the stand previously taken, to the effect that you be called upon to pay $65.00 for the release of these encumbrances.

I was, however, directed to point out that it is not obligatory for you to pay this sum immediately, but that it would have to be paid before you can secure patent to the land. I feel satisfied that if you spread the payment of this amount over a period of three years, the Dominion Government will accept payment on this basis.

Yours very truly,

Upon notifying the applicant of the Board's decision he wrote as per copy of letter dated April 11th, 1929. GENERAL REMARKS: Sir:

I would recommend that the application for grazing lease of Mr. D.A. so many people who want to homestead in this district, that I would recommend that same be posted for entry.

The southeast quarter of these quarters were only cancelled on the 27th instant. Both nonfulfilment of the provisions under the soldiers lands Act. The southeast quarter is apparently still vacant. There is no Homestead Inspector's report in connection with these lands of recent years.

With reference to the liens created by the former entrant in connection with the advances in question it appears that the 1918 Seed Grain lien is given on the security of the South West 23 and the 1919 Seed Grain covers on the security of the S.½ of 23-1-20-W.4.

S.½ of 23-1-20-W.4 - Former entrant's pre-emption which has been re-entered for by one Percy A. Jones of Twin River, Alta., under date of 11th September last as a second homestead entry. He having executed the customary agreement to ensure the Seed Grain liability subject to the usual proviso for adjustment.

Representations for an adjustment are contained in a letter dated 1st instant with from Percy A. Jones who requests that a liberal adjustment be made in view of the fact that the liens are above the market value of the land in the district at the present time.

Percy A. Jones obtained entry as a homestead for the N.W.¼ of 1-4-20-W.4 for which patent issued in his name 21st June 1916; he also holds entry to the N.W.¼ of 1-1-20-W.4 as a pre-emption.

There is no Abstract of Title or homestead Inspector's report of recent years in connection with the South-West quarter.

In connection with his pre-emption the North-West quarter Homestead Inspector Wilson on March 8th last stated that the nature of the soil was chocolate loam, area fit for cultivation 80 acres and that the entrant Percy A. Jones is still in residence; cropped 100 acres which presumably covers both quarter sections.

Our Agent of Dominion Lands at Lethbridge has forwarded to this office your inquiry of the 7th ultimo and in answer I am to advise that in so far as the South East of 23 is concerned, the Adjustment Board of Alberta have recommended that four-sevenths of the amount outstanding on the Crown indebtedness be established as a charge against the South East of 23, and three-sevenths as against the South West of 23. A Memorandum has this day been addressed to Council recommending that approval be given to this report and as soon as the necessary Order-in-Council is passed you will be notified of the amount required as payment from you.

In so far as the North East of 14 is concerned, I may say that the matter of an adjustment is still before the Alberta Board and your brother will be notified as soon as further progress is made.

The Seed Grain Adjustment Board of Alberta, having investigated the indebtedness in this case, recommends that same be apportioned as follows:-Four-sevenths to the S.E.¼ and three-sevenths to the S.W.¼, and that upon payment of the amount allotted to either quarters together with additional interest which may accrue, action be taken to clear title in so far as that particular parcel of land is concerned.

Order-in-Council P. C. #117/1601 was passed on the 22nd of August last authorizing the acceptance of the above recommendation.

The indebtedness at the time of adjustment with interest computed to the 28th of February last, stands as follows:-

Your Ref. D-M-20.

I beg to acknowledge the receipt of your letter of the 3rd instant accompanied by board order No. 14 dated March 27th, 1928, which I am returning herewith in view of the fact that no recommendation is made as to the disposition of the balance remaining after application of the sums recommended to be paid, and also in respect to the non-inclusion of interest under the deferred payment plan as recommended. You will recollect that several instances of this nature have been referred to you for a re-draft of the recommendation overcoming this obstacle.

In view of these circumstances it has been considered advisable to afford the board the opportunity of re-drafting their recommendation in such a way as to provide for the taking up of interest, and also for final disposition of the balances remaining.

RE: Account of Chalmers S. Nash
S½ 23-1-20-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:

In 1918 seed grain amounting to $161.20 was advanced to Chalmers S. Nash on the security of the above mentioned land. No payment has ever been received and the present standing of this account is:-

Principal	Interest	Total
$161.20	$381.46	$542.66

The S½ 23-1-20-W.4th was formerly the homestead and pre-emption entries of the debtor whose entries were cancelled on the 27th of September, 1922. The S.E. ¼ 23-1-20-W.4th was re-entered upon by a Mr. Percy A. Jones to whom patent later issued and there is no record of the liens having ever been registered against the land. The S.W. ¼ 23-1-20-W.4th is still unalienated Crown land held in the right of the Province.

According to an Abstract of Title dated the 7th of February, 1956, the S.E. ¼ 23-1-20-W.4th now stands in the name of Mabel Jones of Twin River (Widow) and John Arthur Horace Jones of Picture Butte (Farmer) both in Alberta, Executors of the will of Percy Alfred Jones (deceased) as such executors, clear of any encumbrance.

As the liens are not registered against the land and there is no further security for our advances, it is recommended that the indebtedness be cancelled.

Dear Sir:

Re: Estate John William Martin
Deceased.

We have interviewed His Honor Judge Jackson regarding the matter of a Bond in this Estate. At the time we represented to the Judge that there were only two debts, one owing the Provincial Treasurer for Seed Grain, the other owing the Canadian Bank of Commerce. His Honor Judge Jackson has stated that if these debts are not large ones, and we will file an Affidavit to that effect, that he will accept your own personal Bond of $500.00. He has also requested us to obtain a letter from the Bank of Commerce to the effect that they are not insisting upon Bondsmen to your administration. We enclose herewith an Affidavit which kindly complete and return at your early convenience. We also enclose a Bond for $500.00 which kindly complete and return.

Yours very truly,

MEMORANDUM:

Mr. Hume.

N.E.¼ 15-1-20, W.4th M.
Area "A".

The Timber and Grazing Lands Branch request to be advised as to whether the above described land may be considered of a class which might be disposed of under the grazing regulations.

While this land was held under pre-emption entry, Inspector Wilcox reporting on the 7th May, 1924, and 18th April, 1925, stated that the area fit for cultivation was 50 acres, whereas in a report dated the 17th November, 1926, he states that the area fit for cultivation is nil.

Inspector Wilcox again reporting on the 20th August last in connection with two applications for a grazing lease, states that the land is not fit for agricultural purposes or homesteading under the Stock Clause of the Regulations and recommends that a twenty-one year lease be granted and that in doing so it will not injure any bona fide established interests in the districts.

Although 50 acres have been reported fit for cultivation it would now appear, from the last report on file, that the land is only suitable for grazing and I would, therefore, suggest that the quarter section be disposed of under the grazing regulations.

Mr. C.K. LeCapelain,

RE: Account of George Martin
N½ 15-1-20-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1915 seed grain and fodder amounting to $186.40 were advanced to George Martin on the security of the above mentioned land. No payment has ever been received and the present standing of this account is:-

Principal	Interest	Total
$186.40	$380.35	$566.75

Patent was issued in the name of George Martin for the N.W. ¼ 15-1-20-W.4th on the 2nd of June, 1916, subject to the liens. The N.E. ¼ 15-1-20-W.4th was formerly the pre-emption entry of the debtor whose entry was cancelled on the 12th of April, 1927, and the land is still unalienated Crown land held in the right of the Province.

In 1927 the N.W. ¼ 15-1-20-W.4th because subject to forfeiture proceedings for nonpayment of arrears of taxes and title has since reverted to the Crown in the right of the Province.

This half section of land is of low assessed value and has never been revenue producing sufficiently to enable the repayment of the liens. In 1926 the homestead inspector in a report stated that the land was unfit for cultivation.

According to an Abstract of Title dated the 2nd of February, 1956, the N.W. ¼ 15-1-20-W.4th still stands in the name of Her Majesty the Queen in the Right of the Province of Alberta, subject to our liens; while the N.E. ¼ 15-1-20-W.4th is shown as unpatented Crown land held in the right of the Province, clear of any encumbrance.

The information obtained indicates that the land is such that it no longer offers any security of value for our liens. Under the circumstances it is recommended that the indebtedness be cancelled and the liens discharged.

Re S.E.¼ 24-21-9-W.4th Mer.
Homestead, G. Klein.

Re S.E.¼ 2-18-5-W.4th Mer.
Homestead, E. O. Thorpe.

All these lands are unpatented.

The entrants are making enquiry and application for loans under the Soldier Settlement Act.

In dealing with the matter although the applications are made to the Soldier Settlement Board and do not particularly effect this Branch it might be pointed out that these are original entries under the Dominion Lands Act and the entrant is not in a position to mortgage his lands without leaving the same liable to cancellation at the discretion of the Minister.

It also appears that unless the entrants comply with the regulations in a faithful manner that the entries would be subject to cancellation proceedings should any person make application for the cancellation of same. In the event of any advances being made to holders of original homesteads, pre-emptions or purchased homesteads, it would seem that legislation would be required placing certain restrictions in the matter of applying for the cancellation of the entries etc., also in reference to giving a mortgage on the lands as security.

The entrants in these cases appear to be returned soldiers and should they be successful in securing a loan and the entry be eventually cancelled, it is altogether unlikely that the Department could again dispose of the land as a homestead subject to the indebtedness of the former entrant for advances made.

Entry granted -28th Sept.,1914,

In his memorandum hereunder Mr. Stafford sets out that all the entrants above referred to applied for a loan under the Soldiers Settlement Act, and raises the question as to whether such entrants could secure such loans without a contravention of the Dominion Lands Act.

It would seem that there should be no objection to this procedure as it would be an indebtedness to the Crown along the lines of a Seed Grain or Relief Lien. Clause 30 of the Dominion Lands Act would indicate that the framers of the said Act had a contingency of this sort in mind and intended to make provision therefor. The clause in question reads as follows:-

"In any case in which any settler "or purchaser is entitled to the issue of letters "patent for any land to which this Act applies, "but the issue of the letters patent is delayed "because of the liability of the settler or pur- "chaser, either as principal or surety upon a "bond to the Crown or to the Minister, or as "mortgagor on a mortgage in favour of the Crown "or of the Minister, for a sum due or payable "in respect of an advance of seed grain, or because "of any other indebtedness to the Crown, the "minister may cause the letters patent to issue "in favour of the settler or purchaser entitled "thereto, and may transmit them to the registrar

J. W. Greenway, Esq.,
Commissioner of Dominion Lands,
Ottawa.

in

"in whose district the land is situate, with
"a certificate signed by him or his deputy,
"or by some other person named by him for the
"purpose, setting forth the particulars of the
"liability or indebtedness, including the
"total amount thereof, with the rate of interest
"to be paid thereon, the names of the persons
"liable or indebted therefor, and the land to
"be charged thereby; and the registrar, when
"registering the letters patent for the land,
"shall make the necessary entries respecting
"the said indebtedness in the proper register
"or other record book in his office, and there-
"after the said indebtedness shall be and remain
"a charge upon the land until satisfied and ex-
"tinguished according to law."

So far as the duties are concerned, all the entrants in question are entitled to count the time spent under enlistment as residence in connection with their various entries, and it would seem probable that in each case the requirements in this particular have been fulfilled.

Under these circumstances, the entrants should only be called upon to complete the required cultivation duties if the conditions in this regard have not already been complied with.

On this point there is no definite information and it would, therefore, seem advisable that a Homestead Inspector should be called upon to visit each parcel with a view to furnishing a report as to what has been done thereon in the way of improvements and cultivation.

With reference to your enquiry SSB. 1502 I beg to inform you that the S.½ 23-1-22-W.4th M. was entered for under homestead and pre-emption entries by George Cousins on the 1st May 1912.

So far the Department has not been advised of an application for patent having been made for these lands, and I am unable to state what duties, if any, have been performed in connection with these entries.

I beg to acknowledge the receipt of your letter of the 5th instant in which you inquire as to whether or not Mrs. Nels Johnson, the widow of the above-named deceased settler, is making any attempt to perform the required duties in connection with the above-described land.

In reply I may say that following the death of the late settler, Mrs. Johnson proposed to complete the necessary duties and to apply for patent. According to more recent reports, however, she found it impossible to perform the duties and she decided to abandon the land. On the 4th of August, 1922, Mrs. Johnson executed a Quit Claim Deed in favour of the Board.

I trust that the foregoing information is sufficient for your purposes.

However, you do not state whether it is your intention to claim patent for the land by Vesting Order and in order to bring the matter to a head I would ask for a statement.

There is also the question of payment of the instalments of principal and interest in connection with the pre-emption requiring your attention.

Dear Sir:

Re- Mrs. Mary Johnson.
(Widow and Administratrix)
(of George Collins, deceased).

The above named deceased in his lifetime filed on the S. [illegible] of 25-1-22 W. 4th Mer. as a homestead and pre-emption.

His widow and the Administratrix of the Estate, Mrs. Mary Johnson, is now desirous of converting the pre-emption entry into a soldier grant, but before taking any steps in this direction, wishes to ascertain if the Department would require any further duties to be performed to entitle her to patent for the soldier grant.

Will you please advise this office as to exactly what further duties would be required of Mrs. Johnson in the event of her applying for the conversion of the pre-emption into a soldier grant and at the same time please also state whether all the duties in connection with the homestead have been completed and whether application for the patent for the homestead has been made.

In reply to your letter of the 13th instant, I beg to advise you that the duties required on the homestead entry of a deceased soldier settler, who has sufficient time to his credit while on Active Service overseas to count as residence, is thirty acres of breaking, 20 of which must be cropped or prepared for crop.

I am not aware what breaking is on the above land at the present time, as the last report received from an Inspector attached to this office is dated 15th April, 1918, at which time there was 20 acres of breaking on the homestead.

With reference to the question as to what further duties would be required in the event of Mrs. Johnson applying for the conversion of the pre-emption into a Soldier Grant, I beg to advise you that I am forwarding your communication to the Department at Ottawa, and you will be further advised in due course.

I am in receipt of your letter of the 4th instant in connection with the widow of the above named deceased soldier settler, and requesting to be advised as to the present position of this case.

The last information which we have on file indicates that the widow has at last decided to get busy and complete the cultivation duties necessary for the earning of patent. In this case, the Board did not make application for Vesting Order as we desired to give the widow every opportunity of going ahead and earning patent to the property so that she would not lose her equity therein. It is her intention to carry out the duties this Spring.

Sir,

Re South half 23-1-22, W.4th M.,
Homestead and pre-emption -
George Cousins (deceased).

I am to acknowledge your letter of the 20th February last, making application for details in regard to this case, in your capacity as Official Guardian for the Province, and in reply to say the late George Cousins, although a member of the Canadian Expeditionary Force, was not killed on active service, but died on or about the 2nd December, 1918, on his farm, the said homestead and pre-emption, according to Letters of Administration issued on the 6th June, 1919, out of the District Court of the District of Lethbridge in favour of his widow, Mary Cousins, now Mrs. Nels Johnson of Cadoman, Alberta.

In this connection I may add that according to a report from the Board of Pension Commissioners for Canada the death of Mr. Cousins, which was due to heart failure, is not attributable to military service.

Furthermore, the late Mr. Cousins was granted a loan by the Soldier Settlement Board in consequence of which a charge has been created against the land under the provisions of the Soldier Settlement Act. Mrs. Johnson has assumed responsibility apparently for payment of the indebtedness and the Board has made arrangements to enable her to proceed with the fulfilment of the requirements. However, should Mrs. Johnson default in her undertaking, the Board would be entitled under its legislation to claim the land under the salvage regulations, subject to payment to the Department of the purchase price with accrued interest, due in connection with the pre-emption, and apply for patent for the half-section by Vesting Order.

Mr. Hume:

S.E.¼ 23-1-22-W.4th M.
Homestead - George Cousins (deceased)
Entry granted 1st May, 1912.

Application to have patent for this land vested in the Soldier Settlement Board under Section 27 of the Soldier Settlement Act, 1919, Chapter 71, 9-10, Geo.V. (Salvage Case).

This entrant has obtained advances on the security of the above land from the Soldier Settlement Board.

Amount:- $815.50
Purpose:- For stock, equipment and permanent improvements.

In a memorandum hereunder dated the 13th instant, the Board reports that after establishment the settler died and Letters of Administration were granted to his widow. She carried on until the spring of 1922, when she decided to discontinue farming operations. Under the circumstances the Board instituted adjustment proceedings and the agreements were rescinded pursuant to a Quit Claim Deed executed on the 4th August, 1922. Since then the Board has made repeated endeavours to have Mrs. Cousins complete the duties to earn patent so that her equity might be protected but without success.

The land in question being "charged land" within the meaning of Section 27 of the Soldier Settlement Act and the settler being in default with respect to the agreement made with the Board, it is requested that the right, title and interest of the settler in the above land be forfeited, and that same be vested in the Board. A Vesting Order for the Minister's signature is attached.

It is suggested that the necessary action be taken to have patent for this land issue in the name of the Board.

Pre-emption - George Cousins (deceased).
Your file - 3-240.

The above named settler secured a loan from your Board and as his widow decided to discontinue farming operations, you secured a Vesting Order vesting the homestead quarter section, the South West quarter of Section 23, Township 1, Range 22, West of the 4th Meridian in the name of the Board, the entry being treated as a salvage case.

The loan which the entrant secured is still charged against the pre-emption quarter section and as the entry is in default with regard to the payment of the purchase price, it would be liable to the institution of cancellation proceedings were it not for this charge. If it is desired to have this quarter section vested in the name of the Board, it will be necessary to make payment in full of the purchase price.

In view of the above circumstances, will you please state whether the Board intends to pay for the above land or if the charge against same will be withdrawn so that cancellation proceedings may be instituted against the entry.

S.W.¼ 23-1-22 W.4th M.
Preemption - George Cousins, deceased.
Date of entry - 1st May, 1912.
Cancellation proceedings outstanding.
Homestead patented - 25th June, 1924,
to the Soldier Settlement Board.
(Salvage Case)

Advice was received from the Soldier Settlement Board, 22nd September, 1924, that the charge registered against the above entry should be withdrawn as the Board had realized their full indebtedness from the sale of the appurtenant homestead.

Proceedings were commenced against the entry for failure to make application for patent, 15th October, 1924. No defence has been filed.

The amount due on the purchase price with interest to the 1st November, 1924, is $708.45.

In view of the sale of the appurtenant homestead by the Soldier Settlement Board and of Inspector Wilcox's report of the 12th May, 1924, that the improvements on the land consisted of a house, value $100.00 and 15 acres of cultivation, no value, it would appear that the estate of the deceased entrant does not intend to proceed with the duties necessary to earn title.

The entry is in default and I suggest cancellation forthwith notwithstanding the winter protection now in force. If the entry is cancelled I assume Mr. Scott should make a note of the land, as according to the Inspector, 100 acres of the quarter section is fit for cultivation.

Pre-emption - Geo. Cousins (deceased).
Your ref. No. 83868.

A communication has now been received in the Department from the Soldier Settlement Board with reference to the above described quarter-section, the pre-emption entry of the late George Cousins, stating that the Board have realized their full indebtedness from the sale of this settler's patented homestead.

Under the circumstances they do not require his pre-emption as security and have authorized the withdrawal of the charge against this land. You may therefore withdraw the charge in your records and institute cancellation proceedings against this entry under Section 27 of the Dominion Lands Act.

Your obedient servant,

The Agent of Dominion Lands,

IMPROVEMENTS.

It is claimed that there are improvements worth $.....on the land. It will be necessary for you to declare what improvements, if any, there are, and pay the full amount of your valuation to the Agent or Sub-agent.

If a surplus has been paid, the excess amount may be refunded. If insufficient has been paid, you must at once pay the difference, otherwise your entry may be cancelled.

Sir,

Re N.½ 20, 1, 22, W4th Mer.

In reply to your letter of the 24th instant, I beg to advise you that as your residence duties have been performed by residing with your father in the vicinity, it is necessary for you to have at least 50 acres of breaking upon your homestead, 30 of which must have been seeded to crop, before you will be in a position to successfully make application for patent. Your entry therefore, is liable for cancellation as your cultivation duties would appear to be in default, and as you only resided with your father from the 14th September, 1916 to the 30th of August 1918, you have not completed six months residence in each of three years, and if you desire to retain your entry for this land it will be necessary for you to comply with the regulations.

MEMORANDUM:

Mr. Hume,

N.W.¼ of 20-1-22,W.4th M.
Pre-emption, C.C.Miller.
Entry, 14th September, 1916.

Cancellation proceedings outstanding against this entry since August 2nd, 1918.

This man made application for patent for his pre-emption on the 28th of September, 1920 but as his residence duties have been performed in the vicinity he was advised that it would be necessary for him to put in a term of six months residence either on his homestead or pre-emption and crop an area of not less than thirty acres in the season of 1921.

In March, 1923, he furnished a statement that he had put in six months residence on his pre-emption in 1921. He was told that if he had not performed any residence on his pre-emption since the end of August, 1921, his entry was again in default in regard to the residence and it would be necessary for him to go into residence on the pre-emption and put in six months and also crop not less than thirty acres.

On the 17th of August, 1923, he furnished a statement in which he claimed that he resided on the North half of Section 20,Township 1, Range 2, West of the 4th Meridian, in 1922, May, June, and July and he was informed that it would be necessary for him to put in three months residence dating from the 1st of August, 1922. No further word has been received from the homesteader.

A report has been received from Inspector Wilcox dated the 13th ultimo in which he gave improvements on the pre-emption;

½ mile fencing, $25.00.
15 acres broken, no value.

General remarks:

"Mr.C.C.Miller is residing at Cardston. His father said that he has quit his land and wants to abandon his pre-emption. I would recommend that his pre-emption be cancelled."

In view of the Inspector's report, I would recommend that the entry be cancelled.

In 1915 this Department made the following advances to Ralph M. Talbot -

Seed Grain	$37.80
Fodder	40.00
Relief	35.15

The liens take priority over all other liens, taxes, charges or other encumbrances. The Act provides for their registration against title to all lands then standing in his name, or subsequently acquired. No payment has been made in connection with this indebtedness. The account with interest computed to the 31st December, 1944, stands as follows -

Principal	Interest	Total.
$112.95	$165.95	$278.50

The President of the Cardston Investment Company Limited, writing under date of the 17th ultimo, stated -

"Clouding two titles of Mr. Talbot's is an old seed grain lien Ralph Talbot to Crown filed 2:29 p.m. 27th December, 1915, as 6829BL. Would you please advise the Registrar, Land Titles Office, Calgary. (over)

"to remove these liens as they undoubtedly have been satisfied many years ago. Your prompt reply will be appreciated."

Re: Account of Ralph Talbot,
Nº 19-1-22-W4.

Dear Sir:

During the year 1915 while homesteading the above mentioned land, Mr. Ralph Talbot received seed grain, fodder and relief as a loan from the Government of Canada. The loan was secured by a lien on the title of the land of which we understand you are now the registered owner. No doubt you will be interested in settling the debt and having the title of your land cleared. The amount outstanding is $341.54 of which $112.35 is principal and $229.19 is interest.

The Seed Grain Advisory Board was set up by the Government of Canada some years ago to investigate seed grain, fodder and relief accounts and in cases where the amount of the indebtedness is large compared to the value of the land or other circumstances exist, to recommend a reduction of the debt.

You may feel that there are extenuating circumstances in your case. If so, you should write to the undersigned giving full details which will be presented to the Seed Grain Advisory Board for consideration. The Board will then review the account and you will be advised of the minimum settlement required to pay off the liens.

Yours very truly,

C.K. LeCapelain,
Chief, Lands Division.

Re: N½ 19-1-22-W.4th

We wish to thank you for your letter of the 10th of April, 1956, informing us that you delivered two wagon loads of wheat to the elevator in Walford, Alberta in 1917 to pay off the 1915 Federal account. There is no evidence on our file to show that you were ever credited with the value of this wheat. As a matter of fact, on the 29th of May, 1928, Mr. J. M. Martin who was the Acting Commissioner of Dominion Lands wrote as follows:-

> "Our Agent of Dominion Lands at Lethbridge has forwarded to this office your communication addressed to him on the 2nd instant, and in this connection I would advise there is no evidence in this office that Mr. Talbot has remitted payment to the credit of his Seed Grain indebtedness either directly or indirectly."

However, you have stated that you would like to get this account settled and we assume that you are willing to make a payment on this indebtedness. In order to help you to do this, if you will remit the principal amount of $112.35 within a reasonable time, it will be recommended to the Seed Grain Advisory Board that the accrued interest of $229.19 be cancelled.

Your cheque or money order should be made payable to the Receiver General of Canada and forwarded in care of the undersigned.

Re: Account of Ralph M. Talbot
NW 19-1-22-W4

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:

In 1915 seed grain, fodder and relief amounting to $112.35 were advanced to Ralph Talbot on the security of the NW 19-1-22-W4 and later the liens became attached to the NE 19-1-22-W4. No payment was ever made on this indebtedness until the sum of $112.35 was received when the standing of the account was;

Principal	Interest	Total
$112.35	$234.81	$347.16

In reply to our enquiry concerning the Federal indebtedness charged against this land, Mr. Ralph M. Talbot, Del Bonita, Alberta, on the 10th April, 1956 wrote;

> " In reply to reverse side of letter will say that I delivered 2 wagon loads of Barley about 120 bus. to the A.P. elavator in Walford Alta. in your name in 1917 and as to the price per Bus1. I do not remember. But I would like very much to get my land cleared up as I am not a young man any more and I have asma and I would like to get my affairs fixed up. I will be waiting a reply as soon as you can"

This half-section of land is only fair in quality; but Mr. Talbot has offered to pay the principal of the indebtedness.

The sum of $112.35 representing the principal has been received in full settlement of our account. Under the circumstances this is considered equitable.

Re: Account of Sam N. Obray
S.W.¼ 2-1-20-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1915 seed grain and fodder amounting to $231.10 were advanced to Sam N. Obray on the security of the above mentioned land. Payments of $42.00 and $241.40 were received in 1917 and 1945, respectively, and applied to the principal and interest. The present standing of this account is:-

Principal	Interest	Total
$198.02	$156.39	$354.41

The S.W.¼ 2-1-20-W.4th was formerly the homestead entry of the debtor on which security the 1915 advance of seed grain and relief were obtained.

According to an Abstract of Title dated the 25th of January, 1956, this quarter-section of land now stands in the name of a Mr. Ralph Charles Tolley of Milk River, Alberta, clear of any Federal encumbrance.

As the liens are not registered against the land and there is no further security for the advances, it is recommended that the balance of the indebtedness be cancelled.

W. J. Taylor.

Re: W.½ 16-31-16 W.4th M.

Kindly refer to the communication from the Agent of Dominion Lands, Calgary, of the 24th ultimo accompanied by a sworn declaration executed by one Samuel George Martin wherein it is claimed that title to the above described half-section should not be encumbered by Seed Grain, Fodder and Relief Liens in the amounts of $44.40, $82.00 and $60.00.

In this regards the records indicate that in 1915 the Department advanced to one George Martin Seed Grain, Fodder and Relief for the above stated amounts on the security of the W.½ 15-1-20 W.4th M. but on comparing the signature of the liense with that of the declarant there is no doubt that they are not one and the same party. It is therefore presumed the the encumbrances in question were effected through similarity in names.

The matter is therefore referred to you for further action.

Re W.½ 16-31-16-W. 4th Mer.

I beg to inform you that the Agent of Dominion Lands, Calgary, has forwarded here on behalf of Mr. D. L. Sloan of Craigmyle, Alberta, a declaration made by Samuel George Martin, Abbotsford, British Columbia, in regard to liens for $44.40, $82.00 and $60.00, respectively, alleged to be wrongfully clouding the title to the above described land, and to say the records here show that these liens were given by one George Martin on the security of the N.½ 15-1-20-W. 4th Mer., and should not cloud the title to the first above described land.

You are, therefore, hereby authorised and requested to remove from the title to the said the W.½ 16-31-16-W. 4th Mer., the liens in question for $44.40, $82.00 and $60.00, respectively, registered against it.

RE: Account of George Martin
N½ 15-1-20-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1915 seed grain and fodder amounting to $186.40 were advanced to George Martin on the security of the above mentioned land. No payment has ever been received and the present standing of this account is:-

Principal	Interest	Total
$186.40	$380.35	$566.75

Patent was issued in the name of George Martin for the N.W. ¼ 15-1-20-W.4th on the 2nd of June, 1916, subject to the liens. The N.E. ¼ 15-1-20-W.4th was formerly the pre-emption entry of the debtor whose entry was cancelled on the 12th of April, 1927, and the land is still unalienated Crown land held in the right of the Province.

In 1927 the N.W. ¼ 15-1-20-W.4th because subject to forfeiture proceedings for nonpayment of arrears of taxes and title has since reverted to the Crown in the right of the Province.

This half section of land is of low assessed value and has never been revenue producing sufficiently to enable the repayment of the liens. In 1926 the homestead inspector in a report stated that the land was unfit for cultivation.

According to an Abstract of Title dated the 2nd of February, 1956, the N.W. ¼ 15-1-20-W.4th still stands in the name of Her Majesty the Queen in the Right of the Province of Alberta, subject to our liens; while the N.E. ¼ 15-1-20-W.4th is shown as unpatented Crown land held in the right of the Province, clear of any encumbrance.

The information obtained indicates that the land is such that it no longer offers any security of value for our liens. Under the circumstances it is recommended that the indebtedness be cancelled and the liens discharged.

General Remarks Continued:—

This man left the district in 1921, and is now at Enfield, Maine, U.S.A.

Mr. R. E. McMullen states that he paid this to John Naismith who was at that time (about 1917) clerking in the Post Office and Sub-agenc of Dominion Lands at Oyen. He would not care to take an affidavit to this and if paid the receipt is lost. Would suggest writing to Mr. Russell and making a search of the records.

There were 80 acres broken on this quarter but no crop in this year and grown up to Russian Thistle. House 24 x 24, including leanto, worth $500, stable of no value.

Dear Sir:

RE: WILLIAM FRANCIS RUSSELL,
Pt. N.½ of 1-10-22-W.4th M.

Upon obtaining Title recently for the above land, Mr. Russell finds registered against the Title the following Seed Grain Lien:

Wm.F.Russell to Crown $60.75, Int.
5 PC 2.31 M. 27 Dec. 1916 ...7641 B.O.

In the first place this Lien evidently belongs to a different William F. Russell, as Mr. Russell tells me that he was not in the Province of Alberta at that time.

However, we understand that all these old Seed Grain Liens were written off years ago.

We shall be glad if you will remove this Lien from the Title and notify us to that effect.

Thanking you, we are,

Yours truly,

Re: N.½ 1-10-22 W. 4th Mer.
William Francis Russell

This will acknowledge your letter of April 23rd, 1948, advising us that there is a Federal lien in the amount of $62.75 registered, in error, against the above half section.

It would appear from our records that this lien was originally given by one William Francis Russell on the S.W. 16-24-4 W. 4th Mer. for an advance of seed grain in 1915. If Mr. Russell, the original lienee, has ever had an interest in the N.½ 1-10-22 W. 4th Mer. the lien was a proper charge. If the original lienee has never been the registered owner of this half section, will you kindly supply us with an affidavit to this effect in order that we may have the Registrar remove this lien from the title to the N.½ 1-10-22 W. 4th Mer.

Yours very truly,

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1915 seed grain amounting to $60.75 was advanced to Wm. F. Russell on the security of the above mentioned land. No payment has ever been received and the present standing of this account is:-

Principal	Interest	Total
$60.75	$124.57	$185.32

Patent was issued in the name of William Francis Russell for the S.W.¼ 16-24-4-W.4th on the 14th of July, 1915.

According to an Abstract of Title dated the 17th of February, 1956, this quarter-section of land now stands in the name of Her Majesty the Queen in the Right of the Province of Alberta, as represented by The Minister of Municipal Affairs, clear of any encumbrance.

As the lien is not registered against the land and there is no further security for our advance, it is recommended that the indebtedness be cancelled.

The Secretary-Treasurer of the Municipal District of Burlington #34 has informed me that he requested you to advise him whether there were any seed grain, fodder and relief advances in connection with the above described land, and that you informed him that there were none, by a letter dated April 11th 1929.

Accordingly he did not search the title and presuming that there were no Crown liens, sold the property upon issue of the title to the transferee. There appear Crown liens for the indebtedness by Martin Meer.

In the circumstances the Secretary-Treasurer requests an adjustment. I shall be glad, therefore, if you will forward me the usual statement of your claim.

Your file 2686390.

I have received your letter of November 27th, 1929.

I would advise you that title to the W½ 3-5-12-4 is encumbered by liens for $378.85, $317.75, $378.85, $202.40 and $115.35 in respect to advances by your Department to Martin Meer. By examination of the Seed Grain register I find that Martin Meer received these advances on the Security of the N½ 27-4-12-4. He became registered owner of the W½ 3-5-12-4 on August 16th, 1912, so that the liens presumably form the correct charge on that property.

In the circumstances will you kindly send me a statement of Mr. Meer's indebtedness, or if you so desire issue an immediate withdrawal of the liens from title to the W½ 3-5-12-4.

E.½.27-4-12 W.4th M.

This is the homestead of Martin Meer, patented in his name on the 21st April, 1913. In a report dated the 8th June, 1927, our inspector stated that this quarter had been sold to John Hill on crop payments, and that there was on the homestead a house, $250.00, stable, $500.00, granary, $150.00, well, $75.00, other buildings, $25.00. Mr. Meer's address was New Westminster, B.C., but is now Seattle, Wash.

N.W.27-4-12 W.4th M.

This is the pre-emption of Martin Meer, on which there is owing $578.94 to complete payment of the purchase price as on the 1st November, 1929. It is described as chocolate loam with clay subsoil, 150 acres fit for cultivation, 3 acres lake, improvements, fencing, $15.00, 130 acres broken (1927). This quarter also was sold by Mr. Meer to John Hill. In explanation, Mr. Meer stated he had become disabled and sold the farm in good faith believing that he had the right to do so. A payment of $150.00 was made on account of the purchase price of this land on the 15th February, 1929.

W.½ 3-5-12 W.4th M.

This half section was patented to Joseph Snowden on the 22nd June, 1912. Martin Meer claimed ownership of same at the time he secured seed grain, part of which was to be used on this land. There is no information relative to the half section on file.

An application for adjustment has been received. Ref.D-D&-34-M-62.

Of these payments a certain portion was applied in settlement of the purchase price of N.W. 27- 4- 12- W.4th while the balance was applied on account of the seed grain, fodder and relief liens. Your files 2686390- 2053127- 2048075.

In reply to your letter of April 16, 1930, I would advise you that the monies to which I referred in my letter of March 21st, 1930, were not collected from the Municipal District of Burlington No.34, but were paid either by the original debtor Martin Meer, or by some one on his behalf, to the Agent of Dominion lands at Lethbridge.

Mr. Reynar, Secretary-Treasurer of the Municipal District was informed personally by the person who made the payment that a portion of the payment was applied in liquidation of the purchase price of the N.W.¼- 27-4-12-4, and that there was a further payment of about $175.00, which was to be applied on account of the seed grain liens.

What I require is a statement amending that supplied on December 27th, 1929, and showing the application of any payment on account of the seed grain, fodder and relief indebtedness of Martin Meer, which has been made since that statement was rendered.

October 22nd, 1930.

E. J. Fream, Esq.,

Dear Sir:-

Re Martin Meer,
N.W.¼, 3-5-12-W. 4th Mer.,
S.W.¼, 3-5-12-W. 4th Mer.,
E. ½, 27-4-12-W. 4th Mer.
Dominion Liens.

Martin Meer obtained Seed Grain and Relief Advances from the Dominion Government in respect of which there appears an outstanding unpaid balance as,

Principal $378.85
Interest to Jan. 31st, 1930, ... 146.83

Total .....$525.68.

As security for the advances liens were registered on title to the N.E.¼, 27-4-12-W. 4th Mer., which was the debtor's patented homestead, and they also constitute a charge against the N.W.¼, 27-4-12-W. 4th Mer., which land was at the time of issue, the debtor's unpatented pre-emption.

The liens were also registered on title to the N.W.¼, and S.W. ¼, 3-5-12-W. 4th Mer., which land the debtor had purchased several years prior to the date of the advances.

The debtor in 1915 and 1917 made re-payments in the total amount of $336.20.

Mr. Meer became physically disabled and was unable to continue farming operations and he sold the E. ½, 27-4-12-W. 4th Mer., to Mrs. Robert Linderman, and the purchaser assumed the Seed Grain and Relief indebtedness. At the time he sold the land Meer had not yet obtained patent to the N.W.¼, 27-4-12-W. 4th Mer., but under the circumstances he was allowed by the Department of the Interior to complete the sale, and the purchase monies were paid, first to the Department of the Interior, to satisfy the unpaid balance of the pre-emption dues. The balance of the cash payment was applied to

the .....

to the credit of the Dominion Liens. This balance was in the sum of $136.05.

The Sale Agreement required that the deferred payments shall be applied to the credit of the Dominion Liens, until these liens are paid in full before any money is paid to Meer as Vendor. There is ample security for the Dominion Claim, and there is no doubt but that it will be fully satisfied from the proceeds of the sale of this half section.

Re N.W.¼, 3-5-12-W. 4th Mer.

This land passed through Tax Recovery Act Procedure, and in 1929, the Municipal District sold this property for a sum just sufficient to cover the arrears of Taxes charged against the property.

The Municipal District sold this land under the terms of the 1929 Tax Recovery Act, and the procedure under this act does not require that title issue directly to the Municipal District, but that after complying with the terms of the Act a direct transfer can be made to the purchaser.

In order to safe-guard himself the Secretary Treasurer wrote the Department of the Interior at Ottawa, and requested a statement as to whether or not there were any Dominion charges against this land. The Department of the Interior advised the Secretary Treasurer quite definitely that the Dominion Government had no record of any outstanding account for Federal Seed Grain, Fodder or Relief Advances in connection with the land described above. Being in possession of definite information the Secretary completed the negotiations of the sale of the property and applied the proceeds of sale to the various tax arrears charged against the property. There was no surplus.

When the purchaser received title to the land there appeared on title the Crown Liens which were registered as security for Meer's Federal Advances, and as the Municipal District are required to deliver clear title, the Secretary Treasurer has requested that the Crown liens registered on title to this land be discharged.

Because of the fact that the Municipal District acted in all good faith in disposing of this property, and as they were, without doubt misinformed, I am inclined to sympathize with the Secretary's request, and I recommend therefore that the Crown liens under discussion be discharged from title to the N.W.¼, 3-5-12-W. 4th Mer.

There is without doubt quite ample security for the advances in the N. ½, 27-4-12-W. 4th Mer.

S.E. ¼ .....

S.W.¼, 3-5-12-W. 4th Mer.

...ile to this land has passed to the Municipal District by r... of Tax Recovery Act Procedure, and the liens appear as a ch... against this property.

The land is valued at $500.00, and there are charged against th... roperty arrears of Taxes as are listed hereunder:-

Municipal	$237.62
Supp. Rev.	75.85
School	334.58
Hail Ins.	52.96
Costs	5.00
Total	$706.01.

The Secretary Treasurer has requested that the liens be discharged from this latter property as well as the N.W. ¼, but I am unable to see wherein such action could be justified. While I consider that the account will be paid in full from the proceeds of sale of the N. ½, 27-4-12-W. 4th Mer., the fact that these liens were registered as security for the advance must be borne in mind, and the discharge, if made, could only be construed as weakening the security for the Dominion Claim.

Interest to Jan. 31st, 1930, ...	146.83
Total	$525.68.

As security for the advances liens were registered on title to the N.E.¼, 27-4-12-W. 4th Mer., which was the debtor's patented homestead, and they also constitute a charge against the N.W.¼, 27-4-12-W. 4th Mer., which land was at the time of issue, the debtor's unpatented pre-emption.

The liens were also registered on title to the N.W.¼, and S. W. ¼, 3-5-12-W. 4th Mer., which land the debtor had purchased several years prior to the date of the advances.

The debtor in 1915 and 1917 made re-payments in the total amount of $336.20.

Mr. Meer became physically disabled and was unable to continue farming operations and he sold the N. ½, 27-4-12-W. 4th Mer., to Mrs. Robert Linderman, and the purchaser assumed the Seed Grain and Relief indebtedness. At the time he sold the land Meer had not yet obtained patent to the N.W.¼, 27-4-12-W. 4th Mer., but under the circumstances he was allowed by the Department of the Interior to complete the sale, and the purchase monies were paid, first to the Department of the Interior, to satisfy the unpaid balance of the pre-emption dues. The balance of the cash payment was applied to

the .....

to the credit of the Dominion Liens. This balance was in the sum of $136.05.

The sale Agreement required that the deferred payments shall be applied to the credit of the Dominion Liens, until these liens are paid in full before any money is paid to Meer as Vendor. There is ample security for the Dominion Claim, and there is no doubt but that it will be fully satisfied from the proceeds of the sale of this half section.

Re N.W.¼, 3-5-12-W. 4th Mer.

This land passed through Tax Recovery Act Procedure, and in 1929, the Municipal District sold this property for a sum just sufficient to cover the arrears of Taxes charged against the property.

The Municipal District sold this land under the terms of the 1929 Tax Recovery Act, and the procedure under this act does not require that title issue directly to the Municipal District, but that after complying with the terms of the Act a direct transfer can be made to the purchaser.

In order to safe-guard himself the Secretary Treasurer wrote the Department of the Interior at Ottawa, and requested a statement as to whether or not there were any Dominion charges against this land. The Department of the Interior advised the Secretary Treasurer quite definitely that the Dominion Government had no record of any outstanding account for Federal Seed Grain, Fodder or Relief Advances in connection with the land described above. Being in possession of definite information the Secretary completed the negotiations of the sale of the property and applied the proceeds of sale to the various tax arrears charged against the property, There was no surplus.

When the purchaser received title to the land there appeared on title the Crown Liens which were registered as security for Meer's Federal Advances, and as the Municipal District are required to deliver clear title, the Secretary Treasurer has requested that the Crown liens registered on title to this land be discharged.

Because of the fact that the Municipal District acted in all good faith in disposing of this property, and as they were, without doubt misinformed, I am inclined to sympathize with the Secretary's request, and I recommend therefore that the Crown liens under discussion be discharged from title to the N.W.¼, 3-5-12-W. 4th Mer.

There is without doubt quite ample security for the advances in the N. ½, 27-4-12-W. 4th Mer.

S.W. ¼ .....

"Z"

S.W.¼, 3-5-12-W. 4th Mer.

Title to this land has passed to the Municipal District by reason of Tax Recovery Act Procedure, and the liens appear as a charge against this property.

The land is valued at $500.00, and there are charged against this property arrears of Taxes as are listed hereunder:-

Municipal	$237.62
Supp. Rev.	75.85
School	334.58
Hail Ins.	52.96
Costs	5.00
Total	$706.01.

The Secretary Treasurer has requested that the liens be discharged from this latter property as well as the N.W. ¼, but I am unable to see wherein such action could be justified. While I consider that the account will be paid in full from the proceeds of sale of the N. ½, 27-4-12-W. 4th Mer., the fact that these liens were registered as security for the advance must be borne in mind, and the discharge, if made, could only be construed as weakening the security for the Dominion Claim.

Re W. ½, 3-5-12-W. 4th Mer.,
N. ½, 27-4-12-W. 4th Mer.,
Martin Meer.

The Seed Grain & Relief Adjustment Board, appointed under Order P. C. 2200, hereby recommends that the Dominion Liens, charged against the W. ½, 3-5-12-W. 4th Mer., and the N. ½, 27-4-12-W. 4th Mer., for advances made to Martin Meer, be dealt with as follows:-

1. That any balances remaining unpaid be retained as a charge against the N. ½, 27-4-12-W. 4th Mer., until the purchaser of said land has paid the balance due on account of the purchase price thereof.

2. That the application of the Municipal District of Burlington No. 34, for the discharge of the liens from the N.W.¼, 3-5-12-W. 4th Mer., be granted.

3. That the application of the Municipal District of Burlington No. 34, for the discharge of the liens from the S.W.¼, 3-5-12-W. 4th Mer., be not granted at the present time but that the Municipality be held for the proportionate amount of the liens which under the terms of the Agreement now in effect would be payable out of the proceeds of the sale of the land, until final disposition of the first mentioned parcel.

The Board submits the report of the Director, Debt Adjustment Act, dated October 22nd, 1930, which report gives full details of all liens registered against the said land, and states in support of the recommendations:-

1. That at the time the advances were made the debtor held homestead entry to the N.E.¼, 27-4-12-W. 4th Mer., and that title thereto was granted to him; that the debtor held pre-emption entry to the N.W.¼, 27-4-12-W. 4th Mer.

2. That the debtor Martin Meer, became physically disabled, and was unable to continue his farming operations and sold the N. ½, 27-4-12-W. 4th Mer., to Mrs. Robert Linderman, the purchaser to assume the liens charged against said land.

.....

3. That at the time of sale the debtor had not secured patent to the N.W.¼, 27-4-12-W. 4th Mer., but owing to his physical condition was permitted by the Department of the Interior to complete the sale, with the understanding that the purchase price would be paid, first, to the Department of the Interior to satisfy the unpaid balance of the pre-emption dues, and second, to payment on account of Dominion Liens.

4. That this requirement has been complied with and a payment made by the purchaser on account of the said liens.

5. That the Agreement for Sale provides that deferred payments on account of said Agreement will also be applied on account of Dominion Liens, until such liens are paid in full, and there appears to be ample security for the satisfaction of the liens from the proceeds of the sale of this land.

6. That at the time the advances were made the debtor was the owner of the N.W.¼, 3-5-12-W. 4th Mer., and the liens were charged against said land as additional security for the advances.

7. That title to this quarter section passed to the Municipal District of Burlington No. 34, under Tax Recovery Proceedings, and that the Municipality sold the said land under the Tax Recovery Act of 1929.

8. That in order to safe-guard the District, before issuing a transfer to this quarter section, the Secretary-Treasurer of the Municipal District of Burlington No. 34, wrote the Department of the Interior requesting a statement as to whether any Dominion Charges were against this land, and received an answer, that there was no record of any outstanding accounts, and being in possession of this information, the Secretary completed the sale and applied the proceeds thereof to the tax arrears charged against the property and there was no surplus.

9. That upon title being issued in the name of the purchaser it was then discovered that such title was subject to the advances made to the debtor Martin Meer.

10. That as the Municipality acted in good faith in disposing of the property and gave title thereto on the information supplied to the Municipality, it is not desirable that any portion of the purchase price be applied on account of the said liens.

11. That at the time the advances were made the debtor was the owner of the S.W.¼, 3-5-12-W. 4th Mer., and the liens were charged against said land as additional security therefor.

.....

12. That title to this quarter section has passed to the Municipal District of Burlington No. 34, under Tax Recovery Proceedings, and the Municipality has requested a discharge of the liens on the ground that the price to be received for said land, which represents the full actual value thereof, is not sufficient to pay the taxes charged against the same.

13. That as the District has advice that the liens were charged against this quarter section previous to the sale, it is not desirable that the request be granted but that the amount due upon said liens be retained until such time as the purchaser of the other land against which the liens are charged has completed his Agreement.

The Board therefore recommends that all liens charged against the N.W.¼, 3-5-12-W. 4th Mer., be unconditionally discharged, and that the total amount payable thereon be written off as uncollectible, in so far as said land only is concerned.

The Board further recommends that the total amount payable upon said liens be retained as a charge against the N. ½, 27-4-12-W. 4th Mer., until payment is made in full or a further recommendation submitted in connection therewith.

The Board further recommends that the proportionate amount due upon said liens be retained as a charge against the S.W.¼, 3-5-12-W. 4th Mer., to the extent of the proportion of the purchase price which would be applicable to the said liens under the terms of the Agreement now in effect, and against the Municipal District of Burlington No. 34, until such time as the sale of the N. ½, 27-4-12-W. 4th Mer., is completed and the proceeds of such sale applied on account of the said liens, or until such time as the said liens are paid in full.

Dear Sir:-

As requested in your letter of the 4th instant, I am attaching hereto a statement of the seed grain indebtedness of Martin Meer, charged against the above described land.

Security.

N.E. 27-4-12 W.4th M.

This is the homestead of Martin Meer, patented in his name on the 21st April, 1913. In a report dated the 8th June, 1927, our inspector stated that this quarter had been sold to John Hill on crop payments, and that there were improvements valued at $1,000 on the land.

N.W.¼ 27-4-12 W.4th M.

This is the pre-emption of Martin Meer, patented in his name on the 12th March, 1930. A sale of this land to John Hill on crop payments had been agreed to by the Department, as Martin Meer had become disabled and was incapable of carrying on farm work. He was then living in Seattle, Washington.

S.W.¼ 3-5-12 W.4th M.

At the time he secured the seed grain, Martin Meer gave the W.½ 3-5-12 W.4th as land which he owned and on which he intended to sow 70 acres of the grain. The N.W.¼ 3-5-12 W.4th was released under the authority of Order in Council P.C. 97/447, dated 27th February, 1931, B.O. 3658. Both quarters were patented ot Joseph Snowden on the 22nd June, 1912.

Dominion Liens
SW of 3-5-12-W 4th

In the year 1915 this party obtained advances from the Dominion Government for seed grain, fodder and relief in a total sum of $696.60 against which repayments have been made from time to time aggregating $589.19, leaving a balance outstanding as at December 31st, 1937 as follows:

Principal	$ 378.85		
Interest	189.99	$ 568.84	

As security for these advances liens stand registered against the above quarter section and constitute the only charge against the title which now stands in the name of the Municipal District of Burlington No.34.

It would seem that this land passed to the Municipality under Tax Recovery proceedings owing to Mr. Meer becoming physically disabled and unable to continue his farming operations and that there were other lands, namely, the NW of 3-5-12-W 4th and the NE of 27-4-12-W 4th which were also held as security for the advances. The NW of 3-5-12-W 4th was dealt with under Board Order No.3638 which granted the discharge of the liens.

The Municipal District has now an opportunity of disposing of the SW of 3-5-12-W 4th for the sum of $500.00 cash and

..... Cont'd

is anxious to take advantage of this offer, the price having been approved by the Minister of Municipal Affairs as representing the fair sale value. There are, however, charges against this property on account of taxes in a sum of $1,194.46 and the sale price, therefore, is insufficient to retire the charges against the land.

I would recommend that after deducting costs in a sum of $5.00 the balance of the sale price be divided on a pro rata basis between taxes and Dominion liens which would result in a distribution of the sale price as follows:-

Costs	$ 5.00
Dominion Liens	159.45
Taxes	335.55

I would further recommend that upon application of the sum of $159.45 to these dominion liens the following registrations be removed from title to the SW of 3-5-12-W4th;-

Seed Grain lien 556 B.L.	Martin Meer to Crown	$ 378.85
Seed Grain Lien 7654 B.L.	Martin Meer to Crown	317.75

	Seed Grain $ 378.85)	
	Fodder 202.40)	
	Relief 115.35)	

It is recommended that the balance of these liens remain a charge upon the NW of 27-6-12-W4th pending full payment or application for adjustment.

Yours very truly,

Mrs. Roselie Linderman,

Ottawa, February 15, 1956.

Re: Account of Martin Meer,
M4 27-4-12-W4.

Dear Sir:

During the year 1915 while homesteading the above mentioned land, Mr. Martin Meer received seed grain, fodder and relief as a loan from the Government of Canada. The loan was secured by a lien on the title of the land of which we understand you are now the registered owner. No doubt you will be interested in settling the debt and having the title of the land cleared. The amount outstanding is $749.00 of which $378.85 is principal and $370.15 is interest.

The Seed Grain Advisory Board was set up by the Government of Canada some years ago to investigate seed grain, fodder and relif accounts and in cases where the amount of the indebtedness is large compared to the value of the land or other circumstances exist, to recommend a reduction of the debt.

You may feel that there are extenuating circumstances in your case. If so, you should write to the undersigned giving full details which will be presented to the Seed Grain Advisory Board for consideration. The Board will then review the account and you will be advised of the minimum settlement required to pay off the liens.

Yours very truly,

C.K. LeCapelain,
Chief, Lands Division.

Dear Madam:

RE: NW 27-4-12-W.4th

We wish to thank you for your letter of the 1st of March, 1956, offering the sum of $350.00 to settle the account of Martin Moer charged against the above land. A recent Abstract of Title shows that in addition to our Federal liens there are also certain other mortgages registered against this land for advances made by the Municipal District of Burlington No. 34.

As we believe you wish to have these encumbrances included in whatever settlement is made, we are writing to Mr. S. Cherkas, Chief Collector, Department of Municipal Affairs, Edmonton, Alberta, concerning this matter. We expect that he will get in touch with you in the next few days.

Yours very truly,

Dear Sir:

RE: W½ 27-4-12-W.4th

We are enclosing a copy of a letter received from Mrs. R. Linderman concerning the account of Martin Meer charged against the above land. A recent Abstract of Title shows that in addition to our Federal liens there are three other liens registered against this land for advances made by the Municipal District of Burlington No. 34. These liens are numbered 4429 B.Y. and 4600 C.W. and are in the amounts of $34.00, $66.00 and $654.20.

In view of these it will be appreciated if you will investigate this account and advise Mrs. Linderman as to whether the proposed offer is acceptable. If it is satisfactory to you we are agreeable to having this payment applied on a prorated basis to our accounts.

Yours very truly,

C.K. LaCapelain,

BOARD ORDER NO: 11,344.

W.½ 3-5-12-W. 4th Meridian,
Martin Meer,
Dominion and Joint Relief Advances,
Supplementary to Board Orders numbers
3658 and 7278.

The attached report, with recommendations of the Chief Collector of the Collection Branch, Department of Municipal Affairs, dated July 11th, 1956, has been submitted to the Agricultural Relief Adjustment Board, and in the opinion of the Board the proposed adjustment is fair and reasonable and it is desirable that it be accepted.

In accordance, therefore, with the provisions of the Agricultural Relief Adjustment Act, Revised Statutes of Alberta, 1942, IT IS ORDERED that the recommendations for the adjustment and settlement of the said account contained in the said report, be and the same are, hereby APPROVED AND ACCEPTED.

CHAIRMAN, Agricultural Relief Adjustment Board.

TO:

The Honourable E. E. Hinman,
Provincial Treasurer,
Province of Alberta,
EDMONTON, Alberta.

July 11th, 1956.

Mr. A. W. Morrison,
Chairman,
Seed Grain and Relief Adjustment Board,
EDMONTON, Alberta.

Dear Sir:

Re: N.½ 27-4-12-W. 4th Meridian,
N.½. 3-5-12-W. 4th Meridian,
Martin Moor,
Dominion and Joint Relief Advances,
Supplementary to Board Orders numbers
3658 and 7278.

The above named party obtained advances for which Liens were registered against the Titles to all parcels listed above. The Titles to the N.½. 3-5-12-W. 4th Meridian were acquired by the Municipal District for tax arrears. Sale of both quarters was made and Board Orders numbers 3658 and 7278 dealt with release of the encumbrances from that half section and retention of same against the Titles to the N.½. 27-4-12-W. 4th Meridian for the balance of the amounts.

The original principal amount of the advances was Six Hundred and Ninety-Six dollars and Sixty cents ($696.60) Dominion and Seventy ($70.00) dollars Joint Relief. Due to application of previous payments the present standing of the accounts is:

Dominion Advances.

Balance principal	$378.85	
Interest to 11/3/56	370.14	
		$748.99.

(Con't on Page 2)

Joint Relief.

April 1st, 1920	$ 70.00
Interest to 31/3/36	175.66
	$245.66.

The N.½ 27-4-12-W. 4th Meridian was purchased under Agreement of Sale from the debtor by Mrs. Rosalie Lindeman in 1928 for the sum of One Thousand, Nine Hundred and Twenty dollars ($1920.00) and she has since paid off the purchase price. No consideration was given to the existing liens during the intervening years.

Last March Mrs. Lindeman made an offer to the Department of Northern Affairs and National Resources, Ottawa, of Three Hundred and Fifty ($350.00) dollars as a compromise settlement of the Dominion account and by letter dated March 9th they advised us that a pro rata application of that amount would be accepted.

We communicated with Mrs. Lindeman suggesting that if she could increase her offer to Four Hundred ($400.00) dollars that amount would provide for application of Fifty ($50.00) dollars to the Joint Relief account.

A remittance in the sum of Four ($400.00) dollars has now been received from her.

I believe that her offer is fair and would recommend that it be accepted.

In view of the fact that payments totalling Seven Hundred and Forty-Four dollars and Fifteen cents ($744.15) have been applied to the Dominion account and since they have indicated that a pro rata distribution would be a satisfactory basis of settlement, I would recommend that application of the present payment be:

	Total due	Pro rata
Dominion Advances	$765.00	$350.00
Joint Relief Advances	245.66	98.74
		$448.74

I would further recommend that upon application being made to the accounts same be adjusted so that each will stand paid in full and liens be released.

(Con't on Page 3)

Provincial Seed Grain in the amount of Six Hundred and Ninety-Seven dollars and Twenty-Five cents ($697.25) principal together with accrued interest has already been cancelled.

Yours very truly,

S. Cherkas

Sir,

I beg to inform you that your homestead entry for the South West Quarter of Section 36, Township 32, Range 10, West of the 4th Meridian, will now be cancelled in accordance with the abandonment you have executed, and the land made available for re-entry, provided the Local Agent is aware of no reason to the contrary.

This carries with it the cancellation of your preemption entry for the South East Quarter of the same Section.

The improvements, according to your statement, consist of 35 acres of breaking, now gone back, and would appear to be of no value. When re-entry is granted, the improvements, if any, will be valued by a Homestead Inspector, and the amount of such valuation will be collected from the party securing the land.

The records here show that you are indebted to the Department for seed grain and fodder to the amount of $61.49 with interest to date of payment, and this and any other indebtedness which may be standing against you in the books of the Department will form a charge against any land

MEMORANDUM:

Mr. Greenway.

The Department has under consideration improved methods for disposing of lands which heretofore have been subject to ordinary homestead entry.

Pending a definite pronouncement of policy, it has been decided to reserve all lands that under ordinary circumstances would be posted for ten days. This will, of course, not affect newly surveyed townships nor will it interfere with the granting of homestead entries where there is an applicant for cancellation.

You might instruct the Agents of Dominion Lands to refer for the consideration of Head Office all cases where under ordinary circumstances the lands would be automatically posted for ten days, and if there is anyone pressing to have the land made available, we can submit the matter for the consideration of the Minister. But where there is no one pressing to have the land posted, there is no reason why any submission should be made and the files should be noted to be brought up for consideration on say the 1st of December, next.

Re S.E. 36-32-10 W4M.

With reference to Mr. Martin L. Hoover's communication on file hereunder dated 30th ultimo, enclosing $20.00 which has been transferred to this Division to the credit of the Seed Grain indebtedness outstanding against this half section, it would appear from his letter that he is under the impression that this indebtedness may be liquidated by yearly payments of $20.00.

In his communication dated November 21st last he suggested monthly payments but no advice was apparently given him on this point.

It might therefore be advisable to obtain from him information as to whether it is his intention to make monthly payments of the amount in question.

Sir,-

With reference to your application for a grazing lease of the South half of Section 36, Township 32, Range 10 West of the 4th Meridian, I beg to inform you that the regulations require that notices of your application be posted for a period of thirty days in four different conspicuous places on the lands applied for, as well as in the Post Office nearest thereto, and that, at the end of the period, a statutory declaration be furnished that such action has been taken.

The Agent of Dominion Lands at Calgary, Alberta, is being requested to have an Inspector make an inspection of the land in question, and, so soon as a report is received, as well as your declaration above referred to, your application will be finally dealt with. I may say that, on account of seed grain indebtedness being registered against the land, the lease, if issued, will contain the following clause :-

"Notwithstanding anything to the contrary hereinafter "contained, this lease is issued on the condition that any "land within the leasehold which is encumbered with a seed "grain, fodder or relief lien, may be withdrawn from the "operation of the lease on one year's notice, provided that "the rental of the lease shall be reduced proportionately."

It is noted, however, that you have made a remittance of $20.00 towards the liquidation of the seed grain indebtedness, and, should you continue to make payments in this connection until the entire indebtedness is liquidated, and, should a grazing lease be issued in your favour, the clause referred to above would not, of course, have any effect, as there would then be no seed grain lien registered against the land.

Homestead entry of [illegible].

Date of entry [illegible] May, 1915.

I beg to call your attention to the fact that this entry is now over five years old. Please take ordinary cancellation proceedings at once on the ground of failure to apply for patent and at the same time instruct a Homestead Inspector to report.

If no defence is filed and if the Inspector's report shows no duties performed, you may at the end of the sixty days and on receipt of the required report, carry out cancellation if aware of no reason to the contrary, dealing with the land and reporting your action here in the usual way.

In all other cases where a defence is filed or where the Inspector's report shows any duties performed, you should refer here before cancelling.

In every case the Inspector should give full information as to the nature of the land, using the blanks provided in the form of report for that purpose. The fullest possible information should be given in regard to duties and improvements.

Inspectors should make careful enquiry to find out whether the entrant may possibly be on military service or may be a returned soldier.

In any case where there is some special condition existing which would render it advisable not to dispose of the land in the ordinary way under entry to soldiers, the report should contain full particulars and the matter should be referred here before any action is taken.

A copy of any letter or form issued by you should be sent here to complete Head Office record.

SIR,—

The above statement shows the amount which, according to our records, you owe the Dominion Government for advances made to you by way of Seed Grain and Relief. Kindly arrange for payment, which may be made to the Dominion Lands Agent at Edmonton or any Sub-Agent of Dominion Lands in the District. When payment is made by cheque, such cheque must be first accepted by the Bank and made payable at par to the Agent of Dominion Lands. In this connection the Chartered Banks have agreed to issue drafts forwarding these remittances free of exchange.

I beg to direct your attention to the Departmental communication of the 22nd March last, and also of the 19th November, 1921, in which you were requested to appear before any Judge of any Superior Court or before any Judge of any Circuit, District or County Court and make application for a decision establishing that you are qualified and fit to receive patent for your homestead, the above mentioned land. You were advised that a satisfactory reply would be expected within thirty days of the date of the last mentioned letter, March 22nd last.

As you have not been heard from such neglect may be due to an oversight on your part and I am to allow you a period of thirty days to definitely advise as to what action you have taken, if any, in regard to furnishing the Department with Certificate of Naturalization as a British Subject or Certificate in form K.

Please note that you have held the land in question under homestead entry since May, 1914, and that according to the regulations of the Department failure on the part of the homesteader to make application for patent within five years from the date of entry renders same liable to the institution of cancellation proceedings.

As your Certificate of Naturalization as a British Subject is a part of the evidence necessary in applying for patent, I am to warn you that further action in connection with the issue of the patent is deferred pending receipt of the patent above referred to.

Homestead - Fritz Reinhold.
Date of entry- 26th May, 1914.

When making application for patent Mr. Reinhold signed his full name Fritz Carl Reinhold, and the Certificate in form "K" furnished the Department by the Under-Secretary of State, was issued in Mr. Reinhold's full name.

Mr. Reinhold was asked for a Statutory Declaration identifying Fritz Carl Reinhold as the person who secured homestead entry as Fritz Reinhold.

He has not furnished a sworn statement but I think his letter of explanation, attachment 4751651, may be accepted.

The hand writing in Mr. Reinhold's letter is apparently that of the person who applied for homestead entry in 1914 as Fritz Reinhold.

Kindly asvise whether Mr. Reinhold's letter may be accepted in lieu of the Statutory Declaration called for.

Re: Account of Fritz Reinhold
S.W.¼ 23-54-15-W5.

Dear Sir:

During the year 1915 while homesteading the above mentioned land, Mr. Fritz Reinhold received relief as a loan from the Government of Canada. The loan was secured by a lien on the title of the land of which we understand you are now the registered owner. No doubt you will be interested in settling the debt and having the title of your land cleared. The amount outstanding is $135.89 of which $37.42 is principal and $98.47 is interest.

The Seed Grain Advisory Board was set up by the Government of Canada some years ago to investigate seed grain, fodder and relief accounts and in cases where the amount of the indebtedness is large compared to the value of the land or other circumstances exist, to recommend a reduction of the debt.

You may feel that there are extenuating circumstances in your case. If so, you should write to the undersigned giving full details which will be presented to the Seed Grain Advisory Board for consideration. The board will then review the account and you will be advised of the minimum settlement required to pay off the lien.

Yours very truly,

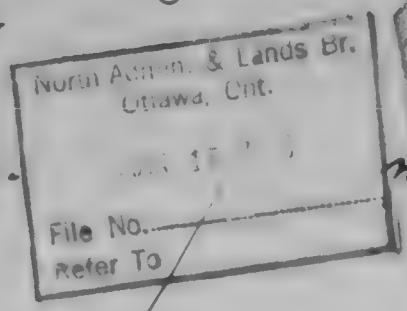

C.K. LeCapelain,
Chief, Lands Division.

I wish to let you know that my husband Fritz Carl Reinhold, passed away in May 1954. I am living alone now and am unable to pay off the above debt. I have just been able to pay the taxes for the last two years.

I would like to mention that the Mcleod river which flows past the land has cut the Government road away along this land and cultivated land will be needed from above farm to build a new road.

Please give this your kind consideration and deduct the price of land required from the debt if possible.

S.W. 23-54-15-W.5

We wish to thank you for your letter of the 10th of March, 1956, informing us of the extenuating circumstances which you believe warrant a reduction in the account of Fritz Reinhold charged against the above land.

In view of these circumstances we are certain that the Seed Grain Advisory Board will be willing to consider a compromise in your case. In order to assist you in clearing your title, if you will remit the principal amount of $37.42, it will be recommended that the accrued interest of $98.47 be cancelled. Your cheque or money order should be made payable to the Receiver General of Canada and forwarded in care of the undersigned.

Re: Account of Fritz Reinhold

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1915 relief in the amount of $40.00 was advanced to Fritz Reinhold on the security of the above described land. In 1919 a payment of $10.00 was received and applied to principal and interest. The present standing of this account is:-

Principal	Interest	Total
$37.42	$98.47	$135.89

In reply to our recent inquiry concerning the Federal indebtedness charged against the land, Mrs. F. C. Reinhold, Forestburg, Alberta, on the 10th of March, 1956, wrote as follows:-

"Received your letter of Feb. 9, 1956 re account of Fritz Reinhold S.W.¼ Sec. 23-54-W5. Re amount of $135.89 outstanding.

I wish to let you know that my husband Fritz Carl Reinhold, passed away in May 1954. I am living alone now and am unable to pay off the above debt. I have just been able to pay the taxes for the last two years.

I would like to mention that the McLeod River which flows past the land has cut the Government road away along this land and cultivated land will be needed from above farm to build a new road.

Please give this your kind consideration and deduct the price of land required from the debt, if possible, thank you."

The assessed value of this quarter-section in 1951 was only $810.00.

After negotiations the sum of $37.42 representing the principal has been received in full settlement of our account. Under the circumstances and in view of the previous payment, this is considered equitable.

BOARD ORDER NO: 11,326.

Re: S.W.¼ 36-2-6-W. 4th Meridian,

Joint Relief Advances.

The Seed Grain and Relief Adjustment Board appointed under Order P.C. 1752, dated November 23rd, 1955, having taken under consideration the attached report of the Chief Collector of the Collection Branch, Department of Municipal Affairs numbered 11,326, APPROVES the settlement outlined therein and DOES HEREBY RECOMMEND:

1. THAT, the Minister apportion and adjust the indebtedness more particularly described in the attached report, so that on application of the sum of Five Hundred and Sixty dollars and Seventy-Two cents ($560.72) to the credit of the Joint Relief Advances, the debt will be paid.

CHAIRMAN, Seed Grain and Relief Adjustment Board.

Dominion Member, Seed Grain and Relief Adjustment Board.

The Minister of Northern Affairs and National Resources,

BOARD ORDER NO: 11,326.

Re: S.E.¼ 36-2-6-W. 4th Meridian,
Alfred Burkland,
Joint Relief Advances.

The attached report, with recommendations of the Chief Collector of the Collection Branch, Department of Municipal Affairs, dated June 21st, 1956, has been submitted to the Agricultural Relief Adjustment Board, and in the opinion of the Board the proposed adjustment is fair and reasonable, and it is desirable that it be accepted.

In accordance, therefore, with the provisions of the Agricultural Relief Adjustment Act, Revised Statutes of Alberta, 1942, IT IS ORDERED that the recommendations for the adjustment and settlement of the said account contained in the said report, be and the same are, hereby APPROVED AND ACCEPTED.

CHAIRMAN, Agricultural Relief Adjustment Board.

EDMONTON, Alberta.

Dear Sir:

Re: S.W.¼ 36-2-6-W. 4th Meridian,
Alfred Burkland,
Joint Relief Advances.

The above named party obtained advances for which Liens have been filed against the Title.

May 1st, 1920	$ 28.00
May 1st, 1920	110.00
April 22nd, 1922	16.15
April 5th, 1922	12.95
	167.10
Interest to 31/3/56	416.20
Total	$583.30.

The owner failed to make payment of taxes and in the year 1940 the Title was acquired by the taxing authorities under the provisions of the Tax Recovery Act.

The Municipal District was recently successful in making sale of this parcel for the sum of Seven Hundred and Sixty ($760.00) dollars cash. The arrears of taxes presently outstanding amount to Two Hundred and Two dollars and Ten cents ($202.10) and the District has applied for a compromise settlement which will enable them to give a clear Title to the purchaser.

(Con't on Page 2)

In the year 1940 this parcel was appraised at Two Hundred ($200.00) dollars and I believe that the present sale price represents full and fair actual value.

In accordance with the established procedure under these circumstances and after allowing a nominal amount of Five ($5.00) dollars to cover transfer costs the pro-rata distribution of the sale price would be as follows:

Costs		$ 5.00	
Taxes	$202.10	194.28	
Joint Rail..	583.30	560.72	
Total			$760.00

The Secretary-Treasurer of the Municipal District has forwarded a payment of Five Hundred and Sixty dollars and Seventy-Two cents ($560.72) and since there is no other security, I would recommend that it be accepted.

I would further recommend that upon application being made to the account of this payment it be adjusted so it will stand paid in full and the corresponding Liens be released from the Title.

Straight Provincial Seed Grain in the principal amount of One Hundred and Sixty-Six dollars and Seventy-Five cents ($166.75) together with accrued interest has already been cancelled.

Yours very truly,

S. Cherkas

Dear Sirs:—

Would you give me an extension of time to get on my homestead. I filed on it at sub-Agent at Calgary (June 11th 1912.) North East quarter 4. Township 27. R. 5 West of 4 Meridian.

I have had rather hard luck my wife has been sick & cost considerable & my little boy was ill for a time & my time expires at a bad time of the year (Dec. 11th 1912) if you would give me an extension of six more months. I would greatly appreciate it as I find my funds are going to be short, to build a house & buy coal & feed & keep three children all winter.

I have broken ten acres this summer intend breaking twenty more this year coming. I suppose it would be out of the question for to ask for an extension until (October 7th 1913). However if you will give it to me for six months from time my date now expires I will greatly appreciate it. that will bring it to (June 11th 1913). I can give you the names of two of the men around Govan to make sure the

I am trying hard to get started if necessary.
The winters out here are so uncertain
it's hard to get work but if you will give me
an extension as long as you can help
by to get more money together. I should get by
selling it until (1st of) June 1913 I would live right there my
family & all if I had horses I wouldn't care so much
to go this winter but (Dec 1st) it's get pretty cold by
that time. I am awfully anxious to get a start &
hope you give me a little more time,

Re: Account of Andrew Sutherland,
N.E.¼ 7-27-5-W4.

Dear Sir:

During the year 1915 while homesteading the above mentioned land, Mr. Andrew Sutherland received seed grain, fodder and relief as a loan from the Government of Canada. The loan was secured by a lien on the title of the land of which we understand you are now the registered owner. No doubt you will be interested in settling the debt and having the title of your land cleared. The amount outstanding is $607.75 of which $200.95 is principal and $406.80 is interest.

The Seed Grain Advisory Board was set up by the Government of Canada some years ago to investigate seed grain, fodder and relief accounts and in cases where the amount of the indebtedness is large compared to the value of the land or other circumstances exist, to recommend a reduction of the debt.

You may feel that there are extenuating circumstances in your case. If so, you should write to the undersigned giving full details which will be presented to the Seed Grain Advisory Board for consideration. The Board will then review the account and you will be advised of the minimum settlement required to pay off the liens.

Yours very truly,

C.K. LeCapelain,
Chief, Lands Division.

Dear Sir:

In respect to your letter of February 22nd 1956 RECEIVED March 2nd. I would like to state the following circumstances for the Indian Affairs Board consideration.

My husband was to be operated on for a stomach ulcer. He has been to Edmonton Hospital for treatment. The doctors in charge of the operation and X-ray department have informed me that he suffered from the onset of the disease since a year ago. I have not made any application in any other kinder since at present the doctors are in receipt of the operation and X-ray department have informed me that he is unable to work.

The reason in which we plan to commence our land in the Spring of year we have been to clear some land. I am the head of family and have all been cutting wood (this total assessment is approx) since my husband's sickness. In meeting current expenses.

Now I would like to know if we could get assistance. I am sick in the family and have to look after my five little daughters. Now we want to clear this land against the 1st of June and the new crop we can realize if help would be provided. If not we will be forced to sell it. Any help you can render us will be appreciated.

We are in the process of building a new house. Enclosed please find bills for the same.

I know these circumstances of this the

Re: N.E. 7-27-5-W.4th

We are enclosing a copy of a letter received from Mrs. Andrew Sutherland, Lanfine, Alberta, concerning the account of her husband which is charged against the above land. This appears to be a case deserving of the most sympathetic consideration.

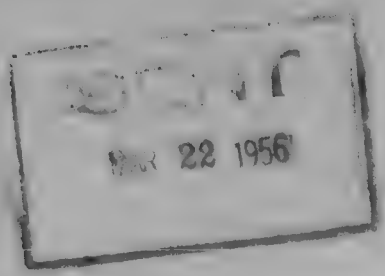

A recent Abstract of Title shows that in addition to our liens, there are liens Nos. 1331 F.X., 4441 F.X. and 2101 E.V. dated 1936, 1937 and 1938, registered against this land in the name of the Municipal District of Cereal No. 242.

As the present owner will require a clear title, we would like you to investigate this account and advise him of the least amount acceptable to settle both our claims.

Dear Madam:

Re: N.E. 7-27-5-W.4th

We wish to thank you for your letter of the 5th of March, 1956, informing us as to the reasons which you believe warrant a reduction in the account of Andrew Sutherland charged against the above land. We are certain that the Seed Grain Advisory Board will give sympathetic consideration to this information.

However, a recent Abstract of Title shows that there are in addition to our liens, certain encumbrances charged against your land by the Municipal District of Cereal No. 242.

We are certain that you will require a clear title and we are writing to Mr. S. Cherkas, Chief Collector, Department of Municipal Affairs, Edmonton, Alberta, with a view to having these liens included in whatever settlement is proposed.

Dear Madam:

Re: N.E. 7-27-5-W.4th

Since writing to you on the 22nd of March, 1956, we have received a letter from Mr. S. Cherkas, Chief Collector, Department of Municipal Affairs, Edmonton, Alberta, informing us that the Provincial Government is only interested in Joint relief liens from 1918 to 1922 inclusive. It will, therefore, be necessary for you to write to the Secretary-Treasurer of the Municipal District of Cereal No. 242 in order to find out the status of the Municipal Liens.

As far as the Dominion liens are concerned, we believe that the Seed Grain Advisory Board will give sympathetic consideration to making a substantial reduction in the account of Andrew Sutherland. In order to assist you in clearing your title, if you will remit the sum of $100.00 representing approximately one half of the principal within a reasonable time it will be recommended to the Board that this sum be accepted in full settlement of our claim.

Your cheque or money order should be made payable to the Receiver General of Canada and forwarded in care of the undersigned.

I am in receipt of a copy of your letter of the 5th ultimo as addressed to Mr. C. K. LeCapelain with respect to the Dominion Advances account. In view of the fact that Titles to the above described Lands are encumbered by Liens for both Dominion Advances and Agricultural Relief Advances the case has been referred to this office to negotiate a compromise settlement of both accounts.

It is noted that under date of the 18th ultimo, we advised the debtor with respect to the Agricultural Relief Advances account and referred to the established policy of accepting 60% of the account as a satisfactory settlement. The present circumstances of your husband and yourself would appear to warrant very favourable consideration on compassionate grounds in the matter to making settlement of both accounts and I would ask that you submit an offer to this office of the maximum amount which could be paid without inflicting severe hardship.

We would, also, appreciate information as to your assets and liabilities which would assist us in establishing a good case for consideration by the Seed Grain Relief and Adjustment Board.

We would appreciate your early attention.

BOARD ORDER NO: 11,342.

Re: N.E.¼ 7-27-5-W. 4th Meridian,

N.½. 7-27-5-W. 4th Meridian,
Agricultural Relief Advances, 1936-39,
Andrew Sutherland.

The attached report, with recommendations of the Chief Collector of the Collections Branch, Department of Municipal Affairs, dated July 10th, 1956, has been submitted to the Agricultural Relief Adjustment Board, and in the opinion of the Board the proposed adjustment is fair and reasonable and it is desirable that it be accepted.

In accordance, therefore, with the provisions of the Agricultural Relief Adjustment Act, Revised Statutes of Alberta, 1942, IT IS ORDERED that the recommendations for the adjustment and settlement of the said account contained in the said report, be and the same are, hereby APPROVED AND ACCEPTED.

CHAIRMAN, Agricultural Relief Adjustment Board.

Mr. A. W. Harrison,
Chairman,

Dear Sir:

Re: N.E.¼ 7-27-5-W. 4th Meridian,
Dominion Advances,
N.½ 7-27-5-W. 4th Meridian,
Agricultural Relief Advances, 1936-39.
Andrew Sutherland.

The above named obtained advances for which liens have been registered against the Titles. Particulars of the accounts are as follows:

Dominion Advances.

Relief	1915	$ 15.00
Relief	1915	30.00
Relief	1915	101.00
Fodder	1915	10.00
Fodder	1915	6.00
Fodder	1915	5.00
Seed Grain	1915	33.15
		200.95
Interest to 31/3/56		414.85
		$615.80.

(Con't on Page 2)

Agricultural Relief Advances.

1936 Seed Grain	$ 64.78
1937 Seed Grain	73.19
1938 Agricultural Relief	102.21
1937-38 Feed and Fodder	27.10
1938-39 Feed and Fodder	13.02
	280.30
Interest to 31/3/49	132.28
	$412.58.

The debtor is 82 years of age and has been totally blind for the past number of years. His wife has submitted an offer to settle both accounts on a compromise basis and a payment of One Hundred and Fifty ($150.00) dollars has been received.

Mr. Sutherland presently holds Title to the N.E. Quarter only. Title to the N.W. Quarter was acquired by the Department through Tax Recovery proceedings. There are only 90 acres cultivated, half of which is summerfallowed each year. The average annual income from this source is therefore, very limited, particularly since it is necessary to do all the farm work by hired help. He is in receipt of Old Age Security Pension and Supplementary Allowance totalling Fifty-Five ($55.00) dollars per month. Mrs. Sutherland's health has been poor since she had a major operation in 1949 and she is still under the care of a Doctor.

The soil classification of the farm is in a low category and land assessment is Four Hundred and Sixty ($460.00) dollars. There are no other assets or chattels except the farm house, used as their residence.

I believe that in view of the severe handicap under which this couple have been operating to maintain themselves and the very limited resources at their disposal the case is worthy of the most sympathetic consideration, as regards the amount required to effect settlement of both accounts. I would, therefore, consider that One Hundred and Fifty ($150.00) dollars be accepted as sufficient for release of all liens.

In view of the fact that the Dominion account represents a prior charge, I would recommend that One Hundred ($100.00) dollars be applied to that account and Fifty ($50.00) dollars be applied

(Con't on Page 3)

to the account for Agricultural Relief Advances and that after application is made in this manner both accounts be adjusted so that they will stand paid in full and all ~~encumbering~~ liens be released from the Titles.

Yours very truly.

MEMORANDUM. Ottawa. 14th October, 1913.

Mr. Fraser

West ½-21-22-7-W 4th Mer.
This is an application for the restoration of a cancelled homestead and pre-emption.

Mr. George Stadshaug obtained proxy entry for his homestead June 18-12, and his pre-emption June 21-12.

The homestead entry was cancelled by default for failure to comply with the proxy conditions, April 29-13. A protest from the homesteader against the action of the Department resulted in an investigation and report by a Homestead Inspector

This report shows that the entrant was in residence upon his homestead from November 15-12 (about 5 months after the date of homestead entry) until June 1-13. The improvements consist of a house valued at $125.00; no cultivation however.

The homestead entry was therefore cancelled when the homesteader was actually in residence and I am to ask that in view of this fact the entries may be restored free of charge. The entries are in serious default, however, in the matter of cultivation.

With reference to the cancelled proxy homestead and pre-emption entries of Mr. George Stadshaug, I beg to say that in view of the information contained in the report of Homestead Inspector Switzer it has now been decided to restore these entries free of charge.

The Homesteader, however, is to be warned that his cultivation is in very serious default; that he must go into residence immediately and remain upon his land and satisfy you by the 1st of June next that he has at least fifteen acres of breaking.

In the early 1920's this party moved from the above land with a view to re-establishing himself in a more favorable locality. He moved from place to place in an endeavour to find a farm where he could establish a permanent residence and has eventually lost sight of and his whereabouts have been unknown for the last 12 or 13 years.

After having therefrom and title was eventually taken by the tax enforcement authorities under the provisions of the Tax Recovery Act. As no sale of lands and titles for administration and is still under the jurisdiction of that department. The policy is to hold such land available for lease only mainly for grazing purposes and due to the low productivity of property in this part of the Province only a small sum is realized in the way of rentals insufficient to provide for any

The above died in 1925 and no application has ever been made to Probate her will.

Our office has now been contacted by a son, John Vincent Cunningham and we have been instructed to apply for Probate.

The only asset of the estate is the above described property and we are anxious to know if your department is prepared to make any offer of settlement with regard to the above lien which is still outstanding against this land.

After discussing the matter with John Vincent Cunningham, we are of the opinion that this land does not exceed the value of $10.00 an acre.

Sir:

There are registered against your title to the land above described certain Seed Grain, Fodder and Relief Liens, which were executed by you to cover advances made by this Department on the security thereof.

As these Liens have now been outstanding for over ten years, the Department is inclined to think that at this time some provision should have been made for their repayment; and it is expected that at least a substantial payment on account will be made at an early date.

Your account with interest calculated to the 31st March last amounts to $277.31, to which should be added interest at 5% on the principal amount of $185.80 from that date to the date of payment.

In November 1936, Letters of Administration in the above Estate were issued to his brother, John Vincent Cunningham, and due to economic conditions at that time and the smallness of the size of the Estate no procedure was ever taken to finally wind up this Estate.

Our office has now been contacted by the Administrator and we are endeavoring to finally wind up the Estate, which consists almost entirely of this one parcel of land; net value of the Estate as listed on the original Application for Administration being $592.00.

In the Original Application for Administration the value of this land was shown at $620.00, and after discussing the matter with the Administrator we do not feel the present value exceeds $10.00 an acre.

We would be pleased if your Department would advise us if they are prepared to make us an offer to settle the above listed outstanding liens which have been registered against this land.

Yours truly,

RE: S.E. 23-19-1-W.4th

Since writing to you on the 14th of November, 1955, we have obtained an Abstract of Title for the above land and there are liens for $42.00 and $90.50 registered against this quarter section by the Provincial Treasurer of Alberta.

As we believe your client wishes to obtain a clear title, we suggest that you write to Mr. S. Cherkes, Chief Collector, Department of Municipal Affairs, Edmonton, Alberta, who has the authority to settle both the Federal and Joint-Provincial and Federal accounts. We are certain that Mr. Cherkes will give this case sympathetic consideration and an equitable settlement will be reached.

to dispose of the parcel by clear Title he is required to obtain discharge of the encumbrances.

This land is situated in the South East Section of the Province which, for many years, suffered severe drought conditions and even today cannot be considered a very valuable piece of property. I feel that the offer made should be considered satisfactory under these circumstances.

I would recommend that the sum of Two Hundred and Fifty dollars ($250.00) be applied to the account for Dominion Advances and Fifty dollars ($50.00) to the account for Joint Relief Advances. I would further recommend that upon application of these amounts being made, both accounts be adjusted so that they will stand paid in full and the liens be released from the Title.

Straight Provincial Seed Grain Advances in the amount of Ninety-Two dollars and Fifteen cents ($92.15) principal, together with accrued interest have already been cancelled.

If you have not recently received such a report, kindly have a Homestead Inspector when in the vicinity of this land on collection work furnish a report which should be complete in every detail and of such a nature that the Department will be in a position to decide whether this entry should be cancelled, or whether an extension of time should be allowed within which to pay the purchase price.

MEMORANDUM:

Mr. Hume,

Application for patent,
For the S.E.¼ of 14-34-12, W. 4th M.
Homestead, Johannes Scheffelmaier.

Mr. Scheffelmaier made application for patent on the 26th of March, last, and according to the statements contained therein has performed the necessary residence and cultivation duties.

He has forwarded a Certificate of Naturalization in which he stated that he was formerly of Bisarabia, Russia, whereas, in his application for entry for the above land he stated that the country of his birth was Germany. He was asked for an explanation and he states,

> "I came here from Bisarabia, Russia, in 1912, and made entry for homestead on the above land in that year and if it is stated that I was born in Germany at that time, it must have been a mistake and probably caused through ignorance on my part of the English language."

He enclosed two Declarations in which the declarants state that they knew the said Johannes Scheffelmaier in Bisarabia, Russia, and that the said Johannes Scheffelmaier did reside in Bisarabia, Russia, for many years previous to coming to Canada.

As you will observe neither the homesteader nor the witnesses state definitely that Scheffelmaier was born in Bisarabia, Russia, but simply state that he had lived there for many years.

Please say if you will accept the Certificate of Naturalization as satisfactory.

Memorandum.

SE¼ 14-34-12-W. 4th M.
Homestead Johannes Scheffelmaier.

Mr. Scheffelmaier applied for patent and has furnished a Certificate of Naturalization which sets out that he was formerly a subject of the Russian Empire. Mr. Scheffelmaier's application for entry sets out that he was born in Germany, that he was a subject of Germany, but that his last place of residence was Russia.

It is, of course, possible that Mr. Scheffelmaier may have become a Russian subject but if so, it would seem that he would hardly have stated in his application for entry that he was a subject of Germany.

The question now to be decided is whether or not the Certificate in question should be accepted as satisfactory.

In somewhat similar cases that have come before the Department I think instructions were given that the court having issued the certificate, the Department had no option but to accept the same, but before taking this action in the present case I would ask for your instructions in the premises.

The settlement duties appear to have been satisfactorily performed.

Respectfully submitted,

J. W. Greenway, Esqr.,

Mr. J. W. Greenway.

Referring to Mr. Hume's memo of the 22nd January, the Minister is of the opinion that there is nothing on file to show that the statements in the application for entry are wrong. He is of the opinion that with notices like this we might well require such proof. Kindly issue instructions accordingly.

Sir,

I am in receipt of your letter of the 5th instant, in connection with the application for Letters Patent made by Johannes Scheffelmaier, for the South East ¼ of Section 14, Township 34, Range 12, West of the 4th Meridian. Mr. Scheffelmaier, furnished the Department with two declarations setting forth that he was born in Russia, notwithstanding that when he made application for homestead entry he declared that he was born in Germany. He also declared that his last place of residence before coming to Canada was Glastis, Russia.

In view of Mr. Scheffelmaier's conflicting statements, he was advised on the 14th of March last, that it would be necessary for him to furnish documentary evidence that he was a Russian Subject, and not a German Subject when he secured homestead entry. Mr. Scheffelmaier has not as yet complied with the Departmental Instructions, and he should, if possible, furnish his passport which would not doubt, establish his nationality before coming to Canada.

Mr. Hume.

Re S.E. 14-34-12 W. 4th Mer.,

Mr. Scheffelmaier made application for patent in connection with the above mentioned land, submitting his naturalization papers which stated that he was formerly a subject of the Russian Empire. When securing entry for this land this man stated that he was a subject of Germany, but that his last place of residence was Russia.

On the 22nd January 1918 you submitted this case. It was decided to ask for Mr. Scheffelmaier's Passport. The Passport has now been received, and has been translated by Mr. M.S. White. It shows that this man was sixty-one years of age, and a resident of Borodino, of Awkkerman District of the Government of Bessarabia, Russia,

Please say if this is satisfactory evidence, and may issue of patent now be proceeded with.

Re: Account of Johnannes Scheffelmeyer,
S.E.¼ 14-34-12-W4.

Dear Sir:

During the year 1915 while homesteading the above mentioned land, Mr. Johannes Scheffelmeyer received seed grain as a loan from the Government of Canada. The loan was secured by a lien on the title of the land of which we understand you are now the registered owner. No doubt you will be interested in settling the debt and having the title of your land cleared. The amount outstanding is $215.80 of which $70.80 is principal and $145.00 is interest.

The Seed Grain Advisory Board was set up by the Government of Canada some years ago to investigate seed grain, fodder and relief accounts and in cases where the amount of the indebtedness is large compared to the value of the land or other circumstances exist, to recommend a reduction of the debt.

You may feel that there are extenuating circumstances in your case. If so, you should write to the undersigned giving full details which will be presented to the Seed Grain Advisory Board for consideration. The Board will then review the account and you will be advised of the minimum settlement required to pay off the lien.

Yours very truly,

C.K. LeCapelain,
Chief, Lands Division.

Re: Account of Johnannes Scheffelmeyer
S.E.¼ 14-34-12-4

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1915 seed grain amounting to $70.80 was advanced to Johnannes Scheffelmeyer on the security of the above mentioned land. No payment has ever been received and the present standing of this account is:-

Principal	Interest	Total
$70.80	$145.00	$215.80

Patent was issued in the name of Johnannes Scheffelmeyer for the S.E.¼ 14-34-12-4 on the 19th of November 1919, subject to the 1915 lien.

This quarter-section is of very low assessed value and has never been revenue producing sufficiently to enable the repayment of the lien. The land is situated in a drought area of the Province disignated as Special Areas where the land is of poor quality and is used mostly for grazing purposes.

In reply to our questionnaire of the 13th of March 1953, Mr. J. Thomson, Special Areas No.200, Department of Municipal Affairs, Edmonton, Alberta, advised that this quarter-section was assessed in the name of J. Scheffelmeyer of Brownfield, Alberta, and that the land had a present day value of only $370.00, and that there was an accumulation of $67.98 arrears of taxes outstanding against the land.

The information obtained indicates that the land ~~is used~~ is such that it no longer offers any security of value for our lien. Under the circumstances it is recommended that the indebtedness be cancelled and the lien discharged.

In reply to your letter of the 5th inst., with enclosure, you are informed Homestead Inspector Fleming's report is not considered satisfactory. Of this he might be informed, and that the City of Ottawa is not in the Province of Quebec, and asked to report more definitely the area broken and in crop in each year and the probable cost per acre to break, or the area that might be considered the equivalent in cost to the breaking of 80 acres of ordinary prairie land.

It is understood Homestead Inspector Fleming ascertained that someone was going to crop the area broken this season, from whom it is possible he may be able to obtain the entrant's present address, as well as the street number if living in a city.

The Department is anxious to get in touch with the entrant to ascertain his intentions of making application for patent if sufficient has been done which it is impossible to say from the information furnished in the report made.

Mr. Hume:

S.W.¼ 18-25-1 W. 4th M. Area "B"
Pre-emption - John C. Wright.
Entry granted 12th August, 1912.

On Mr. Christie's memorandum of the 24th October last you authorized final sixty days to submit a satisfactory application for patent or state intentions with respect to completing the duties if he were not in a position to make application for patent. On the 3rd November last Mr. Wright was advised accordingly.

A Field Collector on the 30th November last reported that Wright has not been in the district for three years. No improvements on the pre-emption. Land was of no value for anything but grazing. He recommended that the entry be cancelled and the land made available for leasing.

The sixty days have just expired and it is just possible the Agent will not take final action until the 1st April next.

I would therefore suggest that the Agent be authorized to carry out cancellation notwithstanding winter protection and make the land available for grazing purposes only.

Dear Sir,

Replying to letter on other side, we know nothing of Mr. J. C. Wright's whereabouts. He worked for us, & when he left he said he was going down to Seattle first, & then ~~he didn't~~ know where. He left no address, so we have been obliged to return his mail to the post office. — We got very little mail when here — I think several letters from Hanna, Alberta. I think he told us that his home was out from Regina, East, but am not sure. — Sorry we can't help you further in locating him. He was a good man, & I'd like to help him if possible.

Yours sincerely,

The lienor's entry to the S.W. quarter has been cancelled, but the lien in question is registered against title to the N.W. quarter, patent to which issued on March 28th, 1916.

I would suggest that you kindly have an inspector when in the vicinity of this land during the coming summer visit the same and ascertain whether it is being cultivated, and if so by whom and under what agreement.

Re: Account of John Colbourn Wright
N.W.¼ 18-25-1-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1915 seed grain amounting to $21.00 was advanced to John Colbourn Wright on the security of the above mentioned land. No payment has ever been received and the present standing of this account is:-

Principal	Interest	Total
$21.00	$43.05	$64.05

Patent was issued in the name of John Colbourn Wright for the N.W.¼ 18-25-1-W.4th on the 28th of March, 1916, subject to the lien.

This quarter-section is of very low assessed value and has never been revenue producing sufficiently to enable the repayment of the lien. The land is described as rough, hilly and stony and in 1926 the homestead inspector reported that the land was not under cultivation.

In 1927 the land became subject to forfeiture proceedings for nonpayment of arrears of taxes and title was acquired by the Municipal District of Acadia, who after holding the land for many years disposed of it by sale to a Mr. Marius Hansen of Acadia Valley, Alberta, who apparently uses the land for grazing purposes.

In reply to our questionnaire of the 16th of May, 1952, the Secretary-Treasurer of the Municipal District of Acadia No. 34, advised us that the land was now being operated by a Mr. Marius Hansen and that this quarter-section was only valued at $240.00.

The information obtained indicates that the land is unsuitable for farming purposes and no longer offers any security of value for our lien. Under the circumstances it is recommended that the indebtedness be cancelled and the lien discharged.

I am informed by a Solicitor who was recently dealing with a Title to the S.W.¼ of the above described section that the following encumbrance appears thereon:

"S.G. Bond, Henry Schuetzle to Crown, $345.30, interest 5% from 1 April 1916 ..... 69889, 4443 B.U."

I have also received a copy of letter written April 10th, 1928, by Mr. J. W. Greenway, Commissioner in the former Department of the Interior to the effect that discharges were that day, forwarded to the Land Titles Office, Calgary, with respect to three Liens.

The Discharge Instrument was apparently not registered at that time and I would ask that you kindly examine your records and if the information set out above is correct, kindly release the encumbrance at your early convenience.

I am advising the Solicitor, by copy of this letter, that the matter is being referred to your office.

Re: W.½. 30-22-7-W. 4th Meridian,

Joint Relief Advances.

A copy of your letter of the 7th instant addressed to the Department of Northern Affairs and National Resources, Ottawa, has been forwarded to this office with a request that we reply to same.

I am pleased to advise that at a meeting of the Seed Grain and Relief Adjustment Board which was held on the 20th ultimo approval of the Board was given to the compromise settlement in the amount of $50.00. There has been a delay in processing the payments to make 50% of the amounts paid available to Ottawa but the refund will be made shortly. Together with Ottawa's portion of the settlements negotiated and approved by the Board at the last meeting, we will forward to that authority copies of Board Orders, etc., which will enable them to give consideration and consent to release all the encumbrances. The actual releases will be prepared at this office as soon as consent of Ottawa is received.

I apologise for any inconvenience the delay may have caused your client and would assure you that as soon as we are in a position to do so, releases will be forwarded to the Land Titles Office and I will notify you as soon as this final action is being taken.

Yours very truly,
S. Cherkas,

Joint Relief Advances.

The Seed Grain and Relief Adjustment Board appointed under Order P.C. 1752, dated November 23rd, 1955, having taken under consideration the attached report of the Chief Collector of the Collection Branch, Department of Municipal Affairs numbered 11,319, APPROVES the settlement outlined therein and DOES HEREBY RECOMMEND:

1. THAT, the Minister apportion and adjust the indebtedness more particularly described in the attached report, so that on application of the sum of Fifty dollars ($50.00) to the credit of the Joint Relief Advances, the debt will be paid.

CHAIRMAN, Seed Grain and Relief Adjustment Board.

Dominion Member, Seed Grain and Relief Adjustment Board.

TO:

The Honourable,
The Minister of Northern Affairs and National Resources,

BOARD ORDER NO: 11,319.

Re: W.½ 30-22-7-W. 4th Meridian,
Samuel Hyde,
Joint Relief Advances.

The attached report, with recommendations of the Chief Collector of the Collection Branch, Department of Municipal Affairs, dated May 29th, 1956, has been submitted to the Agricultural Relief Adjustment Board, and in the opinion of the Board the proposed adjustment is fair and reasonable and it is desirable that it be accepted.

In accordance, therefore, with the provisions of the Agricultural Relief Adjustment Act, Revised Statutes of Alberta, 1942, IT IS ORDERED that the recommendations for the adjustment and settlement of the said account contained in the said report, be and the same are, hereby APPROVED AND ACCEPTED.

CHAIRMAN, Agricultural Relief Adjustment Board.

The Honourable E. W. Hinman,
Provincial Treasurer,

Dear Sir:

Re: W.½ 30-22-7-W. 4th Meridian,
Samuel Hyde,
Joint Relief Advances.

The above named debtor obtained the following Joint Relief Advances for which Liens have been registered against the Title:

February 27th, 1922	$ 18.00	
December 6th, 1921	24.00	
March 21st, 1922	37.00	
Sub - Total	79.00	
Interest to December 31st, 1955	220.13	
Sub-Total	299.13	
Payments	38.87	
Total		$260.26

The existence of these Liens came to the debtor's attention recently and he has communicated with this office with a view to a compromise settlement being arranged. An offer of Fifty dollars ($50.00) has been made and remitted as a full settlement.

Our investigation indicates that the debtor is sixty-nine (69) years of age, his wife is seventy-four (74) years of age and their only assets consist of the Title to the S.W.¼ of the above

(Con't on Page 2)

described Section and the N.E.¼ of 24-22-6-W. 4th Meridian. These lands are situated in a part of the Province which suffered severe drought conditions and soil classification is marginal. The debtor has no chattels except some horse-drawn machinery. He has no liabilities except these Liens but also no reserve funds and he is most anxious to clear the Title to his land and be relieved of the anxiety created in his mind by this debt.

In view of the advanced ages of both the debtor and his wife and the very limited resources at their disposal, I feel that they have made an honest effort and the offer of Fifty dollars ($50.00) could be considered satisfactory under the circumstances. I would, therefore, recommend that upon application of the said payment of Fifty dollars ($50.00) the account be adjusted so that it will stand paid in full and the Liens be released from the Title.

Straight Provincial Seed Grain in the amount of Two Hundred and Twenty-Four dollars and Twenty-Two cents ($224.22) principal, together with accrued interest has already been cancelled.

Yours very truly,

S Cherkas

Dear Sir:

Re: S.W. 30-22-7-W.4th &
N.E. 24-22-8-W.4th

This will acknowledge your letter of the 22nd of October, 1956 concerning the account of Samuel Hyde charged against the above land. In connection with your previous letter dated the 7th of August, 1956, this was referred to Mr. S. Cherkas, Chief Collector, Department of Municipal Affairs, Edmonton, Alberta, for reply.

As the matter stands there is a recommendation from the Seed Grain Advisory Board being submitted to the Minister of Northern Affairs and National Resources that the sum of $50.00 be accepted in full settlement of the debt. We expect to have the Minister's approval within two or three weeks and as soon as we have the necessary authority, Mr. S. Cherkas will arrange to have the liens withdrawn from the title.

We regret that this has taken a considerable time. However, you can be sure that everything will be done to facilitate this matter.

Yours very truly,

C. K. LeCapelain,
Chief,

DOMINION LANDS ADMINISTRATION

August 2nd, 1929.

Sir,

Re: NW¼ 14-20-2 W.4th M.

I am in receipt of your undated communication inserted on the annual statement forwarded to you in connection with the indebtedness due this Department which you claim to have paid.

In answer I am to advise that the records show that you received two advances one in 1918 from this Department covered by a lien duly executed by you for 42 bushels of oats, valued at $52.00 bearing interest at 5% from the 29th April, 1919 to date of payment.

The other advance was made to you by the Provincial authorities for Fodder, valued at $52.00 bearing interest at 7% from the 11th May, 1923 and from evidence on record the final payment sufficient to liquidate that lien was made the 1st of November, 1928.

It is therefore presumed that arrangements will be made by you to liquidate the 1918 advance as previously set forth made by this Department and which is held as a correct charge and was properly registered against title to the land above mentioned.

Acting Commissioner of Dominion Lands.

Re: Account of Ray B. Vaughn,
N.E.¼ 14-20-2-W4.

Dear Sir:

During the year 1918 while homesteading the above mentioned land, Mr. Ray B. Vaughn received seed grain as a loan from the Government of Canada. The loan was secured by a lien on the title of the land, of which we understand you are now the registered owner. No doubt you will be interested in settling the debt and having the title of your land cleared. The amount outstanding is $150.78 of which $52.08 is principal and $98.70 is interest.

The Seed Grain Advisory Board was set up by the Government of Canada some years ago to investigate seed grain, fodder and relief accounts and in cases where the amount of the indebtedness is large compared to the value of the land or other circumstances exist, to recommend a reduction of the debt.

You may feel that there are extenuating circumstances in your case. If so, you should write to the undersigned giving full details which will be presented to the Seed Grain Advisory Board for consideration. The Board will then review the account and you will be advised of the minimum settlement required to pay off the lien.

Yours very truly,

C.K. LeCapelain,
Chief, Lands Division.

Dear Sir:

RE: N.E. 14-20-2-W.4th

We wish to thank you for your letter of the 23rd of March, 1956, informing us of the extenuating circumstances which you believe warrant a reduction in your seed grain account charged against the above land. Although you have not been notified lately of the amount of this debt our Department sent you a number of annual statements some years ago.

However, as your quarter section is of poor quality we expect that the Seed Grain Advisory Board will be willing to grant a reduction in your case. If you will remit the principal amount of $52.08 within a reasonable time, it will be recommended to the Board that the accrued interest of $98.70 be cancelled. Your cheque or money order should be made payable to the Receiver General of Canada and forwarded in care of the undersigned.

Yours very truly,

C.K. LeCapelain,

Re: Account of Ray B. Vaughn
N.E. 14-20-2-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1918 seed grain in the amount of $52.08 was advanced to Ray B. Vaughn on the security of the above described land. No payment was ever made on this indebtedness until the sum of $52.08 was received when the standing of the account was:-

Principal	Interest	Total
$52.08	$98.70	$150.78

In reply to our recent inquiry concerning the Federal indebtedness charged against this land, Mr. Ray B. Vaughn, Bindloss, Alberta, on the 23rd of March, 1956, wrote as follows:-

"Regarding your recent letter Re: Account of Ray B. Vaughn, N.E.¼ 14-20-2-W.4th I have no recollection of this debt but if I did I would have thought it was cancelled according to the enclosed slip.

Your letter was addressed to Social Plains and there has been no post-office at Social Plains for over twenty-five years which shows that you have not tried to contact me in that time.

I cannot understand why I was not notified years ago before all this interest accumulated and I do not think I should be required to pay this.

Seventy acres of this quarter is coulee and cannot be used."

The assessed value of this quarter-section in 1952 was only $380.00.

After negotiations the sum of $52.08 being the principal has been received in full settlement of our account. Under the circumstances and in view of the low value of the land, this is considered equitable.

Re: S.W. 32-11-10-W. 4th Meridian,

We wish to thank you for your letter of the 18th instant in which you have set out detailed information pertaining to the registration of the following liens:

No. 4478 BH.	Registered December 28th, 1915	$137.00
No. 6285 BD.	Registered July 7th, 1915	$162.30

Approximately one year ago the authorities at Ottawa furnished this office with statements of all Dominion Accounts which were outstanding in the Province of Alberta and we are unable to locate any account with respect to the above named debtor. It would appear that the account may have been settled at some time in the past and through an oversight the liens were not withdrawn.

I am forwarding a copy of this letter together with a type-written copy of receipts you forwarded, to Mr. C. K. LeCapelain, Chief, Lands Division, Department of Northern Affairs and National Resources, Ottawa, Ontario, with a request that a check of all records be made and if no account is outstanding, to forward a release instrument to the Land Titles Office at Calgary.

Mr. LeCapelain will, no doubt, advise you in this regard at an early date.

Dear Sir:

RE: S.E. 32-11-10-W.4th

We have been informed by Mr. S. Cherkas, Chief Collector, Department of Municipal Affairs, Edmonton, that there are Dominion liens for $187.00 and $162.30 registered against the above land in the name of Peter Peterson. The registered numbers are 4478 BH and 6285 BD and the dates of registration are December 28, 1915 and July 7, 1915.

We have checked our records and we have no Federal account presently outstanding against this land in the name of Mr. Peterson. You are therefore authorized and requested to remove the Dominion liens for $187.00 and $162.30 from the title to the S.E. 32-11-10-W.4th and all other lands.

Homestead Carl Scheffelmaier.

I have your letter of the 7th, and note the statements contained therein with regard to the entries above mentioned.

In the first case above quoted, I might say that Mr. Johannes Scheffelmaier has filed a statutory declaration, showing that he has been in residence on the land held by him under entry, with his family since April 1917 and has thereon a house, stable, granary and other improvements together with forty-five acres under cultivation. As apparently he has completed the duties to entitle him to patent, he has been notified to appear before the Agent or Sub-agent and make application for patent in the regular way. The patent, of course, will not be issued until evidence of naturalization is submitted.

In the case of Carl Scheffelmaier, the Department has called for a report from a Homestead Inspector in connection with the cancellation proceedings which have been pending against this entry since 1913, and which have never been disposed of and as soon as the report is received, the matter will have attention.

Yours faithfully,

S.E.¼ 13-34-12, W.4th M. Carl Scheffelmaier.

Sir:

Information has been received in this office, that the two men above-named are endeavouring to procure patents to the land mentioned under false pretences, and I would therefore ask you to have a very through investigation made before such patents are issued to them.

I am advised that they are of alien enemy birth, and have refused to take out naturalization papers until the present time, although I assume that this will be necessary before your Department could grant patents.

You are, I believe, fully aware that two returned men are anxious to enter cancellation proceedings against these homesteaders, and as the last named of the two has informed one of these returned men that he will sell the land for $1500 when he has obtained a full right to it, there does not appear to be any genuine intention to settle on that land. It is also stated that the duties laid down in the regulations were not properly carried out between the years 1912 and 1917, when the possibility of conscription was before the Government, and that the duties that have been performed since that date have been used as a means of evading the Military Service Act.

In view of these statements, and the fact that the men in question are Germans who have made no attempt to become citizens of this Country, I cannot be too emphatic in my request that you make the most searching inquiries regarding them, and exercise to the limit any discretionary powers of which you may be possessed.

I am, Sir,

Yours faithfully,

I beg to inform you that representations have been made to the Minister by the Secretary-Treasurer, Dominion Command, of the Great War Veterans' Association, in regard to the above named homesteaders, and I am to instruct you, therefore, to detail a Homestead Inspector to make a thorough investigation.

It is represented that these men are endeavouring to procure Letters Patent for their respective homesteads under false pretences and that they have refused to become British subjects by naturalization. Moreover, it is stated that Mr. Carl Scheffelmaier has offered to sell his homestead for $1500.00 when he receives patent. Further, that the duties have not been performed in either case in a satisfactory manner between the years 1912 and 1917, and that such duties as have been performed since the latter year were for the sole benefit of evading the Military Service Act.

I wish to draw your attention to the fact, however, that these men in making entry declared that they were Russians by birth and nationality, although it is now represented that they are Germans. There would seem to be grounds for supposing the latter statement to be correct as their signatures are in the German language.

It is noted that in the case of Mr. Carl Scheffelmaier, Homestead Inspector Woodlock furnished a report on the 13th May last, on the strength of which cancellation proceedings outstanding against his entry were abandoned.

Ottawa, 25th September, 1919.

M E M O R A N D U M:-

Mr. Hume,-

On the 6th September, 1912, Carl Scheffelmaier, a Russian, made homestead entry for the S.E.¼ 13-34-12, West 4th Meridian.

It was reported that Mr. Scheffelmaier was endeavouring to procure a patent to the land under false pretences, and by direction of the ~~Deputy~~ Minister, the Agent of Dominion Lands at Calgary was instructed to request a Homestead Inspector to visit the land and have a thorough investigation made.

The following is the report of Mr. Homestead Inspector Woodlock of the 12th ultimo:-

"Resides with his father in winter seasons on S.E.¼ 14-34-12,W.4th, from 1st October, 1914, to April, 1915; October 1st, 1915 to April 1st, 1916; October 1st, 1916, to April 1st, 1917; October 1st, 1917, to April 1st, 1918; October 1st, 1918 to April 1st, 1919.

1913 - broke 5 acres,			
1914 - broke 7 "	cropped 5 acres		
1915 -broke 10 "	" 15 "		
1916 - " 7 "	" 15 "		
1917 - ----------	----------		
1918 -	" 20 "		
1919 - " 10 "	" 20 "	$100.00	

See form 34A and a statement from Mr. Graham to lay the complaint to the Soldier Settlement Board."

In the declaration of Mr. James M. Graham of the 12th August last, he makes the following statement:-

"In the month of May Mr. Carl Scheffelmaier told me he would sell his homestead for $1500.00 after he proved up this fall. He had to build a house before he could prove up, he also told me if he proved up now they would make me go to war. This was summer of 1918. Never heard tell of John, S.W.¼ 16-34-12 W.4th M., offering his place for sale. In 1918 he advised me he would become naturalized until after the war was over. I never heard tell of him trying to prove up under false pretences."

What

What further action, if any, is to be taken in connection with the entry for the quarter-section referred to ?

thirty-nine acres broken, which is valued at $100.00.

Mr. Carl Scheffelmaier appears to have fulfilled the requirements with respect to residence, but is in default in his cultivation duties, as by this date he should have at least fifty acres broken.

There are no cancellation proceedings outstanding against either entry.

A declaration executed by one James M. Graham, dated the 12th August last, reads as follows:-

> "In the month of May Mr. Carl Scheffelmaier told me he would sell his homestead for $1500.00 after he proved up this fall. He had to build a house before he could prove. He also told me if he proved up now they would make me go to war. This was summer of 1918. Never heard tell of John, S.W.16-34-12-W.4 M., offering his place for sale. In 1918 he advised me he would become naturalized until after the war was over. I never heard tell of him trying to prove up under false pretences."

In this connection Homestead Inspector Woodlock makes the following remarks:-

> "Please find Mr. Graham's statement attached. The minute I read said instructions I believed it to be Mr. Graham who laid the complaint and when I asked him so, he admitted he did, I took his affidavit, he admits in his own statement he never heard either entrants were trying to prove up under false pretentions. I made inquiries from several of the settlers, they advised me they never heard either of the entrants making any threats, never knew there was any trouble. Mr. Graham would make it, it would come second nature to him. Two of these settlers were Englishmen, same as Mr. Graham, who gave me this information. One of them advised me Mr. Graham made his threat he was going to get clear of all those aliens in the vicinity. Mr. Graham is a returned veteran. The father of the entrants was born in Germany, the family was born in Russia. They have always been known as Russian Jews. This information I got from settlers, neither entrant can speak English enough to understand them."

If the ordinary practice is to be followed, Mr. Carl Scheffelmaier should be given a final opportunity of bringing his cultivation up to the full area, such final notice to expire, say on the 15th July next, while Johannes Scheffelmaier should be called upon to make an immediate application for patent, if intended to do so. Respectfully submitted,

LEM.

MEMORANDUM

S.W.¼ of 16-34-12-W.4th M.
Homestead of Johannes Scheffelmaier, Jr.
Entry granted 27th July, 1912.

S.E.¼ of 13-34-12-W.4th M.
Homestead of Carl Scheffelmaier.
Entry granted 6th September, 1912.

On the 24th June last, Mr. C. C. MacNeil, Dominion Secretary Treasurer of the Great War Veterans' Association, wrote the Minister asking that a very thorough investigation be made as to the manner in which the above entrants were performing their duties.

Mr. MacNeil stated that these entrants were Germans and that he could not be too emphatic in his request that the most searching inquiries be made regarding them, and that any discretionary powers vested in the Minister should be exercised to the limit.

I may point out that when these entries were made the entrants represented that they were subjects of the Russian Empire, and as such entries were made prior to the outbreak of the war, there was nothing to be gained by misrepresentation on this point.

Although these men were born in Russia, it seems to be established that they were of German descent but they evidently regarded themselves as Russian subjects.

Homestead Inspector Woodlock looked into these cases, and in a report dated the 11th ultimo, set out that Johannes Scheffelmaier was then in residence on his homestead and that he had lived there continuously since April, 1913. The improvements are good and the fifty-five acres brought under cultivation is valued at $400.00. The Inspector states that he can see no reason for cancelling this entry, and on the face of it, it would seem that Mr. Scheffelmaier is entitled to patent on making application therefor and furnishing a Certificate of Naturalization.

With respect to Carl Scheffelmaier, the Inspector states that he lives with his father on the S.E.¼ of 14-34-12-W.4th M., during the winter seasons. There are no improvements upon Mr. Carl Scheffelmaier's homestead except

MEMORANDUM:

Mr. Hume.

S.E. ¼ 13--34--12 W. 4th Mer.
Homestead of Carl Scheffelmaier.
Entry granted September 6th, 1912.

In May 1919, representations were made to the Minister's Office by the Great War Veterans' Association, Calgary Branch, that this Homesteader had not proved up his homestead and had refused to apply for naturalization. Consequently the Agent was instructed to have a Homestead Inspector report in this connection and the report furnished was very favourable to Mr. Scheffelmaier as it showed that more than sufficient duties had been performed to entitle him to patent.

A further complaint was received from the Dominion Command, Great War Veterans' Association, regarding this Homesteader and his brother, to the effect that they had offered their homesteads for sale, and moreover, that they were undesirable German Subjects who reported at the time of entry that they were Russians. Accordingly the Agent was requested to have the Inspector investigate. The following report was received from Homestead Inspector, dated August 12th, 1919:

"Resides with his father in winter seasons on SE 14--34--12--W4; from Oct. 1, 1914-April. 1915; Oct. 1, 1915--April 1, 1916; Oct. 1, 1916--April 1, 1917; Oct.1, 1917--April 1, 1918; Oct.1, 1918--April 1, 1919."

The Inspector's Supplementary report on form 34 A referred to, is on the accompanying file, and concerns this Homesteader and his brother in connection with the charges made by ~~the Court of~~ the Great War Veterans' Association. This report reads as follows:

"Please find Mr. Graham's statement attached. The minute I read said instructions I believed it to be Mr. Graham who laid the complaint and when I asked him so, he admitted he did. I took his affidavit, he admits in his own statement he never heard either entrants were trying to prove up under false pretentions. I made inquiries from several of the settlers. They advised me they never heard either of the entrants making

any threats, never knew there was any trouble. Mr. Graham would make it, it would come second nature to him. Two of these settlers were Englishmen, same as Mr. Graham, who gave me this information. One of them advised me Mr. Graham made his threat he was going to get clear of all those aliens in the vicinity. Mr. Graham is a returned veteran. The father of the entrants was born in Germany, the family was born in Russia. They have always been known as Russian Jews. This information I got from settler, neither entrant can speak English."

This case was submitted on the 30th September, 1919, and it was dicided to extend Mr. Scheffelmaier a final notice to the 15th July, 1920, within which to bring his cultivation up to the full area.

A declaration dated the 1st instant is now to hand from this homesteader, and according to same he broke twenty acres this year, which gives him a total of fifty-three acres of breaking. Moreover, he has been in continuous residence with his father, has fenced the whole quarter-section, and is the owner of twelve head of stock.

Kindly state if cancellation proceedings which were revived last September, are to be abandoned, and the homesteader advised to apply for patent immediately.

Sir,

I beg to acknowledge receipt of your letter of the 9th instant in reference to your Certificate of Naturalization as a British Subject, which is required in connection with your application for patent for your homestead, the South East quarter of Section 15, Township 24, Range 15, West 4th Meridian.

In reply I may say that the matter of issuing Naturalization Certificates is one which does not come under the jurisdiction of this Department and I would suggest that you take your case up with Mr. Arthur Brophy, Chief Clerk of Naturalization, Department of Secretary of State, Ottawa, who will no doubt advise you fully with respect thereto.

It is noted in your application for patent that you have only fifteen acres in crop whereas you should have thirty acres owing to the fact that your residence duties has been performed in the vicinity. Under the circumstances, before your application can receive further consideration, it will be necessary for you to crop an area of not less than thirty acres and then appear before the Agent of Dominion Lands at Calgary or a Sub-agent for the District in which your land is situated with two competent witnesses and execute a supplementary statement setting forth the facts.

Your obedient servant,

F. NELSON

Mr. Scheffelmaier has been advised that it will be necessary for him to crop an area of not less than thirty acres next season and then furnish you with a supplementary statement. When the statement in question comes to hand you should then return the application for patent to this office recommended or otherwise if you see fit when his case will receive further consideration.

I have your letter of the 22rd of January and would say that I have made application for a Certificate of Naturalization through the Clerk of the Court in the Stettler District.

I note what you say in regard to the amount of crop and beg to say that there must have been a mistake on my application as I had thirty acres under cultivation and in crop in 1919. In 1920 I had fifteen acres of crop, and fifteen acres of summerfallow and broke twenty acres, and I have fifty acres ready for crop this year.

1. That the debtor abandoned the land which reverted to the Municipal District of Hiram No. 304, under Tax Recovery Proceedings.

E. J. Fream, Esq.,
Chairman, Seed Grain Adjustment Board,

Dear Sir;-

Re: Dominion Liens - Carl Scheffelmaier - SE 13-34-12-4,

Carl Scheffelmaier obtained a seed grain advance of $33.15 from the Department of the Interior in 1915. With interest to November 30th,1928 his indebtedness amounted to $55.72.

A seed grain bond and a seed grain lien [illegible] for $33.15 are registered on title to the above described property which is now vested in the Municipal District of Hiram No.304 as a result of proceedings under the Tax Recovery Act 1922. They have sold the land for $200.00 and have therefore applied for adjustment of the seed grain indebtedness and for removal of the seed grain bond and seed grain lien registered on the title to the property.

It has been ascertained by careful enquiry that this land is situated in a very dry district, there being no settlers in the vicinity of it; that there are practically no roads in the whole township; that owing to the poor quality of the soil over a large area of the Municipal District and to the drought which has been experienced there over a long series of years no land there can be of very high value. This quarter section is very sandy. It is therefore felt that the price for which the Municipality have sold represents the fair sale value of the land.

After deduction of sale costs amounting to $[illegible] there will remain of the proceeds of the sale a balance of $197.71 for division pro rata between the following claims against the land:-

Taxes,	
Dominion Liens,	$691.00
	55.72

The share of the proceeds payable for release of the Dominion liens if $14.71 for which sum my cheque in favor of the Financial Controller is hereto attached. It is recommended that it be accepted as consideration for release of the liens from title to this property and that the Department of the Interior be authorised to issue the necessary releases of the encumbrances forthwith.

May 28th, 1929.

MEMORANDUM:-

Mr. Perrin,

Re.-Carl Scheffelmaier.
S.E.¼. 13-34-12-W. 4th.

Under the legislation authorizing the apportionment and adjustment of the Seed Grain, Fodder and Relief indebtedness, this case has received the investigation and recommendation of the Adjustment Board of Alberta, as per their reports dated the 14th of December and the 20th of April last, marked hereunder.

The indebtedness in this case consists of the following advances on which the amount due as on the 30th of November last was as follows:-

FEDERAL.

Year.	Principal.	Amount due 30-11-28.
1915	$ 33.15	$ 55.72

It is represented that the debtor abandoned this land which is now vested in the name of the Municipal District of Hiram #304 under Tax Recovery Proceedings. The Municipality has now received an offer of $200.00 for the land which is considered a fair value.

The Board recommends that the purchase price be divided on the pro rata basis between the taxes and Seed Grain, resulting in the sum of $14.71 to be applied in full settlement of the Seed Grain advance and the balance remaining unpaid written off as uncollectible. This will constitute a loss to the Department of approximately $41.00.

In my opinion the adjustment seems fair and reasonable and I presume therefore, that it will be in order to prepare the memorandum to Council.

Hd. & pre. Charles N.Daniels,
Entries granted 11th Sept./12.

What action is to be taken in connection with the cancellation proceedings pending in this case?

Proceedings were instituted on behalf of H. Silvester on the 15th October last.

Mr. Daniels has filed a defence claiming the following residence:-

28th April,1913, to 1st July, 1913,
20th Oct., 1913, to 1st April,1914,
month of August, 1914.
In residence at present time.

The homesteader further states that during the months of May and June, 1914, he was working at a place about 2½ miles from his homestead and came home Sundays.

Improvements:-
log house.

Cultivation:-
7 acres broken.

Quotation from declaration.

"Owing to the scarcity of work I couldn't get the money to have breaking done until after harvest and it was too dry to do it at that time, but have paid for 15 acres to be broke and cropped next year and will do as much as my circumstances will permit."

- On -

On the 4th instant the Deputy Minister gave instructions that the Agent was to be called upon to report regarding the standing of this case promptly on the expiration of the 60 days notice.

It would appear from the terms of defence that the homesteader should be given a reasonable time within which to place his entry in good standing with respect to residence and cultivation; say until 1st May with respect to the former and until the 15th July in regard to the latter, provided he satisfies the Department that he is in good standing with respect to residence by, say 1st May.

RE: Account of Chas. M. Daniels
E½ 14-38-6-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1919 and 1920 seed grain amounting to $280.25 were advanced to Chas. M. Daniels on the security of the above mentioned land. No payment has ever been received and the present standing of this account is:-

Principal	Interest	Total
$280.25	$716.97	$997.22

Patent was issued in the name of Charles Nelson Daniels for the N.E. ¼ 14-38-6-W.4th on the 2nd of April, 1921. The S.E. ¼ 14-38-6-W.4th was formerly the pre-emption entry of the debtor whose entry was cancelled on the 27th of November, 1924, and the land is still unalienated Crown land held in the right of the Province.

According to an Abstract of Title dated the 25th of January, 1956, the N.E. ¼ 14-38-6-W.4th now stands in the name of a Mr. Francis Ernest Todd of Metiskow, Alberta, clear of any encumbrance; while the S.E. ¼ 14-38-6-W.4th is shown as unpatented Crown land held in the right of the province, also clear of any encumbrance.

As the liens are not registered against the land and there is no further security for the advances, it is recommended that the indebtedness be cancelled.

The undersigned member of the Seed Grain Advisory Board, having taken into consideration the attached report, approves the settlement outlined therein and does hereby recommend:-

Yours to hand re

This place has up to date, cost me over 2500 dollars, and I am not going to spend another dollar on it, until such time as it will grow crops to exceed expenses.

I took up this land in 1912, and 1915 is the only year when there was a crop; all the rest were burnt off with the drought, and I don't propose to lose any more; one must take some risks, but one crop in eleven years is too bad for anything. Yours faithfully

Referring to your instructions of the 26th of May last addressed to Homestead Inspector Fleming, I wish to say that as stated in my former report, John Lawson has this land rented. He has about two-thirds of what was broken in crop and about 15 or 20 acres summer fallowed. There will be very little crop if any on this land this year as this district is all dried out.

You will hear from this man in the event of there being any crop.

Re: Account of George Rhind,
S.E.¼ 20-24-4-W4.

Dear Sir:

During the year 1915 while homesteading the above mentioned land, Mr. George Rhind received seed grain, fodder and relief as a loan from the Government of Canada. The loan was secured by a lien on the title of the land of which we understand you are now the registered owner. No doubt you will be interested in settling the debt and having the title of your land cleared. The amount outstanding is $407.19 of which $134.35 is principal and $272.84 is interest.

The Seed Grain Advisory Board was set up by the Government of Canada some years ago to investigate seed grain, fodder and relief accounts and in cases where the amount of the indebtedness is large compared to the value of the land or other circumstances exist, to recommend a reduction of the debt.

You may feel that there are extenuating circumstances in your case. If so, you should write to the undersigned giving full details which will be presented to the Seed Grain Advisory Board for consideration. The Board will then review the account and you will be advised of the minimum settlement required to pay off the liens.

Yours very truly,

C.K. LeCapelain,
Chief, Lands Division.

RE: Account of George Rhind
S.E. 20-24-4-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:

In 1915 seed grain, fodder and relief amounting to $134.35 were advanced to George Rhind on the security of the above mentioned land. No payment has ever been received and the present standing of the account is as follows:-

Principal	Interest	Total
$134.35	$272.84	$407.19

Patent was issued in the name of George Fred Augustus Rhind for the S.E. ¼ 20-24-4-W.4th on the 17th of February, 1916, the land later becoming subject to the 1915 liens.

According to an Abstract of Title dated the 16th day of February, 1956, this quarter section of land now stands in the name of John Lawson of Cappon, Alberta, subject to the 1915 liens of George Rhind.

On the 19th of June, 1956, the following letter was received from John Lawson, Cappon, Alberta:-

"In reply to your letter of February 27, 1956, re account of G. Rhind S.E. ¼ 20-24-4-W.4th this land is very rough and rocky and there as been no new land broken on it for thirty five years their is forty five acres of land plouged on it and it assess at 270 dollars and we live 25 miles from the nearest town and it is in the special area and I am getting old sixty nine next September my other land is not much, better h ve to hire help and I think the Seed Board should write it of."

A report from our homestead inspector would indicate that this land is in the dry belt, rolling and very rocky. The value of the land is given as $120.00. In view of the information on hand it is recommended that the federal indebtedness be cancelled and the liens discharged.

Dear Mr. Wright,

Re: NW 12-32-4 W. 4.-SW 13-32-4 W.4.
and SW 17-45-12 W.2.

We have your letter of the 27th of November, 1950, informing us that there are certain seed grain liens registered against the above lands in the name of Samuel H. Stewart and asking the present status of these liens. Our account is for seed grain, fodder and relief obtained by Mr. Stewart in 1915, 1919, 1920 and 1922. Mr. Stewart has never made any payment on this account and the present standing is as follows:

Principal	Interest	Total
$ 974.35	$ 1,946.65	$ 2,921.00

This is a Federal account only and not a Joint Provincial and Federal account and no part of it has at any time been cancelled. As you probably know there is a Seed Grain Adjustment Board which has been established by the Federal Government for the purpose of investigating these old liens and where warranted to recommend an apportionment or adjustment.

The Board is investigating this account with a view to making some adjustment. In the meantime will you

On December 6th, 1950, we wrote you requesting certain information about the above quarter section which was needed in settling an outstanding account for seed grain and relief advances. We have not yet had a reply from you and in case the original inquiry did not reach you I am enclosing another copy of the questionnaire which was sent. It will be appreciated if you could complete this form and return it to us at your earliest convenience.

I have your letter of December 26th last, asking that you be allowed to present the above case to the Seed Grain Adjustment Board. When you are next in Ottawa I will be pleased to discuss this account and I believe a satisfactory settlement can be arranged.

We are making a few additional inquiries on this account and I think you should re-check with Mr. Stewart the information he had given you as our records indicate that his pre-emption, S.W. 13 had no improvements when cancelled and his homestead NW 12 was taken by the Municipal District for tax arrears.

MEMORANDUM FOR FILE

Re: S.W. 17-45-12-W.2nd.

On Thursday February 1st Mr. LeCapelain and the writer visited Mr. P.E. Wright, M.P. for Melford in his room in the House of Commons to discuss settlement of the seed grain account of S.H. Stewart on the above property.

Mr. LeCapelain pointed out that Mr. G.E.B. Sinclair who is a member of the Seed Grain Adjustment Board was out of the city for a few days and could not be present. He also discussed the establishment of the Seed Grain Adjustment Boards and their practice of trying to collect the principal amount and 50% of the accrued interest on these old accounts. Mr. Wright then told of his visit to the farm on which Mr. Stewart has lived and worked for the past 20 years without acquiring any wealth. Mr. Stewart has now reached the age where his income is almost entirely gone but might be able to raise $100.00 a year for the next three years if this amount could be accepted in settlement of his account.

Mr. LeCapelain then explained that although the principal amount now outstanding on Mr. Stewart's account amounts to $974.35 only those advances that were made in 1915 amounting to $373.10 could properly be considered a charge against the S.W. 17-45-12-W.2nd. He thought if Mr. Stewart could pay this amount even if payments were extended over three or four years the Seed Grain Adjustment Board would recommend the acceptance of this amount in full settlement of our claim. Mr. Wright asked that we send this information to Mr. Stewart and stated that he would also write recommending to Mr. Stewart that he accept this offer.

C.W. Gilchrist.

Dear Sir:

Re S.W. 17-45-12-W.2nd.

Mr. P.E. Wright, M.P. for Melford has approached this office on your behalf to arrange some settlement of the indebtedness outstanding on Federal Government liens presently registered against your land.

Your account which is for advances of seed grain, relief and fodder in the years 1915 to 1924 now stands:

Principal	Interest	Total
$ 974.35	$ 1946.65	$ 2921.00

Any reduction in this account must be recommended by the Seed Grain Adjustment Board which has been established by this Department to investigate these old liens. In very many cases the debtors are paying the principal amount plus one half the accrued interest to have their lands cleared. Mr. Wright has pointed out that you have worked your land for a number of years without a great deal of success and that your income will now provide only the bare necessities. It is realized that your account is very high and it is not the wish of the Department to cause undue hardship. We are, therefore, prepared to recommend to the Board that the principal amount of the advances you received in the year 1915 amounting to $373.10 be accepted in full settlement of our claim.

S.F. Stewart, Esq.,
Crooked River, Sask.

If you can not pay the full amount at the present time you may let us know of the arrangement you would like to make for annual instalments over the next few years.

Yours very truly,

C.K. LeCapelain,
Acting Chief, Lands Division.

This will acknowledge your letter of the 14th of February, 1951, advising us that it is your intention to make annual payments of $100.00 on the indebtedness outstanding for advances of seed grain and relief. When you have paid $373.10 in this matter our recommendation will be made to the Seed Grain Adjustment Board to accept this amount to remove Federal Seed Grain and Relief liens from your property.

Dear Sir:

Re: Account of Samuel H. Stewart
S.W. 17-45-12-W.2nd.

I have your letter of February 22nd pointing out that this Department is not committed by our offer to Mr. Stewart of February 20th.

It is true that we have only agreed to recommend the acceptance of $373.10 to settle the account of Mr. Stewart but this is simply following the practice adopted a number of years ago. It was found that a great many settlements were presented to Council for approval before payment was made and when we endeavoured to collect the debtor could not or would not make payment. As you will understand there is considerable work entailed is making a submission to Council and we do not make a submission until we are reasonably sure that payment will be forthcoming. The only assurance that we can give is that the recommendations to the Board are invariably approved.

If this assurance is not sufficient for Mr. Stewart we are prepared to make the submission to Council on receipt of the first instalment payment that he makes.

Re: Account of Samuel Henry Stewart
S.W. 13 & N.W. 12-32-4-W4 & S.W. 17-45-12-W2

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:

In 1919, 1920 and 1922 seed grain amounting to $601.25 was advanced to Samuel Henry Stewart on the security of the S.W. 13 & N.W. 12-32-4-W4 and later became registered against the S.W. 17-45-12-W2. No payment has ever been received and the present standing of this account is:

Principal	Interest	Total
$ 601.25	$ 1,377.04	$ 1,978.29

Patent was issued in the name of Samuel Henry Stewart for the N.W. 12-32-4-W4 on the 9th of January 1918 and later became subject to the liens. The S.W. 13-32-4-W4 was formerly the pre-emption entry of the debtor whose entry was cancelled on the 5th of June 1924 and the land is still unalienated Crown Land held in the right of the Province.

The debtor later obtained a second homestead in Saskatchewan, for the S.W. 17-45-12-W2 and patent issued in his name in 1937, subject to the liens. As the advances were obtained on the security of the S.W. 13 & N.W. 12-32-4-W4 they were improperly charged against the S.W. 17-45-12-W2 and should be removed.

In reply to our questionnaire of the 16th of May 1953, concerning the S.W. 13 & N.W. 12-32-4-W4, J.H. Todrick, Supervisor, Special Areas, Department of Municipal Affairs, Province of Alberta, wrote as follows:

"The N.W. Quarter is presently vested in this Department having been acquired through Tax Recovery Proceedings, while the S.W. Quarter is unalienated Crown Land. This land is occupied at present under a long term grazing lease, and is located in that part of the Province designated Special Areas and as such there is little likelihood of same ever being disposed of by sale or utilized for any purpose other than grazing."

The information obtained indicates that the land is unsuitable for farming purposes and no longer offers any security for our liens. Under the circumstances it is recommended that the indebtedness be cancelled and the liens discharged.

C.W. Gilchrist.

Patent was issued in the name of Samuel Henry Stewart for the N.W. 12-32-4 W. 4 on the 9th of January 1918, subject to the liens. The S.W. 13-32-4 W. 4 was formerly the pre-emption entry of the debtor whose entry was cancelled on the 5th of June 1924, and the land is still unalienated Crown land held in the right of the Province.

Dear Sirs:-

Will you kindly advise the amount owing to date on liens against the above land. We have title to the land but this is a poor quarter and we doubt very much if we could sell it for very much more than your liens against it, but we will do our best.

Possibly you might see your way clear to waive the interest, under the circumstances. Let us hear from you in due course. We would be willing to accept now a cheque for the face amount of the liens.

Please send us a memorandum of the amount owing in connection with Dominion Liens against the above property, if any. We would like to have this information by return mail, because, if there is any balance outstanding, we wish to pay same at once, and would suggest you show the amount owing as at March 31st, 1928.

Can you possibly consent to accept the principal only, in this case? This was a very poor piece of land, and we have never been able to do much with it.

Sir,-

N.E.¼ of Sec. 18. Tp. 32. Rge. 4. West 4th Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief the land taken under the authority of this letter will be subject to such indebtedness.

Re: Account of Olaf Ness,
N.E.¼ 18-32-4-W4.

Dear Sir:

During the years 1919 and 1920 while homesteading the above mentioned land, Mr. Olaf Ness received seed grain as a loan from the Government of Canada. The loan was secured by a lien on the title of the land of which we understand you are now the registered owner. No doubt you will be interested in settling the debt and having the title of your land cleared. The amount outstanding is $936.99 of which $264.50 is principal and $672.49 is interest.

The Seed Grain Advisory Board was set up by the Government of Canada some years ago to investigate seed grain fodder and relief accounts and in cases where the amount of the indebtedness is large compared to the value of the land or other circumstances exist, to recommend a reduction of the debt.

You may feel that there are extenuating circumstances in your case. If so, you should write to the undersigned giving full details which will be presented to the Seed Grain Advisory Board for consideration. The Board will then review the account and you will be advised of the minimum settlement required to pay off the liens.

Yours very truly,

J Gauvin

Re: Account of Olaf Ness
N.E.¼ 18-32-4-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1919 and 1920 seed grain amounting to $264.50 was advanced to Olaf Ness on the security of the above mentioned land. No payment has ever been received and the present standing of this account is:-

Principal	Interest	Total
$264.50	$672.49	$936.99

Patent was issued in the name of Olaf Ness for the N.E.¼ 18-32-4-W.4th on the 21st of April, 1921, subject to the liens.

This quarter-section of land is of very low assessed value ($290.00) and has never been revenue producing sufficiently to enable the repayment of the liens. This land is situated in that part of the Province designated "Special Area" where the land, due to drought, is mostly suitable for grazing purposes only.

In reply to our questionnaire of the 25th of September, 1953, the Director of Assessments, Department of Municipal Affairs, Province of Alberta, Edmonton, Alberta, advised us that this quarter-section had a present day value of only $300.00 and that there was an accumulation of $13.87 arrears of taxes outstanding against the land.

The information obtained indicates that the land is such that it no longer offers any security of value for our liens. Under the circumstances, it is recommended that the indebtedness be cancelled and the liens discharged.

Dear Sir:

RE: Albert Wiles.
S.E. 14-68-23-W.4th.
S.E. 2-109-12-W.5th.
EDMONTON DIV.

In the year 1915 the above party obtained an advance from the Dominion Government for Seed Grain in the sum of fifteen dollars and thirty cents, ($15.30) against which no repayment has been made and the amount now outstanding is thirty-six dollars and forty cents, ($36.40).

At the time this advance was received Wiles apparently held entry to the S.E. 14-68-23-W.4th, and the lien was held as a charge against this property. He subsequently obtained title to the S.E. 2-109-12-W.5th, and the lien was accordingly charged against this property when it was vested in his name.

The S.E. 14-68-23-W.4th is now owned by S. McKelvey, who acquired it from T. O'Donaghue, the later apparently having obtained it as a Soldiers' Grant.

Some little while ago Mr. McKelvey requested a release of this lien on the grounds that he had no knowledge of its existance, but as the lien represents a first charge against the property he was asked to make an offer by way of settlement, as an unconditional discharge did not seem to be justified.

Notice is hereby given that the N.E.¼ Section 7 Township 1
20 4th
Range West of the Meridian, is now available for settlement, and will be reserved for PRE-EMPTION ENTRY by one of the homesteaders living on adjoining lands, provided such homesteader is entitled to this privilege, for a period of fifteen days from the date of this notice, that is to say, until the closing of the Land Office on the 23rd day of December 191 6 on the following conditions:

LAND PATENTS BRANCH
DEC 18 1916
DEPARTMENT OF INTERIOR

(1) If the homesteader who has the prior right applies for entry for the land so reserved before the close of office hours on the 15th day hereafter, he will be granted pre-emption entry provided his application is regular in other respects.

(2) A homesteader whose right to a pre-emption entry for this quarter-section is second, third, or fourth in order of priority, will not be given entry before the close of office hours on the 15th day from the date of this notice. If the homesteader having priority of right does not apply in person for entry before the close of office hours on such 15th day, the claimant next in order of priority, who is present in person at that time, shall be accepted, provided his application is regular in other respects, and he shall be given an entry receipt either then or on the opening of the office on the day following in priority of any other business.

(3) If an application for pre-emption entry for this land is not made in person by one of the homesteaders entitled to the entry as above provided, the land will then be posted in the ordinary way for a period of ten days and then disposed of to the first eligible applicant.

Copy to H. O. ?

In addition to sending this notice to the Postmaster and Sub-agent, it is the practice to mail a copy to each of the parties concerned, but the Department is under no obligation to mail such copies, and the non-receipt of the same by the parties interested will not confer any standing upon them in connection with the land, nor any right to have the case re-opened later.

PRIORITY OF APPLICANTS FOR PRE-EMPTION.

(a) In deciding the question of priority of right between two applicants for the same pre-emption, the rule provided by sub-section 6 of section 27 of the Dominion Lands Act must be followed. That is to say, priority of date of entry receipt or of date of squatting before survey gives priority of right to pre-emption. For the purposes hereof, the date of squatting before survey stands in the place of date of homestead receipt. If two entry receipts are dated on the same day, the one first entered in the books has the priority.

(b) It is to be noted that priority of pre-emption right by reason of priority of homestead receipt does not apply unless the entry is in good standing.

(c) For the purpose of this regulation, a homestead entry which has stood for not more than six months shall be considered to be in good standing.

(d) A homestead entry which has stood for a period exceeding six months shall also be considered to be in good standing if the entrant has been in bona fide residence within six months before the date upon which his right is questioned, and is otherwise complying with the provisions of the Act.

(e) An entry under protection is not to be considered as being in good standing for the purpose of establishing priority as against another applicant for pre-emption who is in good standing, unless the homesteader proves that he is in actual residence.

(f) In case the homestead entry of an applicant for a pre-emption entry is subject to an application for cancellation, the question of right of such homesteader shall be subject to decision of the Agent on the best evidence available, if sufficient. If sufficient evidence is not available to warrant a decision he may withold entry and refer to Head Office, and the reservation will be continued until the decision of Head Office is received, and the position of the other applicant, or applicants, will be maintained in the meantime.

(g) The question of the good standing of a homesteader applying for a pre-emption entry is not to be raised, except in case of conflicting application for pre-emption by another homesteader or by a squatter before survey or by an applicant for homestead entry, either free or purchased, or by an applicant for cancellation.

Re N.E. 7_-1-20-W 4th Mer.

Dear Sir:-

Considering the fact that my homestead was canceled during my absence, and there was really no grounds for my place to be canceled.

But since it is canceled and there has onlybeen the small amount of $10.00 allowed for my improvements when the Inspectors report went in. May I appeal to you for justice? There is no question but I can prove that the improvements cost me over $75.00. Can also show you why my homestead should not have been canceled if you will give me the opportunity to do so. Will you please advise me as to how many witnesses you will require me furnish your department in connection with this matter?

Thanking you for a reply at your concenience:
I wish to remain.

Sir,

I beg to acknowledge the receipt of your letter of the 3rd instant, protesting against the homestead inspector's valuation of $10.00 as the value of the improvements that were on your former homestead, the N. E. ¼ of Section 7, Township 1, Range 20, West of the 4th Meridian, wherein you state that there is no question but you can prove that the improvements cost you over $75.00 and you can also show why your homestead should not have been cancelled if you were given an opportunity to do so.

In reply I may say that cancellation proceedings were instituted against this land on the 9th of April, 1919, and as you failed to file a defence cancellation was carried out on the 10th of June last and a legal entry was granted for the land on the 19th idem. Under the circumstances you will, therefore, see that you have no further claim whatever to the quarter-section.

In view of your representations as regards the improvements, however, the Agent of Dominion Lands at Lethbridge is being requested, by concurrent mail, to take the matter up with the Homestead Inspector with a view to having him confirm or amend his report and on receipt of a reply from the aforesaid official, the matter will receive consideration and you will be further advised.

Memorandum

Mr. Home.

Re. N.E.½. 7-1-20-W.4th M.
Cancelled entry of J.S. Taylor.
Entry granted to the applicant
for inspection, O. F. Allen,
16th June, 1919.

Cancellation proceedings were instituted against Mr. Taylor's entry on the 9th of April, 1918, but Form No. [illegible] on file here shows that the notification allowing the institution of proceedings was addressed to S. J. Wilson. On the 3rd January, 1919, Mr. Taylor communicated with the Department complaining about the Inspector's valuation of improvements, which were made by him on the above mentioned land and at that time, he stated that if he were given an opportunity to do so, he was in a position to show why his homestead should not have been cancelled, and that he could produce witnesses in support of his claim.

He was advised on the 14th of January last, that cancellation was carried out, owing to his failure to file a defence, but in view of his representations, an Inspector was requested to furnish a Supplementary report as to the value of the improvements. This report has now been received and values a shack built by Mr. Taylor at $[illegible], which is double the amount allowed for it in the first report.

As Mr. Taylor appears to be not in a position to file a defence, the notification having been sent to Mr. Wilson, please say what action is to be taken.

COMMISSIONER

MEMORANDUM.

N.E.¼ 7--1--20-W4th M.
Homestead of O.F. Allen.
Entry granted 19th June, 1919.

Cancelled entry of J.S. Taylor.

The question to be decided is whether or not any steps should be taken with the object of restoring Mr. Taylor's entry.

On the 9th April, 1919, the Agent forwarded a notification on Form No. 41 that cancellation proceedings had been instituted on behalf of O.F. Allen against Mr. S.J. Wilson's entry for the land in question. Unfortunately, when this form was received here it was not noticed that the name of the entrant was given as Wilson instead of Taylor. We do not know whether the original notice was correctly addressed to Mr. Taylor or not, but the tenor of his communications would indicate that he did not receive any notice of the institution of cancellation proceedings.

At all events, no defence was received from Mr. Taylor and the Agent, therefore, carried out cancellation by default on the 10th June, 1919, and granted reentry to Mr. Allen, the applicant for cancellation, on the 19th of the same month.

On the 3rd January, 1920, Mr. Taylor wrote the Department stating that there were no grounds for the cancellation of his entry and protested that the Homestead Inspector's valuation of the improvements at $10.00 was far too small, as the said improvements had cost him over $75.00. Letter marked.

In a report dated the 20th January, 1920, Homestead Inspector Wilcox, who had made the valuation referred to, furnished a further report in which he stated that he had visited this land and found that there were no improvements thereon, everything having been moved away by Mr. Allen, but in a subsequent report dated the 11th ultimo, he set out that the improvement upon this quarter-section consisted of a dug out with a lumber roof worth $20.00.

If Mr. Allen's entry is allowed to stand, he should be called upon to pay $20.00 for the improvement in question.

There is, however, to be considered the question as to whether Mr. Taylor's entry was subject to cancellation

J.W. Greenway, Esq.,
Commissioner of Dominion Lands,
OTTAWA.

cancellation on the 10th June, 1919.

On looking back over the file I find that Mr. Taylor gave advance notice of his intention to take advantage of the provisions of the Farm Labour Order-in-Council passed during the year 1917. Later on he furnished evidence on Form No. 158, supported by the declarations of the required witnesses and his employers, showing that he had completed over six months farm labour during the years 1917 and 1918.

Cleared farm labour up to 7th Oct 1918.

From the foregoing it would appear that Mr. Taylor was not in good standing with respect to residence when cancellation proceedings were instituted against his entry on the 9th April, 1919, as six months and two days had elapsed from the expiry of his term of farm labour. With respect to cultivation, although no land had been broken, Mr. Taylor was not in default as the Orders-in-Council referred to provided that an entry was to be protected so far as cultivation was concerned when the entrant was taking advantage of the provisions thereof.

The only point in Mr. Taylor's favour, therefore, would appear to be that he probably did not receive notice of the institution of cancellation proceedings.

In view of all the circumstances, and taking into consideration the fact that Mr. Allen, the present entrant, has acted in good faith, I would suggest that his entry be allowed to stand on his paying the additional sum required for improvements.

Respectfully submitted,

W. E. Stinson

Kindly advise the Department as to whether the notices issued were in the name of Wilson, or Taylor. This information should be filed at once.

Mr. Hume.

Re N.E. ¼ 7-1-20-W. 4th M.
Homestead - O. F. Allen
Entry granted 19th June, 1919.

Cancelled homestead - J.S.Taylor.

Referring to your memorandum of the 10th July last (marked) to the Commissioner and to his instructions, I beg to report that, according to information furnished by the Agent of Dominion Lands at Lethbridge in his letter of the 2nd instant, notices of the institution of cancellation proceedings were addressed to Mr. J. S. Taylor at Del Bonita, the only address of record in the Department on the 9th April, 1919.

The Agent, however, does not state whether the notices were returned by the postal authorities as uncalled for. I take it that they were not, otherwise the Agent would surely have reported to that effect.

The question in this case is whether the homestead entry of Mr. Allen should be cancelled with a view to the reinstatement of Mr. Taylor. Your memorandum, above referred to, contains the facts.

From the evidence submitted, it would appear that Mr. Taylor's entry was properly cancelled. His improvements have been valued at $20.00 only.

It is noted in connection with copy of your letter addressed to Homestead Inspector Wilcox of 1st September last, and forwarding report of the said Homestead Inspector, that evidently the settler was living in the district and cultivating this land, and as no house is shown among the improvements quoted on this quarter section, the only conclusion to be drawn is, therefore, that he owns or is living on other property in the vicinity.

This feature of the case might therefore be given attention when an inspector is in the district.

Some time ago we received a letter from you re my Sons indebtedness to your Dept for Seed grain for his homestead the N E ¼ Sec 4 T 1, R 20 W 4th which I am sorry to say was overlooked & did not reply to. I much Apologize for the same I explained this to Mr Wilcox when he called last fall

This should have been paid long ago as we understand it is very much overdue but we are not in a position to pay anything just now but we hope to clear this & my own a/c up this fall

This land is very rough & rolling & could only break 52 acres on the quarter I advised him to Summerfallow all

of the 52 acres as I had got 60 acres in
Wheat joining him & I thought I would be
in position to pay this debt for him
but unfortunately, I got hit with hail
& instead of 1600 bus I only threshed 300
Between us we have 75 acres in Summer
fallow & 30 acres we are going to put in
on Stubble so we have a good chance
to get straight with the Co. as this is the
only debt we owe

Re: Account of Osmond F. Allen,
N.E.¼ 7-1-20-W.4.

Dear Madam:

During the year 1920 while homesteading the above mentioned land, Mr. Osmond F. Allen received seed grain as a loan from the Government of Canada. The loan was secured by a lien on the title of the land, of which we understand you are now the registered owner. No doubt you will be interested in settling the debt and having the title of your land cleared. The amount outstanding is $159.42 of which $51.24 is principal and $108.18 is interest.

The Seed Grain Advisory Board was set up by the Government of Canada some years ago to investigate seed grain, fodder and relief accounts and in cases where the amount of the indebtedness is large compared to the value of the land or other circumstances exist, to recommend a reduction of the debt.

You may feel that there are extenuating circumstances in your case. If so, you should write to the undersigned giving full details which will be presented to the Seed Grain Advisory Board for consideration. The Board will then review the account and you will be advised of the minimum settlement required to pay off the lien.

Yours very truly,

G.K. LeCapelain,

RE: N.E. 7-1-20-W.4th

We wish to thank you for your letter of the 4th of February, 1956, informing us of the extenuating circumstances which you believe warrant a reduction in the account of Osmond F. Allen charged against the above land.

We are certain that the Seed Grain Advisory Board will be agreeable to making a compromise in your case. In order to assist you in clearing your title, if you will remit the principal amount of $51.24, which you have stated you may be able to pay, within the next few months, it will be recommended to the Board that this sum be accepted in full settlement of our account. Your cheque or money order should be made payable to the Receiver General of Canada and forwarded in care of the undersigned.

Re: Account of Osmond F. Allen
N.E. 7-1-20-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1920 seed grain in the amount of $65.00 was advanced to Osmond F. Allen on the security of the above described land. In 1926 a payment in the amount of $40.00 was received and applied to principal and interest. The present standing of this account is:-

Principal	Interest	Total
$51.24	$108.18	$159.42

In reply to our recent inquiry concerning the Federal indebtedness charged against the land, Mr. Venice Nelson, Del Bonita, Alberta, on the 4th of February, 1956, wrote as follows:-

"Re: Account of Osmond F. Allen,
N.E.¼ 7-1-20-W.4th

On the receipt of your letter I was greatly surprised to learn of this outstanding debt.

Mr. Allen died in fourty three, leaving me with four children to support and Mr. Nelson is in no circumstances to help me.

Should you however see it possible to cut the bill to the principal I shall try to pay that in the next few months if we are able to sell some grain."

The assessed value of this quarter section in 1952 was only $840.00. There was also arrears of taxes charged against the land at that time.

After negotiations the sum of $51.24 representing the principal has been received in full settlement of our account. Under the circumstances and in view of the previous payment, this is considered equitable.

W. J. Taylor.

Sir,

N.W.¼ 35 - 24 - 6 - W. 4th M.

Referring to your communication of the 25th instno to the Dominion Lands Agent at Calgary, I am to inform you that on the grounds of misrepresentation your homestead entry for the land above described will be cancelled in the records here, and the official aforesaid authorized to take similar action and dismiss of the quarter-section under the regulations.

Your explanation as given could not be considered as satisfactory. It is noted that when making entry for the North West ¼ of Section 12, Township 24, Range 5, West of the 4th Meridian, and the South West ¼ of Section 5, Township 25, Range 5, West of the 4th Meridian, in November, 1912, you did not give your age, but at the time claimed to be a subject of the Empire of Russia, the subdivision thereof being given as Galicia.

JUN 27 1920

It is further noted that when making entry your present homestead in February, 1917, you set out that you were a citizen of Russia, and that Russia was your place of birth.

It is also noted that when making entry in February, 1917, you set out that your age was twenty-one years. If at present you are but twenty-one years old

you

MEMORANDUM:-

Mr. Hume.

Re. W.½-30-38-4-W.-4th-Mer.
Homestead and pre-emption,
John Sunderland, Dec.1912,
and May 1916.

The land under discussion is the North West ¼ formerly the homestead of Oliver E. Tomlin, where his brother, Austin A, has been squatting for the last four years, and on which he has made improvements, and now held under pre-emption entry by John Sunderland since May 1916.

From a perusal of all the information on file, I think the situation may be considered as follows:-

The former entrant, Mr. Oliver E. Tomlin, for some reason was not able to go on with the performance of his duties, and gave his brother Austin A. Tomlin, permission to live on the land and do the improvements required, for which he said he would eventually pay him for. Apparently Oliver found that he would not eventually be able to go on the land and complete the duties, and let his entry be cancelled in default. This action took place in November, 1915.

Austin A. Tomlin, being entitled to a quarter-section as a purchased homestead, although not financially able to make the payment required, continued in residence doing improvements, thinking that his occupation of the land would hold the same for him, and hoping that in time to be able to make entry as a purchased homestead.

From his letter of the 28th of December, 1916, on file, it may be inferred that he lost hope of holding the quarter-section, and made some arrangement with the present entrant Mr. Sunderland, who holds a homestead adjoining. Considering it advisable, I quote the letter hereunder:-

> "I do not consider I advised Mr. Sunderland to file on 30-38-4-W.-4th. I was hesitating last spring about putting in a crop on this place for fear some one would file on it, and make me trouble. Mr. Sunderland said to me if I had the money I would file on it and then this fall if you want to file on it I will abandon it. The agreement about the improvements was he said I could take them off or he would pay me any price for them, but he had never agreed on any price.

So.

so I lent him the money to file on it. So during the summer I said to him I would rather sell you the improvements than to bother moving them and he said all right but I cannot pay for all of them this fall. I told him I will give you two years and I will give you a chance to work out some of it this year, but he never mentioned it to me, but has told several that he was going to throw it up, so I took this way to make myself safe. As I got my authority about being a squatter from the Dominion Land Office at Ottawa, Oliver E. Tomlin is my brother I came on here to do some improvements and care for his stock until such times as he could come on himself but he could not get rid of his property in B.C. so did not come on at all. I stayed on hoping to file on it myself. How would it be to send the Homestead Inspector here and let him settle it as I am willing to do the fair thing if Mr. Sunderland is. Hoping to hear from you soon as I want to get this thing settled up."

Homestead Inspector Creighton in his report of the 28th ultimo, sets out in this regard:-

"Mr. A.A.Tomlin was living on this quarter when Sunderland filed but doesn't seem to want it for purchased homestead. I believe likely these two men had an understanding about the improvements before Sunderland filed then fell out about some other matter and now cannot get together, but Tomlin offered to accept $210.00 for them and give time to pay while Sunderland admits they are well worth $200.00. Tomlin has been living on the place all the time, while Sunderland has made no improvements on it."

While it is not definitely set out in the report by whom the improvements valued at $209.00 were effected, I feel it may be reasonably assumed that they were done by the squatter Austin A. Tomlin, and that if it is decided to confirm Mr. Sunderland's pre-emption entry, and that the amount involved be collected, that Austin A. be considered in the matter of a refund.

Please say if, notwithstanding, the possible slight irregularity in granting pre-emption entry to Mr. Sunderland without him specifying the improvements and paying for the same, his entry may be confirmed on his paying the Homestead Inspector's valuation for the improvements. I feel this decision will be satisfactory to all concerned.

Memorandum:

S.W.¼ 30-38-4-W. 4th M.
Homestead of John Sunderland.
Entry granted 18th December, 1915.

N.W.¼ 30-38-4-W. 4th M.
Pre-emption of John Sunderland.
Entry granted 22nd May, 1916.

Mr. Sunderland has not applied for patent for either his homestead or his pre-emption.

The facts of this case appear to be that Mr. A.A.Tomlin made homestead entry for this S.W.¼ 30-38-4-W. 4th M. on the 27th June, 1912, and, that notwithstanding the fact that the brother of the entrant was living on the land, Mr. Sunderland applied for cancellation on the 31st August, 1915, and no defence being received, cancellation was carried out by default and re-entry granted the applicant for cancellation, who took an affidavit that there was no person residing upon the land and that there were no improvements thereon.

On the 2nd December, 1916, Austin A. Tomlin executed the Statutory Declaration that he had been squatting on the N.W.¼ (pre-emption) for the previous four years and that he had made substantial improvements thereon, including 18 acres broken and cultivated.

It appeared from the agent's letter dated the 7th December, 1916, that Mr. Tomlin had exhausted his free homestead right and wanted to get this land as a purchased homestead.

In a report dated the 28th March, 1917, Homestead Inspector Creighton made the following remarks:

"Mr. A.A.Tomlin was living
"on this quarter when Sunderland filed
"but doesn't seem to want it for purchased
"Homestead. I believe likely these two
"men had an understanding about the improve-
"ments before Sunderland filed then fell
"out about some other matter and now cannot
"get together but Tomlin offered to accept
$210.00

J.B.Greenway, Esq.,
Commissioner of Dominion Lands,
Ottawa.

III

"$10.00 for them and give time to pay
"while Sunderland admits they are well
"worth $200.00. Tomlin has been living
"on the place all the time while Sunderland
"has made no improvements on it."

Improvements upon the land when Mr. Sunderland made entry, probably made by Mr. A.A.Tomlin, and not by the former entrant, Mr. O. L.Tomlin, consist of the following;

Frame House.....	$85.00
Fencing, 1½ miles.....	80.00
Well.....	23.00
Breaking.....	21.00
Total	$209.00

Without entering into the merits of Mr. Tomlin's claim, it would seem that Mr. Sunderland's entry should be cancelled on the ground of misrepresentation.

If you approve of this, I would suggest that Mr. Tomlin be then granted a limited time within which to make purchased homestead entry, if eligible, and that, if he fails to avail himself of this privilege, the land then be made available for settlement under the regulations, which may give Mr. Sunderland prior right of re-entry, as he appears to be the senior homesteader without a pre-emption adjoining the land.

In reply to your communication of the 7th ultimo, with enclosure, I am to inform you it has been decided after carefully considering all the evidence obtained to cancel Mr. John Sunderland's pre-emption entry for [illegible] above described on the ground of misrepresentation.

According to the evidence submitted a brother of the former entrant was in residence on the quarter-section when Mr. Sunderland applied for cancellation in August, 1915, and the man making entry swore there was no person residing on the land and no improvements thereon.

Kindly take this notice, notify Mr. Sunderland, and then extend to Mr. Austin A. Tomlin a limited time within which to make a purchased homestead entry, if eligible.

Should Mr. Tomlin fail to make entry within the time allowed the land is then to be made available for settlement under the regulations, which will give Mr. John Sunderland a prior right of re-entry, as he appears to be the senior homesteader without a pre-emption adjoining the land.

MEMORANDUM:

Mr. W.S. Glisdon,
Lands Patents Branch.

Re: W.½-27-39-4-W.4th.

With reference to the letter of the 6th instant, from Joseph Tiffin & Son, Provost, Alberta, accompanied with two from the Registrar, bearing dates of the 22nd and 26th of March last, wherein it appears that title to the land above described which was at one time the property of Julia Sunderland, is clouded by a Dominion lien for the sum of $63.75.

In this connection the records indicate that in 1915, the Department advanced to one John A. Sunderland Seed Grain for that amount on the security of the S.W. 30-38-4-W.4th which was properly registered against this quarter and is still outstanding. It would, therefore, appear that the registration affecting title to the W.½-27-39-4-W.4th was effected through a similarity in names. The matter is referred to you for further action.

I beg to inform you that Mr. Joseph Tiffin, Provost, Alberta, advises that a lien for $65.75 appears registered against the above described land, and to say the records here show that this lien was given by one John A. Sunderland covering an advance made to him on the security of the S.E.¼ 30-38-4-4. 4th M., and should not stand the title to the first above described land.

You are, therefore, hereby authorized and requested to remove from the title to the said the N.½ 27-39-4-4. 4th M., the lien in question for $65.75, registered against it.

A copy of this letter is being sent to Mr. Tiffin for his information.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that an amendment to the Dominion Lands Act has been passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

Re: Account of J. Sunderland
N.W.¼ 20-48-6-W.5th &
S.W.¼ 30-38-4-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1915 seed grain amounting to $63.75 was advanced to J. Sunderland on the security of the S.W.¼ 30-38-4-W.4th and later became a charge against the N.W.¼ 20-48-6-W.5th. No payment has ever been received and the present standing of this account is:-

Principal	Interest	Total
$63.75	$130.69	$194.44

Patent was issued in the name of John A. Sunderland for the S.W.¼ 30-38-4-W.4th on the 22nd of September, 1921, subject to the 1915 lien. The N.W.¼ 20-48-6-W.5th was formerly the second homestead entry of the debtor whose entry was cancelled on the 19th of September, 1930. The land was re-entered upon by a Mr. John J. Errington to whom patent later issued and there is no record of the lien ever having been registered against the land.

The S.W.¼ 30-38-4-W.4th is of very low value and is described as sandy and has never been revenue producing sufficiently to enable the repayment of the lien. In 1924 the land became subject to forfeiture proceedings for non-payment of arrears of taxes and title was acquired by the Municipal District of Hillcrest.

In 1923 the homestead inspector reported that the debtor had left the district and that there had been no crop on the land for three years.

According to an Abstract of Title dated the 31st of January, 1936, the N.W.¼ 20-48-6-W.5th now stands in the name of a Mr. John J. Errington of Edmonton, Alberta, clear of any encumbrance; while the S.W.¼ 30-38-4-W.4th is shown as still registered in the name of the Municipal District of Hillcrest.

The information obtained indicates that the land is such that it no longer offers any security of value for our lien. Under the circumstances it is recommended that the indebtedness be cancelled and the lien discharged.

I beg to call your attention to the fact that this entry is now over five years old. Please take ordinary cancellation proceedings at once on the ground of failure to apply for patent and at the same time instruct a Homestead Inspector to report.

If no defence is filed and if the Inspector's report shows no duties performed, you may at the end of the sixty days and on receipt of the required report, carry out cancellation if aware of no reason to the contrary, dealing with the land and reporting your action here in the usual way.

In all other cases where a defence is filed or where the Inspector's report shows duties performed, you should refer here before cancelling.

In every case the Inspector should give full information as to the nature of the land, using the blanks provided in the form of report for that purpose. The fullest possible information should be given in regard to duties and improvements.

Inspectors should make careful enquiry to find out whether the entrant may possibly be on military service or may be a returned soldier.

In any case where there is some special condition existing which would render it advisable not to dispose of the land in the ordinary way under entry to soldiers, the report should contain full particulars and the matter should be referred here before any action is taken.

A copy of any letter or form issued by you should be sent here to complete Head Office record.

Pre. - H. L. Penny.
Entry - 8th January, 1913.

Homestead pat'd 9-12-19.

Cancellation proceedings instituted on the 24th April, 1924, for non-payment.

Patent applied for on the 20th May, 1922, showing the completion of the settlement duties. No Certificate of Recommendation issued.

Mr. Penny wrote from Vancouver on the 20th June, 1924, to the effect that he was unable to make a living on the land. He further added that he did not wish to lose the quarter-section but he was unable to make a payment at that time.

Amount owing considerably over $700.00.

An Inspector on the 20th ultimo reported the entrant left the district in 1922. Improvements on homestead - house $500.00, stable $90.00, fencing on hd. ½ mile $10.00, on pre-emption 1 mile $20.00; breaking gone back; area fit for cultivation 155 acres; land in semi-arid area.

It would appear that the entry should be cancelled and the land posted for ordinary settlement.

Recommend a final notice to L.A. Box to meet within which to pay in full the land or make a payment on account.

POSTING OF LAND, OTHER THAN SOLDIER SETTLEMENT LAND

Calgary, December 15, 1926

Notice is hereby given that after the expiration of 10 clear days from the date hereof, that is, on and after the 27th December 1926 the S.W. ¼ of Section 14 Township 34 Range 4 West of the 4th Meridian will be available for entry, providing the land is of the class suitable for farming and is unoccupied, as follows:—

(1) On the day above mentioned, that is on the morning of the 27th Dec. 1926 — By a settler as defined by the Soldier Settlement Act, eligible to make entry, who holds an adjoining quarter section under homestead or Soldier Grant Entry, or who obtained homestead patent for such adjoining quarter section and is still the owner thereof, or was a squatter before survey on such quarter section.

(2) On the following day, that is on the morning of the 28th Dec. 1926 — For ordinary homestead entry by returned soldiers who have served Overseas and who produce evidence of honourable discharge.
For soldier grant entry by any "settler" as defined by the Soldier Settlement Act upon production of Attestation Certificate, or a telegram or special letter from the Soldier Settlement Board establishing eligibility (see other side).

(3) After one day has been allowed for priority under paragraph one and the succeeding day under paragraph two, then the next day, that is, on the morning of the 29th Dec. 1926 — By general public including civilians and returned soldiers.

Any person who is desirous of making entry must visit the land personally before making his application, and satisfy himself that there is no one in residence, as he will require to swear when making application for entry that the land is unoccupied. The intending applicant should, at the same time, carefully examine and estimate the value of the improvements, if any.

The application for entry may be made either at this office or at the office of the Sub-Agent of Dominion Lands in whose district the land is situated.

Application for entry by proxy is permitted in the case of a person making application on behalf of father, mother, brother, sister, son, daughter or husband, when authorized to do so in the form prescribed. In such a case the proxy will require to APPEAR PERSONALLY AT THE OFFICE OF THE LOCAL AGENT (NOT SUB-AGENT).

No fee is charged in connection with a soldier grant.

The entry fee if taken as a homestead will be $10.00. According to evidence on file in this office there are improvements upon the land stated to be worth $ 20.

PAYMENT FOR IMPROVEMENTS

Before a person is granted entry for a homestead or a Soldier Grant, he *shall declare what improvements*, if any, there are upon the land for which he applies, *and pay* to the Agent or Sub-Agent the *full amount of his valuation* of such improvements. Should he fail to make such declaration his entry shall be liable to cancellation.

In the event of uncertainty as to the correctness of the entrant's valuation, or if the value of the improvements is placed at over $25.00, the Agent shall cause such improvements to be examined and valued by a Homestead Inspector. If a surplus has been paid, the excess amount may be refunded. If insufficient has been paid the entrant must at once pay the difference, otherwise his entry may be cancelled.

PAYMENT OF INDEBTEDNESS CHARGED AGAINST THE LAND

The following indebtedness is charged against this land: $ 315.75 & 1.75. If the amount collected for improvements is not sufficient to make up this indebtedness, the applicant for entry is required to pay or assume the full amount of indebtedness (for particulars enquire at office of Agent).

Sir:

Referring to the last report made by one of our Inspectors it appears that the Municipality intended taking title to the N.W.T. and that they were offering the house and stable situated on this land for sale.

In view of these facts I beg to advise that in 1918 and 1919 the land in question was encumbered by the former owner for seed grain, fodder and relief valued at $494.40 - interest computed to the 31st March last - properly registered against title.

Kindly, therefore, advise as to your intentions regarding settlement of the account, which should be made direct to this office or to the Agent of Dominion Lands at Calgary.

Your obedient servant,

F. Marchand,

Financial Controller.

Re: Account of H.L. Penny,
N.W.¼ 14-34-4-W4.

Dear Sir:

During the years 1915 and 1919 while homesteading the above mentioned land, Mr. H.L. Penny received seed grain as a loan from the Government of Canada. The loan was secured by a lien on the title of the land of which we understand you are now the registered owner. No doubt you will be interested in settling the debt and having the title of your land cleared. The amount outstanding is $1,215.14 of which $315.75 is principal and $899.39 is interest.

The Seed Grain Advisory Board was set up by the Government of Canada some years ago to investigate seed grain, fodder and relief accounts and in cases where the amount of the indebtedness is large compared to the value of the land or other circumstances exist, to recommend a reduction of the debt.

You may feel that there are extenuating circumstances in your case. If so, you should write to the undersigned giving full details which will be presented to the Seed Grain Advisory Board for consideration. The Board will then review the account and you will be advised of the minimum settlement required to pay off the liens.

Yours very truly,

C.K. LeCapelain,
Chief, Lands Division.

This Department is dealing with the above settler's application for homestead patent.

The entrant claims British nationality through the naturalization of his father, Columbus Bowen, and it is claimed that the latter's Certificate of Naturalization was destroyed by fire.

Will you be good enough to inform me of the evidence of British nationality presented to the Department of the Interior by Columbus Bowen, when applying for Patent to his homestead, the North East quarter of Sec. 10, Twp. 66, Rge.20, West of the 4th Meridian.

RE: Account of Luther Hicks
S.E. ¼ 10-66-20-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1915 relief amounting to $95.00 was advanced to Luther Hicks on the security of the above mentioned land. Payments of $5.00 and $31.25 were received in 1916 and 1924, respectively, and applied to the principal and interest. The present standing of this account is:-

Principal	Interest	Total
$92.95	$114.33	$207.28

The S.E. ¼ 10-66-20-W.4th was formerly the homestead entry of the debtor whose entry was later cancelled. The land was re-entered upon by a Mr. Herman Bowen on the 30th of July, 1924 and patent apparently issued in his name in 1943, and there is no record of the liens having ever been registered against the land.

According to an Abstract of Title dated the 13th of February, 1956, this quarter section of land now stands in the name of the Municipal District of Athabasca No. 103, clear of any encumbrance.

As the liens are not registered against the land and there is no further security for our advances, it is recommended that the balance of the indebtedness be cancelled.

W.J. Taylor.

Ottawa, 20 March, 1956.

The undersigned member of the Seed Grain Advisory Board, having taken into consideration the attached report, approves the settlement outlined therein and does hereby recommend:-

1. That the indebtedness, which is more particularly described in the attached report, be cancelled without the requirement of any payment.

Referring to your homestead, the North West quarter of Section 32, Township 58, Range 11, West of the 4th Meridian, and to the statement you have made in defence of the cancellation proceedings outstanding against your entry for the above land, I may say that according to the evidence submitted you would appear to have performed sufficient residence duties but you are lacking in cultivation inasmuch as you would appear to have 5 acres broken.

Under the circumstances further action in connection with the cancellation proceedings will be deferred for a period of thirty days in order to give you an opportunity of furnishing the Agent of Dominion Lands, Edmonton, with a clear statement of the cultivation performed in each year and the estimated cost per acre of breaking the land.

Upon receipt of the above information in the Department you will be further advised regarding the proceedings outstanding.

Dear Sir.

In answer to your letter of Sept 1st. File No 184717- I beg to state that I sent a letter of protest in answer to your letter of June 1st and received no answer to it.
I note you said the homestead inspector desires more acres to be broken before patent could be issued to me. As the homestead inspector has never been to the place I cannot understand how he came to this conclusion
I did not apply for my patent until I felt I conscientiously could. and I feel an injustice is being done me now.
However. I have broken 3 acres this year and have about 10 more ready to break.
This is very bushy land and hard to break.
I live here entirely and desire it for a home not for speculation purposes as so many do.
I have a large growing family.
If the homestead inspector were to pay a personal visit I feel sure he would approve of the issue of patent. Yours truly. D. R. Boorse

Yours of the Oct. 4th file No - 184717. received.
I wish to know why a settler - Canadian born citizen, ~~cannot get~~ his patent under the ~~same~~ conditions as a German who cannot speak English - or an American who takes up a homestead for speculation and returns to the United States as soon as he has applied for patent.
I had more improvements on Jan 26th 1921 as either of these parties had when they recieved their patent.
It cost me $10 a drive of 40 miles to make my application. if you wish me to make another application please forward railway fare and expenses to Edmonton.
The Inspector was here on this place on Sept. 24th 1922. for the first time since I applied for my patent. I have broken an additional 2 acres since.
If you do not want to give me my patent Give me a delay for the time I have been making my improvements - $1000 a year -

Mr. Home,

Re: N.T.[illegible]-Hall, T. 4th M.
Homestead, Daniel R. Bourke,
[illegible], 20th January, 1913.

Cancellation proceedings were instituted against this entry, 17th October, 1919, for failure to cultivate. Mr. Bourke made application for patent on the 5th of June, 1921, and the matter was, in consequence, referred to Inspector [illegible] for special report as to the character of the land, the area cultivated, and whether the entry was still subsisting, etc.

On the 19th of April, 1921, the Winnipeg Inspector, W. J. [illegible], reported that Mr. Bourke had settled on the land, in the Fall of 1912, built a house, 16' x 20', and had broken 10 acres, in the summer of 1913.

Mr. Bourke advised that it would be necessary for him to reside on additional land [illegible] Saskatchewan, [illegible]. He is the proud father of [illegible] and is a British born citizen. He [illegible] that under the new conditions [illegible] Patent he would [illegible] and [illegible] a homestead for [illegible] and [illegible] the Letters Patent.

A further report was received from Inspector [illegible] in which he credits the homesteader with cultivating seven acres since applying for patent, five acres crop in 1921, and nine acres crop in 1922, which he values at

at $1.00, and recommends this application.

It is not understood that the Inspector did not take the Supplementary Statement when he visited this land in September, 1907, but it would appear from the Inspector's report that the homesteader has complied sufficient cultivation duties and ought to be allowed to assert the cultivation without the homesteader furnishing the Supplementary Statement. If so, the Agent should be requested to forward the application for patent to this office.

Re. N.W.¼ of 32-58-11, W. 4th M.

I beg to acknowledge the receipt of your letter of the 24th ultimo, in reference to the duties performed by you on the above land, and in reply to say that a Homestead Inspector visited your land on the 25th of September, last, and according to his statement you have twelve acres broken on the above quarter section and nine acres cropped during the past season and that the area broken is the equivalent of breaking thirty acres of ordinary prairie land.

You would therefore appear to have performed the necessary duties to entitle you to patent.

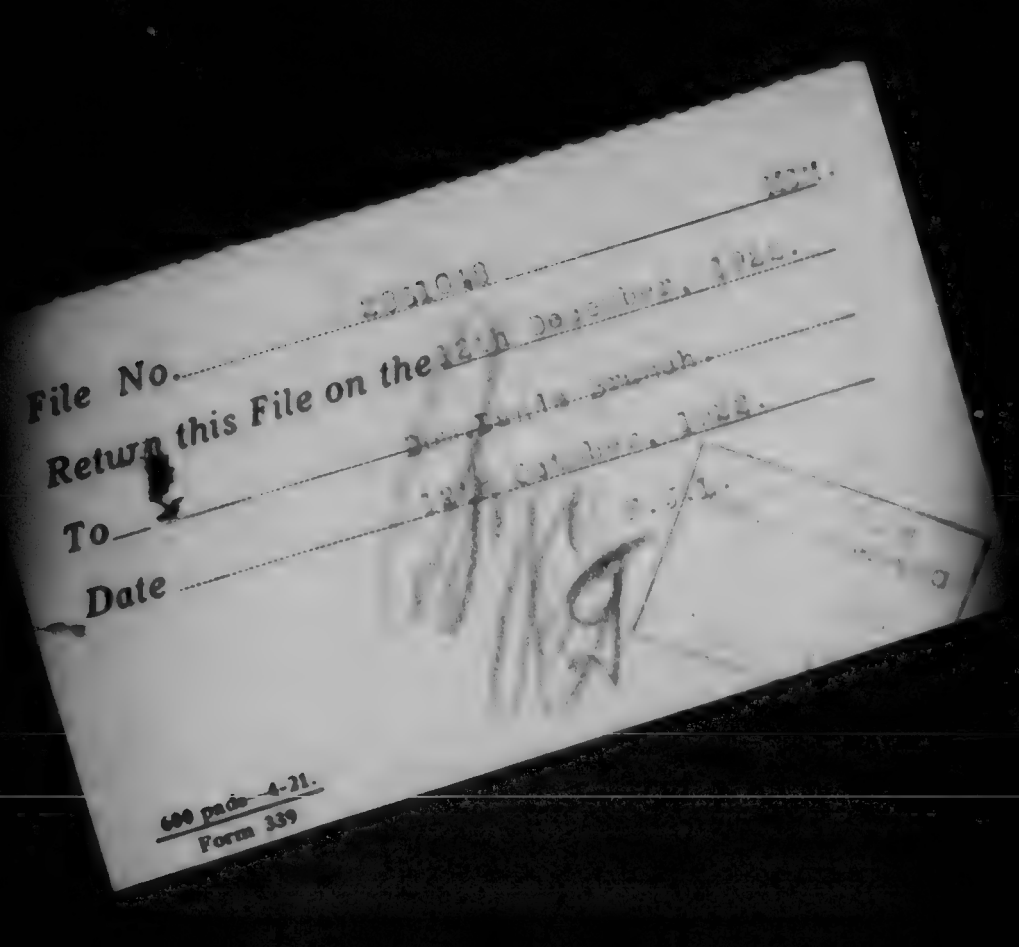

If you are not in a position to take your witnesses to the office of the Local Agent or Sub-Agent of Dominion Lands for the district, if you will communicate with the Agent of Dominion Lands, Edmonton, he will instruct the Inspector when next in the vicinity of your homestead to take the necessary supplementary statement showing the duties performed since you made application for patent.

~~D.H.B. 34-58-11-W4.~~

Dear Sir:

During the year 1921 while homesteading the above mentioned land, Mr. D.H. Boorse received seed grain as a loan from the Government of Canada. The loan was secured by a lien on the title of the land, of which we understand you are now the registered owner. We doubt you will be interested in settling the debt and having the title of your land cleared. The amount outstanding is $146.45 of which $43.00 is principal and $103.45 is interest.

The Seed Grain Advisory Board was set up by the Government of Canada some years ago to investigate seed grain, fodder and relief accounts and in cases where the amount of the indebtedness is large compared to the value of the land or other circumstances exist, to recommend a reduction of the debt.

You may feel that there are extenuating circumstances in your case. If so, you should write to the undersigned giving full details which will be presented to the Seed Grain Advisory Board for consideration. The Board will then review the account and you will be advised of the minimum settlement required to pay off the lien.

Mr. C. K. LeCapelain, Chief, Lands Division, Department of Northern Affairs and National Resources, Ottawa, has forwarded to this office a copy of your letter of the 23rd ultimo.

In his covering letter, Mr. LeCapelain points out that there are two liens registered for $125.00 and $59.50 in the name of the former Municipal District #544 in addition to the liens for Dominion Advances and that under these circumstances, the matter would be one for consideration of the Seed Grain and Relief Adjustment Board.

An examination of the records transferred from the former Municipal District indicates that the two liens which were filed in their favour represent accounts for straight Provincial Seed Grain Advances and as such have been cancelled in their entirety under Chapter 32 of the 1939 Statutes.

In order to clear your Title of the Municipal District liens a Discharge Instrument is being forwarded to the Land Titles Office today.

I am, by a copy of this letter, advising Mr. LeCapelain of the circumstances pertaining to Municipal liens and would suggest that settlement of the Dominion account be made by you direct to Ottawa.

RE: N.W. 32-58-11-W.4th

Recently we have been advised by Mr. S. Cherkas, Chief Collector, Department of Municipal Affairs, Edmonton, that the municipal liens for $125.00 and $59.50 registered against the above land were cancelled a number of years ago and that they have now been removed. There is however a Dominion lien for $43.00 still registered. This lien is for an advance of eight bushels of wheat and sixty-two bushels of oats made in 1921 through the Bank of Commerce, St. Paul de Metis.

Before we make any recommendation to the Seed Grain Advisory Board as to the minimum amount required to settle this, we should like you to write us and advise us if there are any extenuating circumstances which you believe warrant a reduction in your case.

RE: Account of D.R. Boorse
N.W. ¼ 32-58-11-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1921 seed grain amounting to $43.00 was advanced to D.R. Boorse on the security of the above mentioned land. No payment has ever been received and the present standing of this account is:-

Principal	Interest	Total
$43.00	$103.45	$146.45

Patent was issued in the name of Daniel Richard Boorse for the N.W. ¼ 32-58-11-W.4th on the 29th of January, 1925, subject to the 1921 lien.

This quarter-section is not of high assessed value and has never been revenue producing sufficiently to enable repayment of the lien.

In 1924 the homestead inspector described the land as all bush with about 50 acres fit for cultivation when cleared.

On the 7th of April, 1956, the debtor Mr. D.R. Boorse wrote us that he no longer has any income except the old age pension which he states is not much to live on.

The information obtained indicates that the land is such that it no longer offers any security of value for our lien, and in view of the poor financial circumstances of the debtor, it is recommended that the indebtedness be cancelled and the lien discharged.

Since writing to you on the 17th of April, 1956, your 1921 seed grain account has been considered by the Seed Grain Advisory Board and in view of your present financial circumstances, the Board recommended that it be cancelled. Authority was received under Order-in-Council P.C. 26-378 dated the 17th of May, 1956 to write off the balance of your federal indebtedness.

The customary withdrawal notice was forwarded to the Registrar, Land Titles Office, Edmonton, Alberta, on the 31st of May, 1956 and we expect that by this time our lien will have been removed from the title to your land.

Sir:-

Referring to yours of the 16th inst., file 2863714 re. the above, I beg to say that it would appear to me that this is one of the cases in which relief was granted without apparently any due consideration whether the applicant was entitled thereto, or not.

I took this matter up with the Relief Supervisor on the 10th of February last, drawing his attention to the work of the Sub-Agent, in this particular, with the result that the Sub-Agent's services were immediatley dispensed with, of course without making any collection of account, as the applicant Coe was not in a position to liquidate the liability.

Memorandum:-

S.E.¼ of 17--28--8, W.4th m.,
Homestead of Alfred S. Lockwood.
Entry granted 19th Feb., 1916.

Mr. J. W. Martin, Inspector of Dominion Land Agencies, has asked for a ruling as to the action to be taken in connection with the seed grain indebtedness still charged against Mr. Coe.

Mr. Coe at one time held entry for this quarter-section, and, while holding such entry, became indebted to the Department in the sum of $49.00 for seed grain.

Mr. Coe's entry was cancelled and Mr. A. S. Lockwood was granted re-entry. Mr. Lockwood paid the Homestead Inspector's valuation of the improvements, amounting to $[illegible].00.

This sum of $[illegible].00 was credited to Mr. Coe's account for seed grain.

This still leaves a balance due by Mr. Coe of $19.00.

An application has been filed to cancel Mr. Lockwood's entry and Mr. Martin raises the point as to what should be done with the amount collected as the value of the improvements in the event of Mr. Lockwood's entry being cancelled.

It appears to me that the land is no longer encumbered by the seed grain lien given by Mr. Coe, therefore, any sum collected as the value of the improvements from a re-ertrant should be refunded to Mr. Lockwood, and that the re-entrant should only be called upon to pay the actual value of the improvements upon the quarter-section at the time he secures the land.

Respectfully submitted,

J. W. Greenway, Esq.,
Commissioner of Dominion Lands,

TO THE SECRETARY
DEPARTMENT OF THE INTERIOR

Department of the Interior.
Canada.

Ottawa. 2nd October, 1915.

CIRCULAR.
To all Agents of Dominion
Lands except in B.C. Railway
Belt and the Yukon.
Re all assignments in the
same township.

Sir,-

In reference to the payment of seed grain and relief indebtedness and the entry of the party obtaining such seed grain and relief is cancelled, up to the present the practice has been to make every effort to secure re-payment from the party entering the lien, and the person securing re-entry has not only been required to pay or tender his part of the indebtedness but has also been required to pay for the improvements on the land.

I am now to inform you that from the date of the receipt of this letter by you in all cases of cancellation, including those which are now pending, the applicant for cancellation will not only be required to pay for the improvements on the land in the ordinary way as in the past, but if the amount so collected for improvements is not sufficient to make up the total amount of the indebtedness of the former entrant, the applicant for cancellation is to pay the balance so as to make up the full amount of indebtedness.

Where this balance is small (not over $50.00) it must be paid before entry is granted, but if the balance of the indebtedness over and above the value of the improvements is over $50.00 you are authorized to accept one-quarter of such balance in cash, the remainder to be payable in three equal annual instalments, subject to the usual interest. Particulars in each case are to be endorsed on the entry receipt.

The applicant for cancellation is to be allowed the usual thirty days in which to acquire the land on these terms, and if he fails to do so the land should not be passed but is to be disposed of by sale at public auction, without settlement conditions, the terms of payment at such sale to be one-quarter in cash and the balance in three annual instalments, subject to the usual interest.

Where entries are abandoned having seed grain or relief

or relief indebtedness attached, without the institution of cancellation proceedings, the land is to be sold by auction in the same way.

In each case of this kind a valuation is to be made by the School Lands Inspector for the district and an upset price to be fixed upon such valuation. The sale is to be conducted by the Agent of Dominion Lands for the district after giving due notice in the local papers and also by means of posters.

It will be advisable for you for the present to report here separately in each case where a sale by auction becomes necessary under the foregoing instructions.

You will, of course, as in the past, make every effort to collect from the former entrant.

It will also be your duty to make known to all future applicants for cancellation that they will be required to pay off the indebtedness or the balance thereof over and above the amount properly collectable for improvements, as above set forth, and they are to be informed that unless they are willing to make entry on these terms their application to cancel cannot be accepted. In such cases, if the application to cancel is not completed, you should make a note of the statements made by the intending applicant, with a view to taking steps to follow up the matter and secure payment if possible.

If there is anything about the foregoing that you do not clearly understand or any doubt as to which you desire further instructions kindly communicate further with the Department.

By Order.

Sir:

The following case has been submitted for a ruling:-

F. Coe at one time held entry for the South East quarter of Section 17-28-8-W.4th and gave a relief lien for $49.00.

Mr. Coe abandoned his entry in May, 1915, and the land was re-entered for by A. S. Lockwood who paid $30.00, being the Homestead Inspector's valuation of Mr. Coe's improvements. This amount is available to be applied in reduction of Mr. Coe's indebtedness.

Another party has now applied to cancel Mr. Lockwood's entry, stating the improvements on the land at present are worth $25.00, and the question is what amount the present applicant should be required to pay, provided he secures entry.

It is considered that the applicant for inspection in this case should be in exactly the same position as though he were applying for the cancellation of Coe's entry, i.e. he will require in the first place to pay, the Homestead Inspector's valuation of the improvements on the land at the date when he secures entry. If the amount so collected is not sufficient to make up the total amount of the indebtedness remaining against the land, the applicant for cancellation will require to pay the balance.

The effect of the foregoing decision is that where an advance of Seed Grain, Fodder or Relief has been obtained in connection with any parcel of land and the same has not been fully paid off, if such parcel of land becomes available for disposal, steps are to be taken to secure the repayment of the amount still remaining due, even though the indebtedness in question were not incurred by the party who last held the land.

Sir,

The following case has been submitted for ruling:-

P. Coe at one time held entry for the South East quarter of section 17-11-8-, 4th and [illegible] a relief list for 749.0[illegible].

Mr. Coe [illegible] his entry in [illegible], 1913, after the land was re-entered for by [illegible] Lockwood, and said [illegible], being the amount of Homestead Inspector's valuation of Mr. Coe's improvements. [illegible] amount is now likely to be applied in connection with Mr. Coe's interest.

Another party has now applied to cancel Mr. Lockwood's entry, stating the improvements on the land at present are worth [illegible], and the question is what amount the present applicant should be required to pay, provided he secures entry.

It is considered that the applicant for inspection in this case should be given the same consideration as formerly was given to the cancellation of Coe's entry, i.e., he will require in the first place to pay the Homestead Inspector's valuation of the improvements on the land at the date when he secures entry. Prior amount will be available for refund to the previous entrant. He will also be required to pay the balance of the indebtedness remaining against the land in addition to the value of the improvements.

You will observe from the foregoing that where an advance of seed grain, fodder, or relief, was obtained in connection with any parcel of land and the same has not been paid off, steps are to be taken if such parcel becomes available for disposal, to secure the repayment of the amount still remaining due, even though the indebtedness in question was not incurred by the party who last held the land.

In this case there was available for refund to Mr. Coe on the 19th of February, 1916, the sum of $30.00 collected for improvements left by him on the S.E.¼ 17-28-8-W.4th Mer.

In view of this fact it does not seem that Mr. Coe should be charged interest on $49.00 the amount of his indebtedness from the 1st of April, 1916, to the 3rd of May, 1917, but that the amount on which interest should so be paid is $19.00 being the amount of his indebtedness over and above the amount on hand in the Department to his credit.

I might state that this opinion is based on the instructions issued on the 20th of January, 1917, Head Office File 2084162 and concurred in by the Assistant Deputy Minister in which it was set forth in part "Where money is received for improvements on a cancelled homestead and such money is applied on account of Seed Grain Indebtedness I am of the opinion that the settler should not be charged interest after the receipt of the Improvement money in the Department.

Sir,-

With reference to the sum of $15.00 paid by you for improvements on the E½ of 17-28-8 W.4th M., when you secured entry on May 3rd last, I may say that a Homestead Inspector valued these improvements at $15.00.

Your entry, however, was granted subject to you assuming the Seed Grain indebtedness of the former entrant, Mr. S. Coe, charged against this land which amounted to $20.03.

The last mentioned sum has been applied on account of the Seed Grain indebtedness referred to and a Refund Cheque will be issued in your favour in the course of a few days for the sum of $4.97, being the amount paid by you in excess of a Homestead Inspector's valuation of improvements and the Seed Grain Indebtedness registered against this land providing it is found that you are not indebted to the Department in the matter of Seed Grain, Fodder or Relief.

Memorandum,

Mr. Perrin:

Re S.E. ¼ of 17-28-8-W. 4th Mer.
Hd. entry, Joseph Davey,
Granted 3rd May, 1917.

The question in this case is regarding the application of certain moneys paid for improvements and whether Mr. Davey will be obliged to make any further payments to the Department.

This land originally stood in the name of Mr. Frederick Coe who secured Seed Grain to the extent of $49.00

Mr. Coe's entry was cancelled and re-entry granted to Alfred S. Lockwood on the 19th February 1916.

You will observe that Mr. Lockwood's entry was granted prior to the date upon which it was decided that re-entrants should assume the Seed Grain liability of the previous entrant.

A Homestead Inspector reported the improvements which were on the land when Lockwood got entry to be of a value of $30.00 which amount Mr. Lockwood paid.

A Requisition has been prepared in favour of the Receiver General applying the $30.00 referred to, to the account of Mr. Coe in connection with his Seed Grain indebtedness.

When the $30.00 is so applied there will then be owing the Department the sum of $19.00 with interest--$1.03, making a total of $20.03 on account of Seed Grain.

Mr. Lockwood's entry was cancelled on the 10th April last and re-entry granted to

Mr. Davey.

Mr. Davey as set forth above. who had 25 for improvements

A Homestead Inspector reported the improvements when Mr. Davey secured entry to be of a value of $15.00.

In ordinary cases, the practice of the Department would be in the event of Mr. Lockwood applying for a refund of the value of the improvements left by him upon the land, to grant same, so that in this case Mr. Lockwood would be entitled to a refund of the sum of $15.00 upon application.

O.K. H.B.

Under the terms of the circular letter of the 2nd of October last, one of which appears on file, marked, it is provided that the applicant will not only be required to pay for improvements on the land in the ordinary way as in the past, but if the amount so collected for improvements is not sufficient to make up the total amount of the indebtedness of the former entrant, the applicant is to pay the balance so as to make up the full amount of the indebtedness.

In the present case, Mr. Davey paid $25.00 being $10.00 in excess of the Inspector's valuation of the improvements, and a sufficient amount ~~besides~~ to offset the Seed Grain indebtedness which now stands at $20.03.

The matter of the Seed Grain indebtedness in this case was submitted on the 29th of November last and on the 2nd of December last by Memo, the Deputy Minister pointed out that the Minister considered the applicant for inspection in this case (Mr. Davey) should be in exactly the same position as though he were applying for the cancellation of Mr. Coe's entry, consequently, he will have to undertake to pay the $19.00 still due.

It seems to me that Mr. Davey has complied with the view espressed by the Minister.

I do not consider that Mr. Davey should require to pay into the Department a further sum of $15.00 to re-imburse Mr. Lockwood for the improvements made by him, as he has already paid the value of the improvements. The question arises, therefore, as to whether $15.00 should be held to be refunded to Mr. Lockwood upon application, and the Seed Grain to that amount still against the original entrant, Mr. Coe, or whether Mr. Davey will require to make up the $15.00 to which sum Mr. Lockwood would be entitled to a refund.

MEMORANDUM

S.½, of 17-26-3-W. 4th M.
Homestead of Joseph Davey.
Entry granted 3rd May, 1917.

The question has arisen as to what disposal should be made of a certain sum, paid by Mr. Davey as the value of the improvements which were on the land when he made entry, also all to the father's suit, if any, Mr. Davey should be called upon to pay in connection with the Syed Ahmed Doe. The facts are set out in Mr. Stafford's memorandum hereunder, dated the 26th ultimo.

It appears to me that when Mr. Lockwood paid the Department the Homestead Inspector's valuation of Mr. Doe's improvements, such improvements became the property of Mr. Lockwood, and Mr. Doe's interest therein vested. Some amount ~~of~~ now paid for the improvements should be refunded to Mr. Lockwood.

The payment by Mr. Davey for improvements belonging to Lockwood would not affect Mr. Doe's Syed Ahmed interest; therefore, it seems to me that Mr. Davey should be called upon to assume his liability, as he would have been required to do had not Mr. Lockwood intervened.

A case of this kind ~~was not~~ foreseen when the Circular letter of the 2nd October last, referred to by Mr. Stafford, was drafted, and it would seem impossible to draft any set of instructions that would cover every case that might arise; therefore, it would ~~seem~~ that this case will have to be treated outside of the literal wording of the Circular in question.

Respectfully submitted,

J. B. Harkin

Memorandum:-

Mr. J. W. Greenway.

Mr. Davey has paid $25.00, which is $10.00 in excess of the inspector's valuation of the improvements. I think $15.00 of this should be refunded to Mr. Lockwood and the other $10.00 applied in reduction of seed grain indebtedness. Mr. Davey should then be asked to assume responsibility for whatever seed grain indebtedness remains unpaid.

Sir:

With reference to the homestead entry granted Mr.Joseph Davey for the South East ¼ of Section 17 Township 28 Range 8 West of the 4th Meridian, I beg to state that the improvements placed upon the land and valued at $15.00 by a Homestead Inspector would appear to have been the property of the former entrant, Mr.Alfred S. Lockwood, and who would be entitled to a refund of the Inspector's valuation.

The original entrant, Mr. Frederick Coe was indebted to the Department in the sum of $49.00 and interest for Seed Grain furnished. The Inspector's valuation of the improvements being $ 0.00, paid by Mr. Lockwood, is being applied on account of Mr. Coe's indebtedness leaving a balance due the Department for principal and interest of $20.03.

It was previously decided that Mr. Davey would require to assume the Seed Grain indebtedness and that he would be required to pay the balance of the indebtedness remaining unpaid, after the land in addition to the value of the improvements.

Mr. Davey

The Agent of Dominion Lands,
Calgary, Alberta.

Mr. Davey has made payment, in all of $25.00 on account of improvements, of which sum it would appear that $10.00 could be transferred to the account in connection with the Seed Grain indebtedness. This would leave a balance owing by Mr. Davey of $10.03 on account of Seed Grain, and you should call upon him to remit the amount involved within 30 days.
